conflict **The Origins of Violence** John Docker,2008-08-20 Genocide is commonly understood to be a terrible aberration in human behaviour performed by evil murderous regimes such as the Nazis and dictators like Suharto and Pinochet John Docker argues that the roots of genocide go far deeper into human nature than most people realise Genocide features widely in the Bible the literature of ancient Greece and Rome and debates about the Enlightenment These texts are studied in depth to trace the origins of violence through time and across civilisations Developing the groundbreaking work of Raphael Lemkin who invented the term genocide Docker guides us from the dawn of agricultural society through classical civilisation to the present showing that violence between groups has been integral to all periods of history This revealing book will be of great interest to those wishing to understand the roots of genocide and why it persists in the modern age [A World Without Jews](#) Alon Confino,2014-04-15 This penetrating new assessment of the burning of the Hebrew Bible by the Nazis on November 9 1938 explores how the Germans came to conceive of the idea of Germany without the Jews which required that both Jews and Judaism be erased from Christian history [Medieval Communities and the Mad](#) Aleksandra Nicole Pfau,2025-10-01 The concept of madness as a challenge to communities lies at the core of legal sources Medieval Communities and the Mad Narratives of Crime and Mental Illness in Late Medieval France considers how communal networks ranging from the locale to the realm responded to people who were considered mad The madness of individuals played a role in engaging communities with legal mechanisms and proto national identity constructs as petitioners sought the king's mercy as an alternative to local justice The resulting narratives about the mentally ill in late medieval France constructed madness as an inability to live according to communal rules Although such texts defined madness through acts that threatened social bonds those ties were reaffirmed through the medium of the remission letter The composers of the letters presented madness as a communal concern situating the mad within the household where care could be provided Those considered mad were usually not expelled but integrated often through pilgrimage surveillance or chains into their kin and communal relationships
