The Tasks Of Philosophy Volume 1 Selected Essays:

The Tasks of Philosophy Alasdair MacIntyre, 2006 In this volume first published in 2006 Alasdair MacIntyre examines some fundamental philosophical questions in this first of two volumes of selected essays *Selected Essays* Alasdair C. MacIntyre, 2006 This volume presents 10 of MacIntyre's most influential essays written over almost 30 years They range over such topics as the issues raised by different types of relativism and what it is about human beings that cannot be understood by the natural sciences

The Tasks of Philosophy: Volume 1 Alasdair MacIntyre, 2006-06-08 How should we respond when some of our basic beliefs are put into question What makes a human body distinctively human Why is truth an important good These are among the questions explored in this 2006 collection of essays by Alasdair MacIntyre one of the most creative and influential philosophers working today Ten of MacIntyre's most influential essays written over almost thirty years are collected together here for the first time They range over such topics as the issues raised by different types of relativism what it is about human beings that cannot be understood by the natural sciences the relationship between the ends of life and the ends of philosophical writing and the relationship of moral philosophy to contemporary social practice They will appeal to a wide range of readers across philosophy and especially in moral philosophy political philosophy and theology *The Tasks of Philosophy: Selected essays* Alasdair C. MacIntyre, 2006

Aristotelian Philosophy Kelvin Knight, 2013-05-30 Aristotle is the most influential philosopher of practice and Knight's new book explores the continuing importance of Aristotelian philosophy First it examines the theoretical bases of what Aristotle said about ethical political and productive activity It then traces ideas of practice through such figures as St Paul Luther Hegel Heidegger and recent Aristotelian philosophers and evaluates Alasdair MacIntyre's contribution Knight argues that whereas Aristotle's own thought legitimated oppression MacIntyre's revision of Aristotelianism separates ethical excellence from social elitism and justifies resistance With MacIntyre Aristotelianism becomes revolutionary MacIntyre's case for the Thomistic Aristotelian tradition originates in his attempt to elaborate a Marxist ethics informed by analytic philosophy He analyses social practices in teleological terms opposing them to capitalist institutions and arguing for the cooperative defence of our moral agency In condensing these ideas Knight advances a theoretical argument for the reformation of Aristotelianism and an ethical argument for social change

Spirit and Method Edwin Rodriguez-Gungor, 2023-12-14 This book offers a generative and hospitable theological methodology rooted in the distinctives of pentecostal spirituality enlivened by a Spirited imagination and opened toward critical constructive and conciliatory dialogue with the wider Christian tradition This inter and cross disciplinary work is careful yet generous drawing together of knowledge and wisdom from different domains historical philosophical and theological in ways recognizably pentecostal and effectively missional The book begins with a description of the essence of pentecostal spirituality that holds true across the various pentecostalsisms Drawing largely on an innovative engagement with the insights of Rudolph Otto and an exploration of the dialectic between religious experience and

theological development this book contends for an identifiable but mysterious something that makes pentecostalism truly pentecostal that is something more than one might sum up in any set of peculiar practices beliefs or behaviors The book also provides an overview of the intellectual history of English speaking pentecostalism specifying and assessing the movement s major philosophical underpinnings and socio cultural motivations Finally funded by an explicitly pentecostal metaphysics the book sets forth a significant and boldly original pneumatological theological methodology shaped by discerning conversation with the works of Amos Yong L William Oliverio Jr Wolfgang Vondey and Simo Frestadius among others **Reading**

Alasdair MacIntyre's After Virtue Christopher Stephen Lutz, 2012-04-05 After Virtue is a watershed in MacIntyre s career It follows his emergence from Marxism but draws on Marxist sources and arguments It precedes his move to Thomism but already draws on Augustine and Aquinas Because of its watershed nature it has gained a wide readership in various fields but it treats a variety of issues in ways that are unfamiliar either to Marxists schooled in the social sciences or to Thomists schooled in medieval metaphysics Reading Alasdair MacIntyre s After Virtue provides a commentary that will be accessible to students valuable to scholars and useful to teachers Students will find help to navigate the two main arguments of After Virtue to understand its interpretation of history and to engage its proposal for a form of ethics and politics that returns to the tradition of the virtues Scholars will find the book useful as a general guide to MacIntyre s ethics Teachers will find a book that can help to direct their students reading and keep classroom discussions focused on the book s central concerns

The Book of Proverbs and Virtue Ethics Arthur Jan Keefer, 2020-11-05 In this book Arthur Keefer offers a new interpretation of the book of Proverbs from the standpoint of virtue ethics Using an innovative method that bridges philosophy and biblical studies he argues that much of the instruction within Proverbs meets the criteria for moral and theological virtue as set out in Aristotle s Nicomachean Ethics and the works of St Thomas Aquinas Keefer presents the moral thought of Proverbs in its social historical and theological contexts He shows how these contexts shed light on the conceptualization of virtue the virtues that are promoted and omitted and the characteristics that make Proverbs a distinctive moral tradition In giving undivided attention to biblical virtue this volume opens the way for new avenues of study in biblical ethics including law narrative and other aspects of biblical instruction and wisdom *Pentecostal Rationality* Simo

Frestadius, 2019-11-14 This book not only articulates a tradition specific Pentecostal rationality of Biblical Pragmatism but also provides the first intellectual history of a major British classical Pentecostal denomination the Elim Pentecostal Church Pentecostal theologians increasingly acknowledge that their theological methodology should be informed by a Pentecostal rationality epistemology and theological hermeneutics Simo Frestadius offers such a Pentecostal rationality from a Foursquare perspective Frestadius first analyses and evaluates some of the main contemporary Pentecostal rationalities and epistemologies to date with a particular emphasis on the works of Amos Yong and James K A Smith and L William Oliverio Jr before proposing that Alasdair MacIntyre s tradition focused and historically minded narrative approach is conducive in

providing a more tradition constituted Pentecostal rationality Utilising the methodological insights of MacIntyre the book then provides a philosophically informed historical narrative of a major British Pentecostal tradition namely the Elim Foursquare Gospel Alliance by exploring its underlying context and roots as a classical Pentecostal movement its emergence as a religious tradition and its two major epistemological crises Based on this historical narration and analysis it is argued that Elim s tacit Pentecostal rationality is best defined as Pentecostal Biblical Pragmatism in a Foursquare Gospel framework This form of rationality is then developed vis vis Elim s Pentecostal concept of truth biblical hermeneutics and pragmatic epistemic justification in dialogue with William P Alston In doing the above the book not only articulates a tradition specific Pentecostal rationality of Biblical Pragmatism but also provides the first intellectual history of a major British classical Pentecostal denomination George Eliot and Money Dermot Coleman,2014-04-24 This book examines George Eliot s understanding of money and economics within the context of the ethics of economics in nineteenth century England
