Text to Praxis Abraham Kuruvilla, 2009-03-26. A fundamental issue for preachers of the Bible has always been achieving an approach that is both faithful to the textual intention as well as fitting for the listening audience. What is historical and distant, the text is in preaching made contemporary and near praxis. Particularly pertinent is how this transaction may be conducted with respect to the self-contained and well-defined quantum of the scriptural text that is regularly employed in liturgical contexts, the pericope. This book answers the question: In a sermon intending to proclaim application from a pericope, what is the hermeneutical basis for moving validly from text to praxis, i.e., with authority and relevance? The concept of theology as a bridge between text and praxis has not been specifically researched or rigorously substantiated. Kuruvilla seeks to do both, utilizing as entries language philosophy, literary criticism, and a thorough understanding of ordinary language. Drawing from a variety of hermeneutical resources, he establishes pericopal theology as the intermediary between text and praxis. How this theology is discerned from the text and how application may be determined therefrom form the crux of this book. This novel approach lends validity to the movement from text to praxis and promises to be useful for any approach to the biblical text intended to culminate in application. Kuruvilla's approach provides a substantial technical basis for such an operation. Thus the preacher must be a theologian-homiletician. It is the working out of this nomenclature, especially the theologian half of the appellation, that is the essence of this work, uniting as it does in one portfolio the responsibility of negotiating the demands of both hermeneutics and homiletics.

McNicol,2017-12-28 Using a thorough integrated biblical theology to make sense of the master story of Scripture Allan J McNicol explores the nature and importance of the Bible s abiding narrative of the persistence of God s promises to his people and their hope of final triumph Special attention is given to the often contentious claim that these early followers of Jesus presumed that they stood in full continuity with Israel the historic people of God and were claiming that many of God s promises were coming to fulfilment among them McNicol presents a closer analysis of the texts as he shows how the theme of the people of God fits into the wider literary productions of these major New Testament writers **New Testament Commentary Survey** D. A. Carson,2007 Provides pastors and students with expert guidance on choosing a commentary for any book of the New Testament
