The Speech Of The Grail:

Speech of the Grail Linda Sussman,1995-06 In *Speech of the Grail* storyteller and ceremonialist Linda Sussman explores a new way to speak one that heals and transforms She takes for her guide Wolfram von Eschenbach s epic tale of the Grail showing how it depicts a path of initiation toward healing speech to doing the truth in word and action The Grail The word stirs a deep response in the Western imagination Joseph Campbell called the medieval stories where it is first mentioned the founding myth of Western civilization because according to this mythology there is no fixed law no established knowledge of god set up by prophets or priests that can stand against the revelation of a life lived with integrity in the spirit of its own brave truth Campbell and many other scholars artists and seekers have seen the Western wisdom path disclosed in the image of each knight entering the forest where no one else has made a path The quest is to recover the elusive Grail thereby returning its sustenance to the world The presence of the Grail nurtures an invisible web of relationships that connect individual destiny to service of others and to the earth thereby granting meaning Linda Sussman from her introduction Sussman begins with a beautiful retelling of the story allowing readers to inwardly reproduce the potent inner images of the text Then she shows that it is not so much a path toward perfection as a recovery of the proper relationship with our own imperfections She shows too that it is a path in which male and female aspects work together to overcome evil The

Speech of the Grail Linda Sue Sussman,1992 A re telling of Wolfram s story is interspersed with two modes of commentary Following each chapter retold from Wolfram are 1 interpretation of major theses and motifs chosen for their contribution to the psycho spiritual aspects of initiation in general which pertain to healing speech and 2 an improvisational amplification of processes specifically related to language speaking and self awareness of the speaker suggested by the themes and motifs
