The Subversion Of Christianity Jacques Ellul Legacy:

The Subversion of Christianity Jacques Ellul, 2011-06-02 Pointing to the many contradictions between the Bible and the practice of the church Jacques Ellul asserts in this provocative and stimulating book that what we today call Christianity is actually far removed from the revelation of God Successive generations have reinterpreted Scripture and modeled it after their own cultures thus moving society further from the truth of the original gospel The church also perverted the gospel message for instead of simply doing away with pagan practice and belief it reconstituted the sacred set up its own religious forms and thus resacralized the world Ellul develops several areas in which this perversion is most obvious including the church's emphasis on moralism and its teaching in the political sphere The heart of the problem he says is that we have not accepted the fact that Christianity is a scandal we attempt to make it acceptable and easy and thus pervert its true message Ultimately however Ellul remains hopeful For in spite of all that has been done to subvert the message of God the Holy Spirit continues to move in the world Christianity writes Ellul never carries the day decisively against Christ Jacques Ellul Jacob E. Van Vleet, Jacob Marques Rollison, 2020-04-13 Jacques Ellul 1912 1994 was Professor of the History and Sociology of Institutions at the University of Bordeaux A sociologist historian and Protestant lay theologian Ellul is primarily known for his writings on technology propaganda and Christian anarchism He influenced a wide array of thinkers including Ivan Illich William Stringfellow Thomas Merton Paul Virilio and Neil Postman In this book Jacob Van Vleet and Jacob Marques Rollison guide readers through Ellul's most influential theological and sociological writings By understanding Ellul's primary works readers will be able to clearly grasp his social theory and theological ethics profiting from his deep insight and prophetic wisdom **The Legacy of Jihad** Andrew G. Bostom, M.D., 2010-12-29 This book reveals how for well over a millennium and across three continents Asia Africa and Europe non Muslims who were vanquished by jihad wars became forced tributaries called dhimmi in Arabic in lieu of being slain Under the dhimmi religious caste system non Muslims were subjected to legal and financial oppression as well as social isolation Extensive primary and secondary source materials many translated here for the first time into English are presented making clear that jihad conquests were brutal imperialist advances which spurred waves of Muslims to expropriate a vast expanse of lands and subdue millions of indigenous peoples Finally the book examines how jihad war as a permanent and uniquely Islamic institution ultimately regulates the relations of Muslims with non Muslims to this day Scholars educators and interested lay readers will find this collection an invaluable resource

Jesus and Marx Jacques Ellul, 2012-03-01 At what point does a theology become an ideology How can a Christian distinguish the two Jacques Ellul has always taken pains to differentiate them but in this book he provides both a theoretical framework and important examples Some popular theologies particularly those that attempt to intertwine biblical theology with Marxist thought fall into the trap of reaching theological conclusions by other means Ellul believes so that we cannot consider them as true theologies From both a biblical theological and sociopolitical perspective Ellul examines the attempt to

relate Christianity to Marxist thought By reviewing in detail several key Marxist Christian books Ellul exposes the weaknesses of so called Marxist Christianity which he says is neither Marxist nor Christian and argues that the biblical perspective takes exception to all political power leaving Christian anarchism as the realistic revolutionary option The preface by translator Joyce Main Hanks provides an excellent introduction to the book showing how it fits into Ellul s thought and how it relates to Ellul s previous work

Can the West Be Converted? Jean-Georges Gantenbein,2021-11-04 Rather than reconsidering contemporary culture in light of secularization much of the western church operates with a degree of nostalgia She has yet to fully embrace prospective innovative models for what form her task might take in some of Christianity s historic heartlands Amidst rapidly declining church membership contextualizing the Gospel for the contemporary West is an urgent task for churches and Christians living in this context This book seeks an interdisciplinary international and ecumenical response to this challenge uniting historical sociological theological and missiological perspectives Benefiting from recent studies in sociology of religion Dr Gantenbein offers several detailed contextual case studies before establishing correlations between western cultural religious characteristics and corresponding theological affirmations This study includes several unexpected dimensions including the development of a theological aesthetic in tension with the typically Word alone tradition of Protestantism a constructive reading of the book of Revelation as a source for contemporary aesthetic missiology reflections on a soteriology for the postmodern era and a proposal for an anonymous ecclesiology within a European context where churches are viewed with growing suspicion With rare perspicacity Gantenbein s study creatively calls churches to apply renewed intellectual rigor in faithfulness to their common purpose

The Rise and Fall of Christian Ireland Crawford Gribben,2021 The Irish experience of Christianity has never been simple or uncomplicated Here Crawford Gribben describes the ancient emergence long dominance sudden division and recent decline of Ireland s most important religion as a way of telling the history of the island and its peoples from earliest times to the present day

Illusions of Freedom Jeffrey M. Shaw,2014-06-02 Illusions of Freedom examines the opinions and ideas of two twentieth century writers Thomas Merton a Catholic monk living in the United States and Jacques Ellul a French Protestant Contemporaries they never met or corresponded with each other but their critique of the influence that technology was beginning to have on the human condition is strikingly similar Both Merton and Ellul drew upon the ideas of others in formulating their worldview to include Karl Barth Soren Kierkegaard Aldous Huxley and Karl Marx Jeffrey Shaw examines the influence that these other philosophers had on Merton and Ellul as they formulated their own ideas on technology s impact on freedom Tracing the similarities and in some cases the differences between their critiques of technology and the idea that progress is always to be seen as something inherently good one finds that they bring a unique perspective to the debate and offer readers an alternative avenue for reflecting on the meaning of technology and its impact on our lives in the twenty first century
