need judgments, provisions of the Constitution of the United States which would have been available if pleaded or otherwise presented in the state courts as a defense in the proceedings on the original action to defeat the recovery of a valid judgment, cannot, when the opportunity has not been availed of and the judgment has become a finality, be resorted to as establishing that in fact the judgment possessed no binding force or efficacy whatever.

Judgment affirmed.

LOPE WOLF v. HITCHCOCK.

APPEAL FROM THE COURT OF APPEALS OF THE DISTRICT OF COLUMBIA.

MR. JUSTICE. Argued October 22, 1901.—Decided January 4, 1902.

The provisions in article 13 of the Medicine Lodge treaty of 1867 with the Kiowa and Comanche Indians to the effect that no treaty for the cession of any part of the reservation thence described, which may be held in common, shall be of any force or validity as against the Indians unless executed and signed by at least three-fourths of all the adult male Indians occupying the same, cannot be adjudged to materially limit and qualify the controlling authority of Congress in respect to the care and protection of the Indians and to deprive Congress, in a possible emergency, when the necessity might be urgent for a partition and disposal of the tribal lands, of all power to act if the assent of three-fourths of all the male Indians could not be obtained. Congress has always exercised plenary authority over the tribal relations of the Indians and the power has always been deemed a political one not subject to be controlled by the courts.

In none of the legislative power possessed by Congress over treaties with the Indians, and Indian tribal property, even if a subsequent agreement or treaty purporting to be agreed by three-fourths of all the male Indians was not signed and assentments to such subsequent treaty were not submitted to the Indians, as all these matters were solely within the domain of the legislative authority, the action of Congress is conclusive upon the courts.

As the act of June 8, 1900, as to the disposition of these lands was enacted at a time when the tribal relations between the confederated tribes of the Kiowa, Comanche and Apache constituted, and that statute and the statutes

Lone Wolf V. Hitchcock Blue Clark,1999-01-01 Landmark court cases in the history of formal U S relations with Indian tribes are Corn Tassel Standing Bear Crow Dog and Lone Wolf Each exemplifies a problem or a process as the United States defined and codified its politics toward Indians The importance of the Lone Wolf case of 1903 resides in its enunciation of the plenary power doctrine that the United States could unilaterally act in violation of its own treaties and that Congress could dispose of land recognized by treaty as belonging to individual tribes In 1892 the Kiowas and related Comanche and Plains Apache groups were pressured into agreeing to divide their land into allotments under the terms of the Dawes Act of 1887 Lone Wolf a Kiowa band leader sued to halt the land division citing the treaties signed with the United States immediately after the Civil War In 1902 the case reached the Supreme Court which found that Congress could overturn the treaties through the doctrine of plenary power As he recounts the Lone Wolf case Clark reaches beyond the legal decision to describe the Kiowa tribe itself and its struggles to cope with Euro American pressure on its society attitudes culture economic system and land base The story of the case therefore also becomes the history of the tribe in the late nineteenth century The Lone Wolf case also necessarily becomes a study of the Dawes Allotment Act of 1887 in operation under the terms of the Dawes Act and successor legislation almost two thirds of Indian lands passed out of their hands within a generation Understanding how this happened in the case of the Kiowa permits a nuanced view of the well intentioned but ultimately disastrous allotment effort

Hearings United States. Congress. House,1939 **Native Waters** Daniel McCool,2006-10-26 Since the beginning of the reservation era the bitter conflict between Indians and non Indians over water rights was largely confined to the courtroom But in the 1980s the federal government began to emphasize negotiated settlements over lawsuits and the settlements are changing water rights in fundamental ways not only for tribes but also for non Indian communities that share scarce water resources with Indians In Native Waters Daniel McCool describes the dramatic impact these settlements are having both on Indian country and on the American West as a whole Viewing the settlements as a second treaty era he considers whether they will guarantee the water future of reservations or like treaties of old will require tribes to surrender vast resources in order to retain a small part of their traditional homelands As one tribal official observed It s like your neighbors have been stealing your horses for many years and now we have to sit down and decide how many of those horses they get to keep Unlike technical studies of water policy McCool s book is a readable account that shows us real people attempting to end real disputes that have been going on for decades He discusses specific water settlements using a combination of approaches from personal testimony to traditional social science methodology to capture the richness complexity and human texture of the water rights conflict By explaining the processes and outcomes in plain language and grounding his presentation in relevant explanations of Indian culture he conveys the complexity of the settlements for readers from a wide range of disciplines Native Waters illustrates how America is coming to grips with an issue that has long been characterized by injustice and conflict seeking to enhance our understanding of the settlements in the hope that this understanding will lead to better settlements for all parties As one of the first assessments of a policy that

will have a pervasive impact for centuries to come it shows that how we resolve Indian water claims tells us a great deal about who we are as a nation and how we confront difficult issues involving race culture and the environment **Final**
