

THE STYLE OF CONNECTEDNESS

Gravity's Rainbow and Thomas Pynchon

THOMAS MOORE

The Style Of Connectedness Gravitys Rainbow And Thomas Pynchon

Samuel Thomas

The Style Of Connectedness Gravity's Rainbow And Thomas Pynchon:

The Style of Connectedness Thomas Moore, 1987 Thomas Pynchon's *Gravity's Rainbow* arguably one of the greatest works of fiction in this century has often been considered despairing absurdist or nihilistic. Now in a monumental effort to make Pynchon's work more accessible, Thomas Moore surveys all the major and often confusing backgrounds in *Gravity's Rainbow* from archaic myths to quantum physical theory from romantic thought to rocket technology from seventeenth century Puritanism through the ideas of Weber, Jung and Marshall McLuhan to the worlds of Weimar and Hollywood movies to help Pynchon's reader understand the weird, frightening, funny, lyrical, surreal and ultimately hopeful cosmos of Pynchon's fictions. By exploring the novel's internal strategies and its brilliant integrations of background information, Moore illustrates how *Gravity's Rainbow* remains movingly humane as its author, the agonized mediator of a bewildering field of cultural information, remains excruciatingly sensitive to every human image and gesture searching for the chances for love and connection that still hide in the vast designs of things. The reader of Moore's work should emerge with a thorough appreciation of Pynchon's unique style, of his optimism, of his intense moralism and of the justness of the widespread claim that Pynchon is the most brilliant encyclopedic writer of fiction since Joyce. **Gravity's Rainbow, Domination, and Freedom** Luc Herman, Steven C. Weisenburger, 2013 Herman and Weisenburger put the novel's abiding questions about freedom in context with sixties struggles against war, restricted speech rights, ethnic racial oppression, environmental degradation and subtle new means of social and psychological control. **The Cambridge Companion to Thomas Pynchon** Inger H. Dalsgaard, Luc Herman, Brian McHale, 2012 This essential Companion to Thomas Pynchon provides all the necessary tools to unlock the challenging fiction of this postmodern master. [A Gravity's Rainbow Companion](#) Steven C. Weisenburger, 2011-03-15 Adding some 20 percent to the original content, this is a completely updated edition of Steven Weisenburger's indispensable guide to Thomas Pynchon's *Gravity's Rainbow*. Weisenburger takes the reader page by page, often line by line, through the welter of historical references, scientific data, cultural fragments, anthropological research, jokes and puns around which Pynchon wove his story. Weisenburger fully annotates Pynchon's use of languages ranging from Russian and Hebrew to such subdialects of English as 1940s street talk, drug lingo and military slang, as well as the more obscure terminology of black magic, Rosicrucianism and Pavlovian psychology. The Companion also reveals the underlying organization of *Gravity's Rainbow*, how the book's myriad references form patterns of meaning and structure that have eluded both admirers and critics of the novel. The Companion is keyed to the pages of the principal American editions of *Gravity's Rainbow*: Viking Penguin 1973, Bantam 1974 and the special repaginated Penguin paperback 2000 honoring the novel as one of twenty Great Books of the Twentieth Century. *Thomas Pynchon and the Dark Passages of History* David Cowart, 2012-01-15 Thomas Pynchon helped pioneer the postmodern aesthetic. His formidable body of work challenges readers to think and perceive in ways that anticipate with humor, insight and cogency much that has emerged in

the field of literary theory over the past few decades For David Cowart Pynchon s most profound teachings are about history history as myth as rhetorical construct as false consciousness as prologue as mirror and as seedbed of national and literary identities In one encyclopedic novel after another Pynchon has reconceptualized historical periods that he sees as culturally definitive Examining Pynchon s entire body of work Cowart offers an engaging metahistorical reading of V an exhaustive analysis of the influence of German culture in Pynchon s early work with particular emphasis on Gravity s Rainbow and a critical spectroscopy of those dark stars Mason Dixon and Against the Day He defends the California fictions The Crying of Lot 49 Vineland and Inherent Vice as roman fleuve chronicling the decade in which the American tapestry began to unravel Cowart ends his study by considering Pynchon s place in literary history Cowart argues that Pynchon has always understood the facticity of historical narrative and the historicity of storytelling not to mention the relations of both story and history to myth Thomas Pynchon and the Dark Passages of History offers a deft analysis of the problems of history as engaged by our greatest living novelist and argues for the continuity of Pynchon s historical vision *The New Pynchon Studies* Joanna Freer,2019-05-09 The essays in this collection are at the forefront of Pynchon studies representing distinctively twenty first century approaches to his work Feminism and the Postmodern Impulse Magali Cornier Michael,Margaret Atwood,1996-01-01 Michael analyzes the intersections between feminist politics and postmodern aesthetics as demonstrated in recent Anglo American fiction While much has been written on various aspects of postmodernism and postmodern fiction and of feminism and feminist fiction very little attention has been given to the postmodern aesthetic strategies that surface in post World War II feminist fiction Feminism and the Postmodern Impulse examines ways in which many widely read and acclaimed novels with feminist impulses engage and transform subversive aesthetic strategies usually associated with postmodern fiction to strengthen their feminist political edge The author discusses many examples of recent feminist postmodern fiction and explores in greater depth Doris Lessing s The Golden Notebook Marge Piercy s Woman on the Edge of Time Margaret Atwood s The Handmaid s Tale and Angela Carter s Nights at the Circus She shows that feminist postmodern fiction s emphasis on the material historical situation the link to activist politics and commitment to enacting concrete changes in the world and thus the need to reach a large reading public often results in a blending and transformation of postmodern and realist aesthetic forms Moreover feminist fiction uses deconstructive strategies not only to disrupt the status quo but also to create a space for reconstruction particularly of recreating new forms of female subjectivities and feminist aesthetics Double Reading Jeffrey T. Nealon,2019-05-15 Deconstruction it seems is dead Its death according to Jeffrey T Nealon is commonly attributed either to suicide a direct result of its own decline into a formalism it was supposed to remedy or to murder at the hands of the New Historicists Looking beyond its presumed demise Nealon sees its insights as continuing to figure importantly in postmodernist critical debates The Cruft of Fiction David Letzler,2017-06 A 2017 Choice Outstanding Academic Title What is the strange appeal of big books The mega novel a genre

of erudite tomes with encyclopedic scope has attracted wildly varied responses from fanatical devotion to trenchant criticism. Looking at intimidating mega novel masterpieces from *The Making of Americans* to *2666*, David Letzler explores reader responses to all the seemingly random, irrelevant, pointless, and derailing elements that comprise these mega novels' elements that he labels *cruff*, after the computer science term for junk code. In *The Cruft of Fiction*, Letzler suggests that these books are useful tools to help us understand the relationship between reading and attention. While mega novel text is often intricately meaningful or experimental, sometimes it is just excessive and pointless. On the other hand, mega novels also contain text that, though appearing to be *cruff*, turns out to be quite important. Letzler posits that this *cruff* requires readers to develop a sophisticated method of attentional modulation, allowing one to subtly distinguish between text requiring focused attention and text that must be skimmed or even skipped to avoid processing failures. *The Cruft of Fiction* shows how the attentional maturation prompted by reading mega novels can help manage the information overload that increasingly characterizes contemporary life.

Pynchon and the Political Samuel Thomas, 2010-04-02 Thomas Pynchon's writing has been widely regarded as an exemplary form of postmodern fiction. It is characterized as genre-defying and enigmatic, as a series of complex and esoteric language games. This study attempts to demonstrate, however, that an oblique yet compelling sense of the political Pynchon disappears all too easily under the mantle of postmodernity. Innovative and unsettling discussions of freedom, war, labour, poverty, community, democracy, and totalitarianism are passed over in favour of constrictive scientific metaphors and theoretical play. Against this current, this study analyses Pynchon's fiction in terms of its radical dimension, showing how it points to new directions in the relationship between the political and the aesthetic.

Embark on a transformative journey with is captivating work, **The Style Of Connectedness Gravitys Rainbow And Thomas Pynchon** .
