The Whooping Cough Germ That Became A Hero:

The Whooping Cough Germ that Became a Hero Richard G. Macdonald, 2013-02-12 This book is based on a true story In 1933 a medical article was written in the Journal of Infectious Diseases by the author's parents Hugh Macdonald MD and Edith Jersild Macdonald RN The article explained the testing of the whooping cough vaccine on the author's four brothers This book shows the importance of children getting vaccinated for childhood disease *The Song of My Life* Maud-Key Shelton Rock, 2002-04-01 The autobiography of a remarkable woman whose life and singing career have extended well into her nineties Following her own star through devotion to art family and religion she lived a rich and colorful life The song of this life is an inspiration for all *Living with Germs*, 2004-11-11 The word germ is defined as a microbe that causes disease The vast majority of microbes do not infect us at all it is pathogens that make us ill These include bacteria viruses protozoa fungi worms and prions Living with Germs not only looks at all of these in detail but also at the defence mechanisms by which we come to terms with them whether by eliminating them stopping them from eliminating us or simply learning to live with them This is the first book to look at the subject of immunology in a relevant and approachable style Using anecdotal and autobiographical material John Playfair has produced a lively well written and up to date look at immunology Timely and topical this will appeal to all those who want to know the facts behind the germ scare stories **The Shorthand Writer**, 1914 *Journal of the American Medical Association*, 1914 **The Nation and Athenæum**, 1910 St. Louis Journal of Homeopathy and Clinical Reporter, 1905 *Everybody Was So Young* Amanda Vaill, 1999-04-20 A dazzling biography for readers of The Great Gatsby and other Lost Generation authors Gifted artist Gerald Murphy and his elegant wife Sara were icons of the most enchanting period of our time handsome talented and wealthy expatriate Americans they were at the very center of the literary scene in Paris in the 1920s In *Everybody Was So Young* Amanda Vaill brilliantly portrays both the times in which the Murphys lived and the fascinating friends who flocked around them Whether summering with Picasso on the French Riviera or watching bullfights with Hemingway in Pamplona Gerald and Sara inspired kindred creative spirits like Dorothy Parker Cole Porter and F Scott Fitzgerald Fitzgerald even modeled his main characters in *Tender is the Night* after the couple Their story is both glittering and tragic and in this sweeping and richly anecdotal portrait of a marriage and an era Amanda Vaill has brought them to life as never before Chicago Tribune *The Remarkable Story of Vaccines* Norman Begg, 2022-08-18 Key Features Explores a highly topical concept of vaccines in a comprehensive and easy to read manner Engages the readers with relatable and interesting anecdotes Provides a balanced factual counter to the huge amount of current vaccine misinformation **Landscapes of Fraud** Thomas E. Sheridan, 2016-05-26 From the actions of Europeans in the seventeenth century to the real estate deals of the modern era people making a living off the land in southern Arizona have been repeatedly robbed of their way of life History has recorded more than three centuries of speculative failures that never amounted to much but left dispossessed people in their wake This book seeks to excavate

those failures to examine the new social spaces the schemers struggled to create and the existing social spaces they destroyed

Landscapes of Fraud explores how the penetration of the evolving capitalist world system created and destroyed communities in the Upper Santa Cruz Valley of Arizona from the late 1600s to the 1970s Thomas Sheridan has melded history anthropology and critical geography to create a penetrating view of greed and power and their lasting effect on those left powerless Sheridan first examines how O odham culture was fragmented by the arrival of the Spanish telling how autonomous communities moving across landscapes in seasonal rounds were reduced to a mission world of subordination Sheridan then considers the fate of the Tumac cori grant and Baca Float No 3 another land grant He tells the unbroken story of land fraud from Manuel Mar a G ndara s purchase of the abandoned Tumac cori grant at public auction in 1844 through the bankruptcy of the shady real estate developers who had fraudulently promoted housing projects at Rio Rico during the 1960s and 70s As the Upper Santa Cruz Valley underwent a wrenching transition from a landscape of community to a landscape of fraud the betrayal of the O odham became complete when land that most elemental form of human space was transformed from a communal resource into a commodity bought and sold for its future value Today Mission Tumac cori stands as a romantic icon of the past while the landscapes that supported it lay buried under speculative schemes that continue to haunt our history

Pandemic Bioethics Gregory E. Pence, 2021-05-20 The COVID 19 pandemic has affected every human being on the planet and forced us all to reflect on the bioethical issues it raises In this timely book Gregory Pence examines a number of relevant issues including the fair allocation of scarce medical resources immunity passports tradeoffs between protecting senior citizens and allowing children to flourish discrimination against minorities and the disabled and the myriad issues raised by vaccines
