The Strange Case Of Dr Terry And Mr Chimes

Randal Doane

The Strange Case Of Dr Terry And Mr Chimes:

The Strange Case of Dr Terry and Mr Chimes Terry Chimes, 2014 The Strange Case of Dr Terry and Mr Chimes is an autobiography with a difference It covers the life of a man who appears to many to be a dual personality Surely the crazy muso bashing the drums in a succession of punk and heavy metal rock bands couldn't possibly be the same person as the one offering kind words of wisdom and compassion to the sick Yet that is the unusual transition made by the author The book includes dozens of true stories ranging from wild antics on the road with a touring rock band to the challenges of carving out an entirely new career

The punk rock politics of Joe Strummer Gregor Gall, 2022-06-28 Joe Strummer was one of the twentieth century's iconic rock n roll rebels As frontperson spokesperson and chief lyricist for The Clash he played a major role in politicising a generation through some of the most powerful protest songs of the era songs like White Riot English Civil War and London Calling At the heart of this protest was the struggle for social justice and equality The punk rock politics of Joe Strummer examines Strummer's beliefs on a range of issues including socialism alienation exploitation multiculturalism and humanism analysing their credibility influence and impact and asking where they came from and how they developed over time Drawing on Strummer's lyrics various interviews and bootleg recordings as well as interviews with those he inspired The punk rock politics of Joe Strummer takes the reader on a journey through the political influences and motivations that defined one of the UK's greatest punk icons

The Clash Sean Egan, 2014-11-06 When considered in a broader social context The Clash stand as one of the most important musical acts in rock history Original punks who transcended the music's minimalist origins The Clash lived and breathed the idea that they could change the world with their art In *The Clash The Only Band That Mattered* respected music critic Sean Egan examines The Clash's career and art through the prism of the uniquely interesting and fractious UK politics of the 1970s and 80s without which they simply would not have existed Tackling such subjects as The Clash's self-conscious tussles with their record label the accusations of selling out that dogged their footsteps their rivalry with the similarly leaning but less purist Jam the paradoxical quality of their achieving multiplatinum success and even whether their denunciations of Thatcherism were proven wrong Egan has come up with new insights into a much discussed group Clash fans Clash haters social historians and political students will all find themselves entertained by his thought provoking conclusions

The Clash on the Clash Sean Egan, 2017-11-01 The Clash thought they could change the world They never did but they created some of the greatest rock music of all time in the attempt Clash interviews were mesmerizing Infused with the messianic spirit of punk the Clash engaged with the press like no rock group before or since treating interviews almost as addresses to the nation Their pronouncements were welcomed but were hardly uncritically reported The Clash's back pages are voluminous crackle with controversy and constitute a snapshot of a uniquely thoughtful and fractious period in modern history Included in this compendium are the Clash's encounters with the most brilliant music writers of their time including Lester Bangs Nick Kent Mikal Gilmore Chris Salewicz

Charles Shaar Murray Mick Farren Kris Needs and Lenny Kaye Whether it be their audience with the mainly simpatico likes of punk fanzine Sniffin Glue their testy encounters with the correspondents of pious UK weeklies like New Musical Express Melody Maker and Sounds or their friendlier but no less eyebrow raising conversations with US periodicals like Creem and Rolling Stone the Clash consistently created copy that lived up to their sobriquet The Only Band That Matters Stealing All Transmissions Randal Doane, 2014-10-15 Stealing All Transmissions is a love story It s the story of how The Clash fell in love with America and how America loved them back The romance began in full in 1977 when select rock journalists and deejays aided the band s quest to depose the rock of indolence that dominated American airwaves This history situates The Clash amid the cultural skirmishes of the 1970s and culminates with their September 1979 performance at the Palladium in New York City This concert was broadcast live on WNEW and it concluded with Paul Simonon treating his Fender bass like a woodcutter s ax This performance produced one of the most exhilarating Clash bootleg recordings and the photo of Simonon s outburst which graced the cover of the London Calling LP was recently deemed the greatest rock n roll photograph of all time That night marked one of the last opportunities for American audiences to see The Clash as a punk band teetering between conviction and uncertainty before they became a seriously brilliant rock group Stealing represents a distinctive take on the history of punk for no other book gives proper attention to the forces of free form radio long form rock journalism or Clash bootleg recordings many of which are now widely available on the web This story which takes its title from the 1981 single Radio Clash includes original interviews with key figures from the New York punk scene This secret history concludes with an analysis of how we listen to music today and its impact on the written word **Shakespeare at the Moment** Albert Bermel, 2000 Cloth Edition This book discusses fifteen plays addressing Shakespeare s experimentation the power and intelligence of his inconsistencies his novel happy endings and ultimately how each comedy can be performed *The Athenaeum* ,1889 **The Country Gentleman** ,1898 The Musician ,1897 Mitteilungen der Padagogischen Arbeitsstellen, Stuttgart, Karlsruhe, Heidelberg ,1950
