

The background of the cover is a blue-toned illustration of a young person in a dark, tactical uniform with a green patch on the chest. They are kneeling on a dark, rocky surface, looking down at a small, fluffy, brown and white cat. In the background, a bright blue planet with a ring system is visible against a dark space. The authors' names are at the top in a metallic, blocky font. A quote is on the left, and the title is at the bottom in a large, orange, blocky font.

the Royal Navy does his duty whatever the consequences At the moment there are powerful forces in the young Star Kingdom of Manticore's Parliament which don't think they need him For that matter they're pretty sure they don't need the Royal Manticoran Navy either After all what does a sleepy little single system star nation on the outer edge of the explored galaxy need with a navy Unhappily for them the edge of the explored galaxy can be a far more dangerous place than they think it is They're about to find out why they need the Navy and how very very fortunate they are that Travis Long is in it At the publisher's request this title is sold without DRM Digital Rights Management Praise for prequel *A Call to Duty* This exciting book marks the first collaboration of two powerhouses fans of both writers should be quite pleased with the result Like Robert A Heinlein and Orson Scott Card Weber and Zahn are telling a story about a teenage character but writing for readers of all ages _Booklist A new series set in the universe of Weber's popular heroine Honor Harrington gets off to a solid start Cowriters Zahn and Weber do an excellent job alluding to events known to longtime fans This astronautical adventure is filled with intrigue and political drama _Publishers Weekly About the Honor Harrington series _Weber combines realistic engaging characters with intelligent technological projection and a deep understanding of military bureaucracy in this long awaited Honor Harrington novel Fans of this venerable space opera will rejoice to see Honor back in action _Publishers Weekly _everything you could want in a heroine Excellent plenty of action _Science Fiction Age _Brilliant Brilliant Brilliant _Anne McCaffrey _Compelling combat combined with engaging characters for a great space opera adventure _Locus _Weber combines realistic engaging characters with intelligent technological projection Fans of this venerable space opera will rejoice _Publishers Weekly About Timothy Zahn _Zahn keeps the story moving at a breakneck pace maintaining excitement Publishers Weekly You can count on Timothy Zahn for three things clean sparse prose good pacing and great action scenes The first book in the Cobra War series hits all those marks in admirable style and makes for a quick entertaining sci fi novel Blogcritics _Conqueror's Heritage is another finely wrought space adventure with social political and emotional complications all of which Zahn treats with his usual skill Booklist _Zahn paints every detail in Angelmass with gleamy realism scientific dialogue that streams with starship hardware and military trooper talk immensely appealing Kirkus Review

A Call to Duty David Weber, Timothy Zahn, 2014-09-16 Growing up Travis Uriah Long yearned for order and discipline in his life the two things his neglectful mother couldn't or wouldn't provide So when Travis enlisted in the Royal Manticoran Navy he thought he'd finally found the structure he'd always wanted so desperately But life in the RMN isn't exactly what he expected Boot camp is rough and frustrating his first ship assignment lax and disorderly and with the Star Kingdom of Manticore still recovering from a devastating plague the Navy is possibly on the edge of budgetary extinction The Star Kingdom is a minor nation among the worlds of the Diaspora its closest neighbors weeks or months away with little in the way of resources With only modest interstellar trade no foreign contacts to speak of a plague ravaged economy to rebuild and no enemies looming at the hyper limit there are factions in Parliament who want nothing more than to scrap the Navy

Publishers Weekly: *A Call to Insurrection* David Weber, Timothy Zahn, Thomas Pope, 2022-02-01. Book four in the nationally best-selling Manticore Ascendant series set in the world of David Weber's multiple New York Times best-selling Honorverse series. Yesterday the Star Kingdom of Manticore was a small, unimportant interstellar backwater. A quiet little star nation only recently recovered from the devastating blow of the Plague Years. More affluent than some, perhaps, but with little to attract trade or interstellar commerce, it had little need for a navy and even less interest in paying for one. But Manticore has now become a target. The Star Kingdom isn't certain who is attacking it or why or what its mysterious foe can possibly want, but Queen Elizabeth I knows she has to find out. And she knows that whatever some of her subjects think Manticore does need a navy. And it needs allies, friends like the dynamic Republic of Haven and the Andermani Empire. It needs their trade and to learn from their more experienced and powerful navies. It is the job of officers like Travis Long and his wife Lisa to acquire that experience. Of utterly inexperienced diplomats like Travis's brother Gavin Earl Winterfall to build those alliances. They have been sent to the powerful Andermani Empire to do just that, for the Imperial Navy is one of the most potent and experienced fleets in the galaxy. But the Andermani have problems of their own. Their Emperor's death is the trigger for insurrection, and now that powerful and experienced navy is locked in civil war. The Manticoran visitors find themselves squarely in the path of the storm, and before Travis, Lisa, and Gavin can accomplish anything else, they first have to survive.
