A philosophy of human hope J.J. Godfrey,1987-03-31 The aim of this book is to outline a general theory of hope to explore its structure forms goals reasonableness and implications and to trace the implications of such a theory for atheism or theism It offers a systematic analysis but one worked out in dialogue with Ernst Bloch Immanuel Kant and Gabriel Marcel

Resistant Hope Elaine G. Siemsen,2008-08-04 Many books on the market are designed to help us through times of suffering They all offer answers and proposals for why we suffer for what purpose is to be found in this experience and for how can we go forward after our life has been shattered Most approach the subject from the perspective of defending God Historically the great and not so great thinkers of the Christian community have demanded that followers not blame God for their suffering or hold God responsible for the pain that they have experienced Others have taught that God sends and uses pain to correct the wandering wayward believer I have found that the majority of these answers leave readers without hope Through several years of teaching about suffering and a concept in Christian theology called theodicy and through listening to the personal stories told through anger and tears I have struggled to recover teachings that open our hearts to God s promised hope Resistant Hope is the result of my faith journey This book does not set out to defend God God does not need my defense Resistant Hope is about how God works alone and through us to teach us to fight back when we stand at the abyss of despair Resistant Hope is a pathway to finding hope in the midst of the pain of daily life and at the moments of greatest grief and sorrow
