Farr, 2008-11-07 Virtually every trouble spot on the planet has some sort of religious component One need only consider Iraq and Afghanistan Iran Israel and Palestine Turkey India Pakistan Russia and China to name but a few Looming behind national issues of course is the problem of regional Islamist extremism and transnational Islamist terrorism In all of these sectors religious tensions ideas and actors are of great geo-political importance to the United States Yet argues Thomas Farr our foreign policy is gravely handicapped by an inability to understand the role of religion either nationally or globally There is a strong disinclination in American diplomacy to consider religious factors at all either as part of the problem or part of the solution In this engaging and well written insider account Farr offers a closely reasoned argument that religious freedom the freedom to practice one's own religion in private and in public is an essential prerequisite for a stable durable democratic society If the U.S. wants to foster democracy that lasts he says it must focus on fostering religious liberty especially in its public manifestations properly limited in a way that advances the common good Although we ourselves have developed a remarkably successful model of religious freedom our foreign policy favors an aggressive secularism that is at odds with the American model It is essential says Farr that we take an approach that recognizes the great importance of religion in people's lives **The Catholic Church in State Politics** David A. Yamane, 2005-09-08 What role if any should religion play in politics By what authority and methods does the Catholic Church apply its teachings to public policy discourse How do Bishops and lay leaders work together in Catholic conferences and how do they work with political leaders What impact do they have The political advocacy of the American Catholic Bishops at the state level is one of the Church's best kept secrets In this groundbreaking work David Yamane reveals the rich history accomplishments and challenges of bishops and their lay colleagues in local politics Through sociological analysis up to date examples and personal interviews Yamane explains how the local Catholic advocacy organizations in thirty three states and Washington D.C. negotiate the tension between the prophetic demands of faith and the political realities of secular political institutions *The Catholic Church in State Politics* invites readers to understand better the role of religion in the public square **The Crisis of Authority in Catholic Modernity** Michael J. Lacey, Francis Oakley, 2011-04-06 It is fairly clear that while Rome continues to teach as if its authority were unchanged from the days before Vatican II 1962-65 the majority of Catholics within the first world church at least take a far more independent line and increasingly understand themselves rather than the church as the final arbiter of decision

making especially on ethical questions This collection of essays explores the historical background and present ecclesial situation explaining the dramatic shift in attitude on the part of contemporary Catholics in the U S and Europe

Evangelical Catholicism George Weigel, 2014-04-22 The Catholic Church is on the threshold of a bold new era in its two thousand year history As the curtain comes down on the Church defined by the 16th century Counter Reformation the curtain is rising on the Evangelical Catholicism of the third millennium a way of being Catholic that comes from over a century of Catholic reform a mission centered renewal honed by the Second Vatican Council and given compelling expression by Blessed John Paul II and Pope Benedict XVI The Gospel centered Evangelical Catholicism of the future will send all the people of the Church into mission territory every day a territory increasingly defined in the West by spiritual boredom and aggressive secularism Confronting both these cultural challenges and the shadows cast by recent Catholic history Evangelical Catholicism unapologetically proclaims the Gospel of Jesus Christ as the truth of the world It also molds disciples who witness to faith hope and love by the quality of their lives and the nobility of their aspirations Thus the Catholicism of the 21st century and beyond will be a culture forming counterculture offering all men and women of good will a deeply humane alternative to the soul stifling self absorption of postmodernity Drawing on thirty years of experience throughout the Catholic world from its humblest parishes to its highest levels of authority George Weigel proposes a deepening of faith based and mission driven Catholic reform that touches every facet of Catholic life from the episcopate and the papacy to the priesthood and the consecrated life from the renewal of the lay vocation in the world to the redefinition of the Church's engagement with public life from the liturgy to the Church's intellectual life Lay Catholics and clergy alike should welcome the challenge of this unique moment in the Church's history Weigel urges Mediocrity is not an option and all Catholics no matter what their station in life are called to live the evangelical vocation into which they were baptized without compromise but with the joy courage and confidence that comes from living this side of the Resurrection
