The Visual Culture Of Chabad:

The Visual Culture of Chabad Maya Balakirsky Katz, 2010-10-11 This book is the first full length study of a complex visual tradition associated with the Hasidic movement of Chabad

Studying Hasidism Marcin Wodzinski, 2019-08-09 Studying Hasidism edited by internationally recognized historian of Hasidism Marcin Wodzi ski introduces previously untapped sources such as folklore music or material culture and shows how they can be employed to answer new questions in the history of Hasidism

Fundamentalism Simon A. Wood, David Harrington Watt, 2014-05-26 Essays considering how global fundamentalism influences our understanding of modern Christianity Judaism and Islam Thirty years after the Iranian Revolution and more than a decade since the events of 2001 the time is right to examine what the discourse on fundamentalism has achieved and where it might head from here In this volume editors Simon A Wood and David Harrington Watt offer eleven interdisciplinary perspectives framed by the debate between advocates and critics of the concept of fundamentalism that investigate it with regard to Christianity Islam and Judaism The essays are integrated through engagement with a common selection of texts on fundamentalism and a common set of questions about the utility and disadvantages of the term its varied application by scholars of particular groups and the extent to which the term can encompass a cross cultural set of religious responses to modernity Although the notion of fundamentalism as a global phenomenon dates from around 1980 the term itself originated in North American Protestantism approximately six decades earlier and acquired pejorative connotations within five years of its invention Since the early 1990s however many scholars have endorsed the view that the notion of fundamentalism as relying on literalist interpretations of the scriptures firm commitment to patriarchy or refusal to confine religious matters to the private sphere facilitates our understanding of modern religion by enabling us to identify and label structurally analogous developments in different religions Critics of the term have identified problems with it above all that the idea of global fundamentalism confuses more than it clarifies and unjustifiably overlooks downplays or homogenizes difference more than it identifies a genuine homogeny The editor s rigorous exploration of both the usefulness and the limitations of the concept make it an excellent counterpoint to the many books that have a great deal to say about the former and very little to say about the latter It will also serve as an ideal text for religious studies history and anthropology courses that explore the complex interface between religion and modernity as well as courses on theory and method in religious studies

Eternity Now Wojciech Tworek, 2019-08-01 Demonstrates that Rabbi Shneur Zalman s teachings regarding time and history enabled Habad s growth into a mass Jewish movement The Habad movement formed in eighteenth century Belarus has developed into one of the most influential streams of Hasidic Judaism Drawing on both mystical sermons and legal writings of its founder Rabbi Shneur Zalman of Liady 1745 1812 Eternity Now provides the first account of the historiosophical dimensions of early Habad doctrine Challenging the commonly held view that Shneur Zalman was primarily concerned with supratemporal transcendence Wojciech Tworek reveals the importance of

time and history in his teachings Tworek argues that the worldly dimensions of Shneur Zalman's thought were largely responsible for the rapid growth of Habad at the turn of the nineteenth century and fostered its transformation from an elitist circle into a mass movement Tworek's readings of Hebrew and Yiddish sources demonstrate the implications of these ideas not only for male scholars but also for non scholars Jewish women and even non Jews Philosophical and kabbalistic thought joined together to form a model of religious experience attractive to a broad audience laying an ideological foundation for the missionary messianism that was to become a hallmark of Habad in the twentieth century The description of Shneur Zalman's teachings as a dynamic and often inharmonious body that changes and adjusts according to temporal circumstances is a thoughtful way of approaching the textual mire of Hasidic sources Tworek draws upon various corpora without attempting to systematize the teachings into a coherent theological system revealing their vitality through his analysis of this critical theme
