Howey,Stephen Ray Reimer,2006 Annotated bibliography of the Arthurian legend in modern English language fiction not only in literary texts but in television music and art The legend of Arthur has been a source of fascination

for writers and artists in English since the fifteenth century when Thomas Malory drew together for the first time in English a variety of Arthurian stories from a number of sources to form the Morte Darthur. It increased in popularity during the Victorian era when after Tennyson's treatment of the legend not only authors and dramatists but painters, musicians and film makers found a source of inspiration in the Arthurian material. This interdisciplinary annotated bibliography lists the Arthurian legend in modern English language fiction from 1500 to 2000 including literary texts, film, television, music, visual art and games. It will prove an invaluable source of reference for students of literary and visual arts, general readers, collectors, librarians and cultural historians indeed by anyone interested in the history of the ways in which Camelot has figured in post medieval English speaking cultures.
