Daughters of Mother Earth Barbara Alice Mann, 2006-07-30 Daughters of Mother Earth is nothing less than a new way of looking at history or more correctly the reestablishment of a very old way. It holds that for too long elements unnatural to Native American ways of knowing have been imposed on the study of Native America. Euro American discourse styles emphasizing elite male privilege and conceptual linearity have drowned out the democratic and woman centered Native approaches. Even when the damage of western linearity is understood to occur, analysis of Native American history, society and culture has still been relentlessly placed in male custody following the western assumption that Euro American men speak ably for all. This book seeks to redress that balance, allowing as editor Barbara Alice Mann writes the Daughters of Mother Earth to reclaim their ancient responsibility to speak in council to tell the truth to guide the rising generations through spirit spoken wisdom. The recovery of women's traditions is an important theme in this collection of essays that helps reframe Native issues as properly gendered. Thus Paula Gunn Allen looks at Indian lifeways through the many stitches of Indian clothes and the many steps of their powwow fancy dances. Lee Maracle calls for reconstitution of traditional social structures based on Native American ways of knowing. Kay McGowan identifies the exact sites where woman power was weakened historically through the heavy impositions of European culture, the better to repair them. Finally Barbara Mann examines how communication between Natives east and west of the Mississippi came to be so deranged as to be dysfunctional and outlines how to reestablish good east west relations for the benefit of all.

GLYNNE-JONES, 2017-07 **Native American Wisdom** Albert Bender, 2015-11-01 **Native American Wisdom C.** Mahoney, 2016-06-21 Explore the wisdom of Native Americans in this book of wildlife photography. Enjoy the beautiful photos of trees, flowers, insects, turtles, lakes, leaves, spiders, snakes, ducks, butterflies, clouds and more. Immerse yourself in the wise words of Tecumseh, Chief Joseph, Geronimo, Black Elk, Chief Seattle, Crazy Horse and more. Learn about the core teachings that guided the indigenous tribes of North America to respect nature and lead a good life. What is life? It is the flash of a firefly in the night. It is the breath of a buffalo in the wintertime. It is the little shadow which runs across the grass and loses itself in the sunset. Crowfeet: Respect means listening until everyone has been heard and understood. Dave Chief, son of Red Dog: When it comes time to die, be not like those whose hearts are filled with the fear of death, so when their time comes they weep and pray for a little more time to live their lives over again in a different way. Sing your death song and die like a hero going home. Chief Aupumut, Mohican: It was our belief that the love of possessions is a weakness to be overcome. Its appeal is to the material part and if allowed its way it will in time disturb one's spiritual balance. Therefore children must early learn the beauty of generosity. They are taught to give what they prize most that they may taste the happiness of giving. Ohiyesa.
