The Story Web Megan Frazer Blakemore, 2019-06-04 Will enchant your imagination. Erin Entrada Kelly Newbery Medal Winning author. In this moving and magical instant classic, Megan Frazer Blakemore shows how the truths we tell can change the world. When Alice was little, she found a gigantic spider web deep in the forest. Her dad called it the Story Web and told her that its strands are woven from the stories that connect us all. Years later, Alice's dad has gone away and Alice is sure that it's her fault. Now she won't even talk about him and she definitely doesn't believe his far-fetched stories anymore. But when animals in town start acting strangely, she can't ignore them. The Story Web is in danger and the very fabric of our world is breaking. The only way to mend it is to tell honest tales from the heart, even if they are difficult to share. Pick up *The Story Web* if you are looking for stories about storytelling. Heartfelt magical tales. Fun animal characters. Honest conversations about mental health.
