No Longer Strangers Eugene Cho, Samira Izadi Page, 2021-05-04 What does evangelism look like at its best Evangelism can hurt sometimes Well meaning Christians who welcome immigrants and refugees and share the gospel with them will often alienate the very people they are trying to serve through cultural misconceptions or insensitivity to their life experiences In No Longer Strangers diverse voices lay out a vision for a healthier evangelism that can honor the most vulnerable many of whom have lived through trauma oppression persecution and the effects of colonialism while foregrounding the message of the gospel With perspectives from immigrants and refugees and pastors and theologians some of whom are immigrants themselves this book offers guidance for every church missional institution and individual Christian in navigating the power dynamics embedded in differences of culture race and language Every contributor wholeheartedly affirms the goodness and importance of evangelism as part of Christian discipleship while guiding the reader away from the kind of evangelism that hurts toward the kind of evangelism that heals The Modern Theologians David F.

Dialogue Gregory Kramer, 2007-09-11 **Insight** Dialogue is a way of bringing the tranquility and insight attained in meditation directly into your interactions with other people It s a practice that involves interacting with a partner in a retreat setting or on your own as a way of accessing a profound kind of insight Then you take that insight on into the grind of everyday human interactions Gregory Kramer has been teaching the practice which he originated for more than a decade in retreats around the world It s something strikingly new in the world of Buddhist practice yet it s completely grounded in traditional Buddhist teaching Kramer begins with a detailed presentation of the central Buddhist teaching of the Four Noble Truths seen through an interpersonal lens Because dukkha suffering or unsatisfactoriness is often most forcefully felt in our relations with others interpersonal relationships are a wonderfully useful place to practice He breaks the Noble Truths down into component parts to observe how they manifest particularly in relationship to others using examples from his own life and practice as well as from his students He then goes on to present the practice as it s taught in his workshops and retreats There are a few basic

steps to the practice deceptively simple to describe 1 pause 2 relax 3 open 4 trust emergence 5 listen deeply and 6 speak the truth The sequence begins following a period of meditation and includes periods of speaking listening and mutual silence Kramer includes numerous examples of people's experience with the practice from his retreats and shows how the insight gained from the techniques can be brought into real life More than just testimonials for how well the practice works the personal stories demonstrate the problems that arise the different routes the practice can follow and the sometimes surprising insights that are gained
