The Uses Of The Past In The Early Middle Ages

Katrin Zwirgmaier

The Uses Of The Past In The Early Middle Ages:

The Uses of the Past in the Early Middle Ages Yitzhak Hen, Matthew Innes, 2000-06-08 This is the first book to investigate how people in the early middle ages used the past to legitimate the present to understand current events and as a source of identity Each essay examines the mechanisms by which ideas about the past were sometimes subtly reshaped for present purposes

Alexander the Great in the Roman Empire, 150 BC to AD 600 Jaakkojuhani Peltonen, 2019-03-13 The life of Alexander the Great began to be retold from the moment of his death The Greco Roman authors used these stories as exemplars in a variety of ways This book is concerned with the various stories of Alexander and how they were used in antiquity to promote certain policies religious views and value systems The book is an original contribution to the study of the history and reception of Alexander analysing the writings of over 70 classical and post classical authors during a period of over 700 years Drawing on this extensive range and quantity of material the study plots the continuity and change of ideas from the early Roman Empire to the early Middle Ages

Cultures of Eschatology Veronika Wieser, Vincent Eltschinger, Johann Heiss, 2020-07-20 In all religions in the medieval West as in the East ideas about the past the present and the future were shaped by expectations related to the End The volumes *Cultures of Eschatology* explore the many ways apocalyptic thought and visions of the end intersected with the development of pre modern religio political communities with social changes and with the emergence of new intellectual and literary traditions The two volumes present a wide variety of case studies from the early Christian communities of Antiquity through the times of the Islamic invasion and the Crusades and up to modern receptions from the Latin West to the Byzantine Empire from South Yemen to the Hidden Lands of Tibetan Buddhism Examining apocalypticism messianism and eschatology in medieval Christian Islamic Hindu and Buddhist communities the contributions paint a multi faceted picture of End Time scenarios and provide their readers with a broad array of source material from different historical contexts The first volume *Empires and Scriptural Authorities* examines the formation of literary and visual apocalyptic traditions and the role they played as vehicles for defining a community s religious and political enemies The second volume *Time Death and Afterlife* focuses on key topics of eschatology death judgment afterlife and the perception of time and its end It also analyses modern readings and interpretations of eschatological concepts

Irenaeus of Sirmium and His Story in the Medieval East and West Marijana Vuković, 2023-12-01 The study of hagiographies has generally been focused on the more prominent saints of late antiquity and the Middle Ages who inspired significant and long lasting veneration However this has caused many less well known saints to be pushed aside and forgotten This book is a study into one such saint Irenaeus a martyr who was killed in 304 CE in Sirmium Pannonia His short lived cult his feast day and the account of his martyrdom which had been translated into Latin Greek Old Slavonic Georgian and Armenian had all been forgotten during the Middle Ages This book examines Irenaeus of Sirmium s life cult sainthood and eventual disappearance from the memory of medieval Christendom in the context of a wider study on the

memory of those less well known saints who like Irenaeus became neglected and eventually forgotten Irenaeus of Sirmium and His Story in the Medieval East and West will be of interest to scholars and students alike interested in hagiography medieval literature and history as well as all those interested in the religious history of Byzantium medieval Europe and the Slavic world Rewriting Saints and Ancestors Constance Brittain Bouchard, 2014-08-14 Thinkers in medieval France constantly reconceptualized what had come before interpreting past events to give validity to the present and help control the future The long dead saints who presided over churches and the ancestors of established dynasties were an especially crucial part of creative memory Constance Brittain Bouchard contends In *Rewriting Saints and Ancestors* she examines how such ex post facto accounts are less an impediment to the writing of accurate history than a crucial tool for understanding the Middle Ages Working backward through time Bouchard discusses twelfth century scribes contemplating the ninth century documents they copied into cartularies or reworked into narratives of disaster and triumph ninth century churchmen deliberately forging supposedly late antique documents as weapons against both kings and other churchmen and sixth and seventh century Gallic writers coming to terms with an early Christianity that had neither the saints nor the monasteries that would become fundamental to religious practice As they met with political change and social upheaval each generation decided which events of the past were worth remembering and which were to be reinterpreted or quietly forgotten By considering memory as an analytic tool Bouchard not only reveals the ways early medieval writers constructed a useful past but also provides new insights into the nature of record keeping the changing ways dynasties were conceptualized the relationships of the Merovingian and Carolingian kings to the church and the discovery or invention of Gaul's earliest martyrs *Using and Not Using the Past after the Carolingian Empire* Sarah Greer, Alice Hicklin, Stefan Esders, 2019-10-16 *Using and Not Using the Past after the Carolingian Empire* offers a new take on European history from c 900 to c 1050 examining the post Carolingian period in its own right and presenting it as a time of creative experimentation with new forms of authority and legitimacy In the late eighth century the Frankish king Charlemagne put together a new empire Less than a century later that empire had collapsed The story of Europe following the end of the Carolingian empire has often been presented as a tragedy a time of turbulence and disintegration out of which the new recognisably medieval kingdoms of Europe emerged This collection offers a different perspective Taking a transnational approach the authors contemplate the new social and political order that emerged in tenth and eleventh century Europe and examine how those shaping this new order saw themselves in relation to the past Each chapter explores how the past was used creatively by actors in the regions of the former Carolingian Empire to search for political legal and social legitimacy in a turbulent new political order Advancing the debates on the uses of the past in the early Middle Ages and prompting reconsideration of the narratives that have traditionally dominated modern writing on this period *Using and Not Using the Past after the Carolingian Empire* is ideal for students and scholars of tenth and eleventh century European history *Churches in Early Medieval Ireland* Tomás

Ó Carragáin,2010 This is the first book devoted to churches in Ireland dating from the arrival of Christianity in the fifth century to the early stages of the Romanesque around 1100 including those built to house treasures of the golden age of Irish art such as the Book of Kells and the Ardagh chalice Carrag in s comprehensive survey of the surviving examples forms the basis for a far reaching analysis of why these buildings looked as they did and what they meant in the context of early Irish society Carrag in also identifies a clear political and ideological context for the first Romanesque churches in Ireland and shows that to a considerable extent the Irish Romanesque represents the perpetuation of a long established architectural tradition

Rome, Ravenna, and Venice, 750-1000 Veronica West-Harling,2020-08-20 The richest and most politically complex regions in Italy in the earliest middle ages were the Byzantine sections of the peninsula thanks to their links with the most coherent early medieval state the Byzantine empire This comparative study of the histories of Rome Ravenna and Venice examines their common Byzantine past since all three escaped incorporation into the Lombard kingdom in the late 7th and early 8th centuries By 750 however Rome and Ravenna s political links with the Byzantine Empire had been irrevocably severed Thus did these cities remain socially and culturally heirs of Byzantium How did their political structures social organisation material culture and identities change Did they become part of the Western political and ideological framework of Italy This study identifies and analyses the ways in which each of these cities preserved the structures of the Late Antique social and cultural world or in which they adapted each and every element available to them to their own needs at various times and in various ways to create a new identity based partly on their Roman heritage and partly on their growing integration with the rest of medieval Italy It tells a story which encompasses the main contemporary narratives documentary evidence recent archaeological discoveries and discussions on art history it follows the markers of status and identity through titles names ethnic groups liturgy and ritual foundation myths representations symbols and topographies of power to shed light on a relatively little known area of early medieval Italian history

History and Memory in the Carolingian World Rosamond McKitterick,2004-07-29 The writing and reading of history in the early Middle Ages form the key themes of this 2004 book The primary focus is on the remarkable manifestations of historical writing in relation to historical memory in the Frankish kingdoms of the eighth and ninth centuries It considers the audiences for history in the Frankish kingdoms the recording of memory in new genres including narrative histories cartularies and Libri memoriales and thus particular perceptions of the Frankish and Christian past It analyses both original manuscript material and key historical texts from the Carolingian period a remarkably creative period in the history of European culture Presentations of the past developed in this period were crucial in forming an historical understanding of the Greco Roman and Judaeo Christian past and in subsequent centuries of early medieval Europe They also played an extraordinarily influential role in the formation of political ideologies and senses of identity within Europe

Orality and Literacy in the Middle Ages Dennis Howard Green,2005 The most important part of the title of this book is the word and These words form the memorable

conclusion to D H Green's study *Medieval Listening and Reading* they encapsulate how in the Middle Ages orality and literacy are not to be considered as two separate and largely unrelated cultures or modes of textual transmission but as elements in a mutual interplay and interpenetration. In this volume scholars from Britain, Germany and North America follow Green's insistence on the conjunction of medieval orality and literacy and show how this approach can open up new areas for investigation as well as help to reformulate old problems. The languages and literatures covered include English, Latin, French, Occitan and German and the essays span the whole of the period from the early Middle Ages through to the fifteenth century.

Studies and Texts, 1955 *Violence in Medieval Europe* Warren C. Brown, 2014-06-11. The European Middle Ages have long attracted popular interest as an era characterised by violence, whether a reflection of societal brutality and lawlessness or part of a romantic vision of chivalry. Violence in Medieval Europe engages with current scholarly debate about the degree to which medieval European society was in fact shaped by such forces. Drawing on a wide variety of primary sources, Warren Brown examines the norms governing violence within medieval societies from the sixth to the fourteenth century over an area covering the Romance and the Germanic speaking regions of the continent as well as England. Scholars have often told the story of violence and power in the Middle Ages as one in which private violence threatened and sometimes destroyed public order. Yet academics are now asking to what degree violence that we might call private, in contrast to the violence wielded by a central authority, might have been an effective social tool. Here Brown looks at how private individuals exercised violence in defence of their rights or in vengeance for wrongs within a set of clearly understood social rules and how, over the course of this period, kings began to claim the exclusive right to regulate the violence of their subjects as part of their duty to uphold God's order on earth. Violence in Medieval Europe provides both an original take on the subject and an illuminating synthesis of recent and classic scholarship. It will be invaluable to students and scholars of history, medieval studies and related areas for the light it casts not just on violence but on the evolution of the medieval political order. *The Haskins Society Journal*, 2007 Domus domini patet figura mysterii Samuel William Collins, 2005 **Hebraic Political Studies**, 2007 **The Journal of Ecclesiastical History** Clifford William Dugmore, 2001 **JEGP, Journal of English and Germanic Philology** Gustaf E. Karsten, 2004 Zwischen Niederschrift und Wiederschrift Richard Corradini, Max Diesenberger, Meta Niederkorn-Bruck, 2010. Beitr. teilw. engl. teilw. dt. teilw. franz. *Denkschriften*, 2002 **The Visigoths in History and Legend** J. N. Hillgarth, 2009. This book explores one of the central myths of Spain: the idea that Spanish culture arose from that of the Visigoths. It begins with a sketch of Visigothic history, then proceeds to explore attitudes towards the Goths and legends and myths that developed around them from late antiquity to the twentieth century. Such ideas proved influential among those who saw the Goths as their spiritual if not literal ancestors. The focus is on the myth of the Goths as expressed in literature of a broadly historical nature; many authors have played a significant role in forming and shaping this myth and thus in shaping the mentality of their contemporaries and descendants. The Gothic myth was of great

use to the different monarchies that succeeded the Goths after the Arabic invasion of 711 Visigothic kings were adopted as models by one age after another from the rudimentary kingdom of Asturias in the ninth century to the world monarchy of Spain under the Catholic Kings and the Habsburgs Over the centuries adroit improvements on history and even outright fabrications influenced the creation of an idealized epic past to which Spaniards look even today This study of the evolution and persistence of the myth of Spain's Gothic roots is essential reading for scholars of Spanish history

The Uses Of The Past In The Early Middle Ages Introduction

In today's digital age, the availability of The Uses Of The Past In The Early Middle Ages books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Uses Of The Past In The Early Middle Ages books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Uses Of The Past In The Early Middle Ages books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Uses Of The Past In The Early Middle Ages versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, The Uses Of The Past In The Early Middle Ages books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Uses Of The Past In The Early Middle Ages books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Uses Of The Past In The Early Middle Ages books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and

researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Uses Of The Past In The Early Middle Ages books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Uses Of The Past In The Early Middle Ages books and manuals for download and embark on your journey of knowledge?

FAQs About The Uses Of The Past In The Early Middle Ages Books

What is a The Uses Of The Past In The Early Middle Ages PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a The Uses Of The Past In The Early Middle Ages PDF?

There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a The Uses Of The Past In The Early Middle Ages PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a The Uses Of The Past In The Early Middle Ages PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats.

How do I password-protect a The Uses Of The Past In The Early Middle Ages PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe

Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
