

Christopher G. Nottall

A dramatic illustration of a magical duel between a woman and a man in a gothic setting. The woman, on the left, wears a dark, flowing dress and has her arms outstretched, with blue and white energy swirling around her hands. The man, on the right, is bald and wears a dark cape and a patterned arm guard; he is lunging forward with a large, glowing orange and yellow flame or fireball in his hand. The background features stone walls, arched windows with stained glass, and a large circular floor pattern with a star-like design. The overall atmosphere is intense and mystical.

Trial Fire Christopher Nuttall:

The Promised Lie Christopher G. Nuttall, 2018-02-23 In *The Unwritten Words* Christopher Nuttall's story telling mastery weaves a new epic which follows on from his bestselling Bookworm series and is set in that same world In *The Promised Lie* the first book of the new series five years have passed since the earth shattering events of Bookworm IV The Golden City has fallen The Grand Sorcerer and Court Wizards are dead The Empire they ruled is nothing more than a memory a golden age lost in the civil wars as kings and princes battle for supremacy And only a handful of trained magicians remain alive Isabella Majuro Lady Sorceress is little more than a mercenary fighting for money in a desperate bid to escape her past But when Prince Reginald of Andalusia plots the invasion of the Summer Isle Isabella finds herself dragged into a war against strange magics from before recorded history And an ancient mystery that may spell the end of the human race Praise for the award winning Bookworm series Bookworm was winner of the GOLD Award in the Adult Fiction category of the 2013 Wishing Shelf Independent Book Awards A thrilling adventure packed full of magic and memorable characters Highly recommended The Wishing Shelf Awards one of the best authors of entertaining epic fantasy Seregil of Rhiminee the author has woven an exciting and entertaining story of secrets dark history books werewolves and magic and knows how to keep the story on the move Risingshadow Digital Depression Dan Schiller, 2014-10-15 The financial crisis of 2007-08 shook the idea that advanced information and communications technologies ICTs as solely a source of economic rejuvenation and uplift instead introducing the world to the once unthinkable idea of a technological revolution wrapped inside an economic collapse In *Digital Depression* Dan Schiller delves into the ways networked systems and ICTs have transformed global capitalism during the so called Great Recession He focuses on capitalism's crisis tendencies to confront the contradictory matrix of a technological revolution and economic stagnation making up the current political economy and demonstrates digital technology's central role in the global political economy As he shows the forces at the core of capitalism exploitation commodification and inequality are ongoing and accelerating within the networked political economy The Great Game Christopher G. Nuttall, 2013-08-16 It's 1831 and Lady Gwendolyn Crichton has been appointed Royal Sorceress following the tragic events known as the Swing Although unleashed by the rebel master magician Jack in battle with Gwen's mentor Master Thomas the popular press firmly laid the blame at the feet of the French Now alone at the head of the Royal College of Sorcerers Gwen must overcome prejudice against her gender and age if she is to exercise her authority and fulfil her responsibilities Soon an unexpected responsibility is made manifest when Sir Travis Mortimer a senior magician recently returned from India is found murdered in a locked room Gwen is required to investigate but before long her inquiries lead her into a web of intrigue that combines international politics widespread aristocratic blackmail gambling dens and personal vendettas Should she believe apparent evidence that Mortimer betrayed his country or is she being manipulated to keep her away from the truth Who can she really trust Is a title or popular acclaim a valid basis for trust Soon some of the more

unsavoury aspects of the case get dangerously close to home which means Gwen must make hard decisions and ask difficult questions of her own nearest and dearest Continuing on from the end of *The Royal Sorceress* *The Great Game* follows Gwen's unfolding story as she assumes the role vacated by Master Thomas A satisfying blend of whodunit and magical fantasy it is set against a backdrop of international political unrest in a believable yet simultaneously fantastic alternate history *The Nuttall Encyclopaedia* James Wood,1900

The Mind's Eye Christopher G. Nuttall,2014-11-07 For centuries men have been dreaming of telepathy the power to read and influence the minds of others Now all around the world telepaths are finally starting to appear Men and women are developing awesome powers with the potential to dramatically change society Governments are soon starting to become aware of them even recruiting them while striving to keep knowledge of their abilities hidden from the general public Academic researchers too are discovering telepaths and it isn't long before awareness of their existence starts to spread But non telepaths ordinary people don't want to have their minds read or controlled the telepaths soon find themselves widely regarded with fear and hatred Inevitably some of them want to fight back

First Strike Chris Nuttall,2014-09-24 The best defense Starting a war with an enemy a hundred times stronger is insane It's desperate And it's Earth's only hope A massive alien power looms over humanity claiming Earth as its territory and humanity as its slaves The Hegemony has already taken over one colony yoking hundreds of thousands under their brutal rule Every tactical exercise every wargame and every simulation gives humanity zero chance in a defensive campaign Earth's only chance to win the coming war is by striking first It's honestly brilliant a space opera tour de force I want to see the next book of Glynn Stewart author of *Starship's Mage* A story of alien threats and human resourcefulness that isn't simply a contest of gadgets and ray guns Nuttall knows the real ingredients of war are from within greed treachery arrogant disdain devious double crossing and misdirection Both human and alien Mackey Chandler author of the *Family Law* and *April* series
