Women and Society in Greek and Roman Egypt Jane Rowlandson, Roger S. Bagnall, 1998-11-26 The period of Egyptian history from its rule by the Macedonian Ptolemaic dynasty to its incorporation into the Roman and Byzantine empires has left a wealth of evidence for the lives of ordinary men and women Texts often personal letters written on papyrus and other materials objects of everyday use and funerary portraits have survived from the Graeco Roman period of Egyptian history But much of this unparalleled resource has been available only to specialists because of the difficulty of reading and interpreting it Now eleven leading scholars in this field have collaborated to make available to students and other non specialists a selection of over three hundred texts translated from Greek and Egyptian as well as more than fifty illustrations documenting the lives of women within this society from queens to priestesses property owners to slave girls from birth through motherhood to death Each item is accompanied by full explanatory notes and bibliographical references **Women**

Women in the New Testament World Susan E. Hylen, 2018-10-01 Readers of the New Testament notice varying ideas about women Some women are submissive and silent others have titles of leaders or speak with approval In this book Susan Hylen guides readers through new interpretations of this evidence She argues that women in the culture enacted feminine virtues in a variety of ways including active leadership in their communities

Novel Perspectives on Communication Practices in Antiquity, 2022-11-14 Documentary texts are vital to our understanding of many aspects of the ancient world such as its administration education and economy The value of these texts goes even further however being autographs they directly testify to ancient communication practices a field of study which so far has remained underexplored In this volume specialists in the field engage with a broad range of documentary sources They discuss not only how various modes of communication such as language handwriting and lay out are employed in specific contexts of writing but also how these different modes are interrelated Building on insights from contemporary social semiotic theory the volume makes a case for the establishment of historical social semiotics as a discipline

the incorporation of the bioarchaeological perspective makes this work a unique and innovative study Children in Antiquity provides an invaluable and unrivalled resource for anyone working on all aspects of the lives and deaths of children in the ancient Mediterranean world *The Journal of Egyptian Archaeology* ,2003 Alexandria, Real and Imagined Anthony Hirst,Michael Stephen Silk,2004 The contributors to this study examine the impact the Greeks had on Egyptian culture and society in the aftermath of the founding of Alexandria The consequences of Greek influence were enormous Trade and commerce flourished and art and science were served by the famous library American Journal of Philology ,2001

Daughters of Gaia Bella Vivante,2007 From their personal lives at home to their roles in the realms of religion health economics governance war philosophy and poetry this is the story of ancient women in all their aspects Vivante explores women s lives in four ancient civilizations of the Mediterranean Egypt Mesopotamia Greece and Rome While the experiences of women in ancient cultures were certainly very different from those of most women today a tendency to focus too much on negative or restrictive images has until now provided readers with a rather incomplete picture Looking at this important era from a female oriented perspective Vivante widens the perceptual lens and makes it possible to highlight the fundamental empowered aspects of women s activities in order to present them in balance with the various limits imposed on their societal participation Beginning with powerful images of goddesses and women s roles in the religious sphere Vivante details the foundation for women s activities in all other social realms While these four Mediterranean civilizations were distinctive they also influenced each other through various forms of contact trade colonization and war Both the similarities and the differences permit richer comparisons and promote a deeper understanding of the lives of women in each Rocznik Papirologii Prawniczej ,1998 **Oral Tradition** ,2001 **The Lord's Prayer in the Early Church** Roy Hammerling,2010-09-15 The Lord s Prayer is arguably the most important prayer in Christianity Still exactly how the prayer developed in the life of the early church has remained hidden in ancient manuscripts Hammerling s thorough and ground breaking examination of these works reveals that early authors enthusiastically expounded upon its power and mystery claiming that the prayer uttered by Christ belonged at the core of Christian ritual and beliefs Many early church writers labeled it a perfect summary of the gospel and joyously referred to it as a pearl of great price and worth **The Gospel of Mary of Magdala** Karen L. King,2003 Lost for more than fifteen hundred years the Gospel of Mary is the only existing early Christian gospel written in the name of a woman Karen L King tells the story of the recovery of this remarkable gospel and offers a new translation This brief narrative presents a radical interpretation of Jesus teachings as a path to inner spiritual knowledge It rejects his suffering and death as a path to eternal life and exposes the view that Mary Magdalene was a prostitute for what it is a piece of theological fiction The Gospel of Mary of Magdala offers a glimpse into the conflicts and controversies that shaped earliest Christianity **Elenchus of Biblica** Maria J. Schoenmaeckers,Robert Althann,2004-12-20 Le 23 novembre 1964 jour de la promulgation de Lumen Gentium la constitution dogmatique sur l Eglise

marque un événement c'est la première fois dans l'histoire de l'Eglise qu'une assemblée de la Sainte Eglise s'exprime solennellement sur la vie consacrée. Le sixième chapitre de la constitution traite de la signification et de l'essence de la vie religieuse la reliant au mystère de l'Eglise, peuple de Dieu. Ce texte conciliaire présente la vie religieuse comme un état canonique celui du chrétien qui tend dans un institut de perfection à la charité parfaite et consacre sa vie à Dieu et aux hommes par la profession des conseils évangéliques de chasteté, pauvreté et obéissance. De toute évidence, cette déclaration doctrinale est importante pour l'Eglise et pour le développement de la vie consacrée dans l'Eglise. En lisant *Lumen Gentium*, on est assez vite frappé par le début abrupt du sixième chapitre sur les religieux car tous les autres chapitres s'ouvrent par une brève introduction. Cependant, on ne peut détacher ce chapitre de ce qui a été dit précédemment sur la vocation universelle à la sainteté. En fait, l'histoire du texte fait clairement ressortir le lien qui unit ces chapitres.

A Yale Papyrus (P Yale III 137) in the Beinecke Rare Book and Manuscript Library III Paul Schubert, Beinecke Rare Book and Manuscript Library, 2001. This papyrus is a return of taxable private land for the village of Philadelphia dating from 216-217 CE. The register divided into three parts includes five entries of Alexandrian officials followed by a dozen entries recording local magistrates and people of archon rank and finally a list of all the private land owners in alphabetical order. The document assesses the amount of land retained by individuals in the village the basis for which contributions to the armies of Emperor Caracalla were determined. In addition to a physical description of the papyrus, this volume includes a discussion of the historical background and socioeconomic significance of the lists.
