The Way Of The Masks:

The Way of the Masks Claude Lévi-Strauss, 1999 Originally published under the title *La Voie des masques* Sylvia Modelski has translated Claude Lévi Strauss explanation of the tribal masks of coastal British Columbia with reference to kinship ties incest prohibition and myths

The Way of the Masks Claude Lévi-Strauss, 1982-09-01 Claude Lévi Strauss s fascination with Northwest Coast Indian art dates back to the late 1930s Sometime before the outbreak of the Second World War he writes I had already bought in Paris a Haida slate panel pipe In New York in the early forties he shared his enthusiasm with a group of Surrealist refugee artists with whom he was associated Surely it will not be long he wrote in an article published in 1943 before we see the collections from this part of the world moved from ethnographic to fine arts museums to take their just place amidst the antiquities of Egypt of Persia and the works of medieval Europe For this art is not unequal to the greatest and in the course of the century and a half of its history that is known to us it has shown evidence of a superior diversity and has demonstrated apparently inexhaustible talents for renewal In *The Way of the Masks* first published more than thirty years later he returned to this material seeking to unravel a persistent problem that he associated with a particular mask the Swaihwe which is found among certain tribes of coastal British Columbia This book now available for the first time in an English translation is a vivid audacious illustration of Lévi Strauss s provocative structural approach to tribal art and culture Bringing to bear on the Swaihwe masks his theory that mythical representations cannot be understood as isolated objects Lévi Strauss began to look for links among them as well as relationships between these and other types of masks and myths treating them all as parts of a dialogue that has been going on for generations among neighboring tribes The wider system that emerges from his investigation uncovers the association of the masks with Northwest coppers and with hereditary status and wealth and takes the reader as far north as the Dene of Alaska as far south as the Yurok of northern California and as far away in time and space as medieval Europe As one reader said of this book It will be controversial as his work always is and it will stimulate more scholarship on the Northwest Coast than any other single book that I can think of

Masking America, 1918-1919 Kerry Segrave, 2024-07-23 This book recalls masking efforts in response to the Spanish flu epidemic Masking the population as an ineffective response to disease by public health officials and political bureaucrats at various levels of jurisdiction reached its zenith in 2020 However it began a century earlier during the Spanish flu epidemic of 1918 1919 In both cases masking was not the first response made by the officials In both cases it was introduced as part of the second round of responses after the first round had failed During 1918 the imposition of masking was done by legal mandate in some areas by hectoring and whining on the part of officials in other areas and by gentle and not so gentle public persuasion involving the use of good examples Military members were mainly forced to don masks Since there were bases camps and cantonments all over America as the war was ongoing it was hoped an example would be set for the general public Post office clerks who dealt with the public were often forced to wear masks it was one of

the few areas where the federal government had the power to impose masking Some areas used masking almost not at all such as the New England states Other areas such as the Pacific forced masking on much of the population Some public health officials did not subscribe to any of the imposed measures such as Dr Royal Copeland the New York City Health Commissioner and Dr Rupert Blue the United States Surgeon General *The Mask* ,1923 *The Photographic Journal of America ...* ,1918 **Digital Initiation Rites** Vita Peacock,2025-12-15 Digital Initiation Rites is an ethnography of Anonymous in Britain between 2014 and 2017 in the context of government austerity Drawing on testimonies of dozens of participants for whom digital technologies enabled and articulated a political transformation from being asleep to being awake Vita Peacock narrates the process through which these technologies have become implicated in profound subjective changes The book joins a wider return of the comparative method in anthropology by placing these accounts in direct conversation with studies of traditional initiation rites ritual sequences of symbolic death and rebirth that charge the initiand with knowledge about a society to produce a moral responsibility for it Through this juxtaposition Peacock conceptualizes the historically novel form of digital initiation rites in which digital communication and information technologies play a substantive role in these sequences Digital Initiation Rites presents another angle to contemporary debates around conspiracy theorizing and shows how the consumption of digital media connects to the deep history of humankind *Manito Masks* Hartley Burr Alexander,1925 Presents nine plays that dramatize stories from Native American spirit folklore and legend Applied Reconfigurable Computing Stephan Wong,Antonio Carlos Beck,Koen Bertels,Luigi Carro,2017-03-30 This book constitutes the refereed proceedings of the 13th International Symposium on Applied Reconfigurable Computing ARC 2017 held in Delft The Netherlands in April 2017 The 17 full papers and 11 short papers presented in this volume were carefully reviewed and selected from 49 submissions They are organized in topical sections on adaptive architectures embedded computing and security simulation and synthesis design space exploration fault tolerance FPGA based designs neural networks and languages and estimation techniques **The Mask** Edward Gordon Craig,1908 **The Lithographers Manual** Charles Shapiro,1968 **The Lithographers Manual** Raymond N.
