My Zimbabwean Odyssey Sheila V Hartwell, 2018-09-27 My book tells of my return to my beloved homeland Zimbabwe some fifteen years after my last visit

Before arriving I am forewarned that I will weep at the state of the country and I share with the reader my shock and sadness at what I find a nation once considered the breadbasket of Africa is now reduced to a basket case I return too to the Harare Children s Home where I grew up and as I am shown around I am transported back to the early sixties taking the reader with me as I share memories good bad and amusing of a place that I shall forever be grateful to and that will always have a very special place in my heart **Electoral Politics in Zimbabwe, Volume I** Esther Mavengano, Sophia

Chirongoma, 2023-04-28 Volume one of Electoral Politics in Zimbabwe pays special attention to the overarching view that the 2023 harmonized elections define the fate of the major presidential contenders and their parties as well as re shaping the political and economic trajectories of the nation Cognizant of the complex nature of the Zimbabwean political realm and nuanced dynamics at play the chapters in this volume cover three interrelated themes the electoral environment in Zimbabwean politics language politics and elections in Zimbabwe and lastly electoral institutions and human rights in Zimbabwean politics The chapters foreground the ongoing tensions and politicking between the two main rivals the ruling party ZANU PF and the main opposition party the Citizens Coalition for Change CCC The contributors also highlight the impact of internal tensions and factionalism within the contending parties the apparent voter apathy disconcerting voices due to claims about lack of transparency and a toxic political space as factors impacting on the outcome of the 2023 presidential elections The volume will appeal to academics and practitioners in politics human rights religion gender media languages linguistics and development studies **Cultures of Change in Contemporary Zimbabwe** Oliver Nyambi, Tendai

Mangena, Gibson Ncube, 2021-11-04 This book investigates how culture reflects change in Zimbabwe focusing predominantly on Mnangagwa s 2017 coup but also uncovering deeper roots for how renewal and transition are conceived in the country Since Emmerson Mnangagwa ousted Robert Mugabe in 2017 he has been keen to define his Second Republic or New Dispensation with a rhetoric of change and a rejection of past political and economic cultures This multi and interdisciplinary volume looks to the social media language discourse theatre images political speeches and literary fiction and non fiction to see how they have reflected on this time of unprecedented upheaval The book argues that themes of self renewal stretch right back to the formative years of the ZANU PF and that despite the longevity of Mugabe s tenure the latest transition can be seen as part of a complex and protracted layering of postcolonial social economic and political changes Providing an innovative investigation of how political change in Zimbabwe is reflected on in cultural texts and products this book will be of interest to researchers across African history literature politics culture and post colonial studies

Zimbabwe's Fast Track Land Reform Prosper B. Blood on the Page Lizzy Attree, 2010-03-08 The fourteen interviews in this book form an unprecedented wealth of material on authors responses to HIV AIDS in South Africa and Zimbabwe They comprise a valuable archive which documents and contextualises the variety of views and opinions of different authors on their often ground breaking choices in writing about HIV AIDS Each author ranks among the first to publish fiction on HIV AIDS in their respective countries These interviews are of particular merit as these issues have not been discussed at length with any of the authors before Collectively they offer a unique range of approaches and opinions in response to the HIV AIDS pandemic in southern Africa Their significance lies in their specific literary as well as their broader social cultural and political perspectives on a disease which continues to spread despite extensive NGO medical and government intervention In both South Africa and Zimbabwe government responses have failed to address the urgent need for new political and economic solutions to the challenge of HIV infection Responses among the population have varied from widespread silence shame and fear to political activism and outspoken critiques of government inaction Writers give voice to this silence and contextualise the disparate reactions amongst diverse peoples Globally AIDS killed approximately 2 million in 2008 In 1998 AIDS was the largest killer in southern Africa nearly double the one million deaths from malaria and eight times the 209 000 deaths from tuberculosis It has long been the case that of those dying globally of

AIDS the majority live in southern Africa When the associated social and cultural implications of infection with HIV are considered fictional representations contribute significantly to our understanding of the impact of HIV AIDS on communities and individuals and provide a much needed basis for humanising an epidemic which is unimaginable statistically It has been said that the feelings and reactions that HIV AIDS inspires are often too unreal for words and it is this very notion that certain diseases are taboo unmentionable and hardly even named as such that makes verbalisation of this epidemic a modern imperative *Zimbabwe National Bibliography*, 1986 *Animals in Peril* John Arthur Hoyt, 1994 Argues that the theory that endangered species must pay their own way to survive is a political expediency used to justify legalized killing in the name of conservation
