The Way Of Jesus Christ Christology In Messianic Dimensions:

The Way of Jesus Christ Jürgen Moltmann, 1995-08-21 The Way of Jesus Christ discusses the following topics 1 The symbol of the way embodies the aspect of process and brings out christology's alignment towards its goal This symbol can comprehend Christ's way from his birth in the Spirit and his baptism in the Spirit to his self-surrender on Golgotha It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia the way he takes in the Spirit to Israel to the nations and into the breadth and depth of the cosmos 2 The symbol of the way makes us aware that every human christology is historically conditioned and limited Every human christology is a christology of the way not yet a christology of the home country a christology of faith not yet a christology of sight So christology is no more than the beginning of eschatology and eschatology as the Christian faith understands it is always the consummation of christology 3 Finally but not least important every way is an invitation A way is something to be followed The way of Jesus Christ is not merely a christological category It is an ethical category too Anyone who enters upon Christ's way will discover who Jesus really is and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took Christology and christopraxis find one another in the full and completed knowledge of Christ This christology links dogmatics and ethics in closer detail than in the previous volumes **The Hermeneutics of Doctrine** Anthony C.

Thiselton, 2007-11-08 Throughout the book Thiselton shows how perspectives that arise from hermeneutics shed fresh light on theological method reshape horizons of understanding and reveal the relevance of doctrine for formation and for life

Christian Theology in the Pluralistic World Veli-Matti Kärkkäinen, 2019-06-20 Kärkkäinen's acclaimed five-volume constructive theology abridged in one accessible volume Providing a new and unique way of doing theology in our pluralistic world Veli-Matti Kärkkäinen presents historic Christian doctrines in relation to the natural sciences and four other living faiths Judaism Islam Buddhism and Hinduism This textbook covers all systematic topics along with a host of current issues such as violence colonialism inclusivity sociopolitical liberation environmental care and more Accessible and student-friendly Christian Theology in the Pluralistic World is the ideal text for exploring a theological vision at once rooted in the Christian tradition and constructive in its engagement with the complexities of our global pluralistic world *Divine Freedom and the Doctrine of the Immanent Trinity* Paul D. Molnar, 2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar's quest to place the doctrine of the immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar's original presentation of the divine freedom Molnar revisits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He

sheds new light on Rahner's and Torrance's discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard Jüngel's thinking *The Spirit of Liberation* Tae Wha Yoo, 2019-12-30 With this study on Moltmann's pneumatology the author recently obtained the doctor's degree from the Faculty of Theology of the Free University in Amsterdam First of all the book provides us with a thorough evaluation of the role the Holy Spirit plays in the theology of Jürgen Moltmann in its subsequent phases The author's conclusion is that despite all differences there is one constant factor the Spirit is always connected with freedom The Holy Spirit according to Moltmann is a liberating power Because the author is eager to place Moltmann's pneumatology repeatedly in the context of his theology as a whole and of its developments this book offers and that is a second quality an outstanding insight in the whole of Moltmann's theology and its development throughout the years **Variations on the Messianic Theme** Marion Wyse, 2009 After fifty years the Jewish-Christian dialogue has achieved respect and trust but basic disagreement over the Christian designation of Jesus as the Jewish messiah stands Wyse wonders if it is possible to discuss this without annihilating one or the other faith community *Christology in Context* Moly Thomas, 2005 **Jesus Christ, the Ancestor of Humankind** Charles Nyamiti, 2005 **Contextual Christology** L. H. Lalpekhluu, 2007 With reference to Mizoram India

Climate and Christ Edward P. Echlin, 2010 Describes climate change and suggests ways in which people can mitigate it Also describes evolution and proposes that Christian ecology must integrate evolution *A God for this World* Scott Cowdell, 2000 Scott Cowdell is an Anglican priest from South Australia and a previous Principal of St Barnabas Theological College

Jürgen Moltmann James L. Wakefield, 2002-09-26 true theologians are more than good religious managers for their hearts must be in what they are doing Without personal authenticity no one will believe in the truth of their message Jürgen Moltmann from his lecture What is a Theologian at the Pontifical University Maynooth Ireland 1998 Jürgen Moltmann was born into a secular family of teachers in Hamburg in 1926 His plans to study mathematics and physics were interrupted by the destruction of Hamburg in July of 1943 He was one of only a few students serving in the anti-aircraft battery in the central city that survived the Royal Air Force fire storm that killed over 40 000 He spent the next three years as a prisoner of war in labor camps in Belgium and Scotland and finally at Camp Norton near Nottingham in England After devouring every book that crossed his path during captivity he eventually turned to reading the psalms and New Testament These writings soothed his experiences with death his depression and his guilt and ushered along his theology his belief in God and the power of hope Jürgen Moltmann's work sprung from the social and political turmoil in post World War II German culture In this Bibliography the author lists more than twelve hundred sources from Jürgen Moltmann and more than eight hundred significant reviews articles and books on his work He has also included most of the theologian's early writings in either German or English through the year 2001 Besides a foreword and essay by Moltmann this volume includes a bibliographic biography of his life Most of his works are listed by title and first place of publication Also listed are later versions and many

of the translations Translations of Moltmann's major books in as many European languages as possible as well as a list of known dissertations and monographs presented in reverse chronological order for the reader's convenience make for a well rounded work A research index helps the reader find the major pieces for some of Moltmann's *Jewish-Christian Encounters Over the Centuries* Marvin Perry, Frederick M. Schweitzer, 1994 A fascinating fully accessible collection of Christian Jewish dialogic essays originally read at the conference on title jointly sponsored by Manhattan College and Baruch College CUNY and held in March 1989 Among the topics Jesus was a Jew Judaism and early Christianity in light of the Dead Sea Scrolls Paul the Pharisee medieval perceptions of Jews and Judaism the Jews in Reformation theology racial nationalism and the rise of modern antisemitism and the Holocaust and Christian thought No index Annotation copyright by Book News Inc Portland OR

Matthew: The Christbook, Matthew 1-12 Frederick Dale Bruner, 2004 Recognized as a masterly commentary when it first appeared Frederick Dale Bruner's study of Matthew is now available as a greatly revised and expanded two volume work the result of seven years of careful refinement enrichment and updating Through this commentary crafted especially for teachers pastors and Bible students Bruner aims to help God's people love what Matthew's Gospel says but Bruner's work is at once broadly historical and deeply theological It is historical in drawing extensively on great church teachers through the centuries and on the classical Christian creeds and confessions It is theological in that it unpacks the doctrines in each passage chapter and section of the Gospel Consciously attempting to bridge past and present Bruner asks both what Matthew's Gospel said to its first hearers and what it says to readers today As a result his commentary is profoundly relevant to contemporary congregations and to those who guide them Bruner's commentary is replete with lively verse by verse discussion of Matthew's text While each chapter expounds a specific topic or doctrine the book's format consists of a vivid original translation of the text followed by faithful exegesis and critical analysis a survey of historical commentary on the text and current applications of the text or theme under study In this revision Bruner continues to draw on the best in modern scholarship including recent work by W D Davies and Dale C Allison Jr by Ulrich Luz and by many others adding new voices to the reading of Matthew At the same time he cites the classic commentaries of Chrysostom Jerome Augustine Luther Calvin Bengel and the rest who like Bruner himself were not simply doctrinal teachers but also careful exegetes of Scripture Such breadth and depth of learning assure that Bruner's Matthew will remain as a reviewer for Interpretation wrote the most dog eared commentary on the shelf but Volume 1 of Bruner's commentary is called The Christbook because the first twelve chapters of Matthew are focused on the nature and work of Christ As Bruner proceeds through these chapters he shows how Matthew presents step by step central themes of Christology Jesus' coming chapters 1-4 his teaching 5-7 his miracles 8-9 his sermon on mission 10 and his person 11-12 Throughout the book there are also thoughtful discussions of significant topics such as baptism marriage Jewish Christian relations and heaven and hell Eminently readable rich in biblical insight and ecumenical in tone Bruner's two volume commentary on Matthew now stands among the best in the field
