Tornado Hunter Stefan Bechtel, Tim Samaras, 2009 METEOROLOGY With climate change and global warming creating more frequent and more violent storms there is a huge readership for weather disasters such as hurricanes and tornadoes This book will appeal to the audience for the bestseller Perfect Storm This page turning story of tornado chaser and National Geographic grantee Tim Samaras opens with a chilling play by play description of the F5 tornado that wiped off the map the town of Manchester North Dakota on June 24 2003 Stefan Bechtel author of the acclaimed Roar of the Heavens teams with Samaras to reveal the heart and people of the town the terror of the descending funnel Samaras fearless chase to the tornado's core and the ingenious equipment he masterminded to record the inner workings of a tornado to aid in future detection avoidance and destruction

Tornado Hunter Stefan Bechtel, Tim Samaras, 2009-05-19 Like the deadly tornadoes it documents this potent combination of high adventure and hard science is terrifyingly timely in our era of global warming and climate change The Weather Channel now America's most watched programming has in recent years shown us a relentless series of hurricanes tsunamis earthquakes and eruptions killing thousands turning millions into refugees and leaving whole cities in shocked shattered ruins Of nature's weapons tornadoes are among the most unforgiving and here's an unforgettable portrait of these storms and one extraordinary man who challenged them and produced the first ever photographs snatched from a rampaging twister's black heart Tornado chaser Tim Samaras working with master storyteller Stefan Bechtel author of Roar of the Heavens has created a page turner with narrative force and scientific substance In the first of five you are there accounts Tornado Hunter opens with a moment by moment description of the 2003 catastrophe that engulfed Manchester South Dakota The authors evoke the doomed town and its people the dark menacing funnel and Samaras's fearless advance into the whirlwind's core to deploy the ingenious equipment he devised They interweave the tornado chaser's passion the fascinating science of the storms themselves and six decades of progress in predicting and recording their onslaught an art beholden to Samaras's own groundbreaking inventions Tim Samaras's 2004 article in National Geographic became one of the most widely read in the magazine's history This powerful book is destined to blast its way onto bestseller lists everywhere

Tornado God Peter J. Thuesen, 2020 One of the earliest sources of humanity's religious impulse was severe weather which ancient peoples attributed to the wrath of storm gods Enlightenment thinkers derided such beliefs as superstition but in America scientific and theological hubris came face to face with the tornado nature's most violent windstorm In this groundbreaking history Peter J Thuesen traces the primal connections between weather and religion in the United States He shows that tornadoes and other storms have repeatedly drawn Americans into the profoundest of religious mysteries and confronted them with the question of their own destiny how much is self determined and how much is beyond human understanding or control

Catastrophes! Donald R. Prothero, 2011-04-01 Devastating natural disasters have profoundly shaped human history leaving us with a respect for the mighty power of the earth and a humbling view of our

future Paleontologist and geologist Donald R Prothero tells the harrowing human stories behind these catastrophic events Prothero describes in gripping detail some of the most important natural disasters in history the New Madrid Missouri earthquakes of 1811 1812 that caused church bells to ring in Boston the 2004 Indian Ocean tsunami that killed more than 230 000 people the massive volcanic eruptions of Krakatau Mount Tambora Mount Vesuvius Mount St Helens and Nevado del Ruiz His clear and straightforward explanations of the forces that caused these disasters accompany gut wrenching accounts of terrifying human experiences and a staggering loss of human life Floods that wash out whole regions earthquakes that level a single country hurricanes that destroy everything in their path all are here to remind us of how little control we have over the natural world Dramatic photographs and eyewitness accounts recall the devastation wrought by these events and the people both heroes and fools that are caught up in the earth's relentless forces Eerie fascinating and often moving these tales of geologic history and human fortitude and folly will stay with you long after you put the book down **Can You**

Survive Storm Chasing? Elizabeth Raum, 2012 You're a meteorology student fascinated by storms But Mother Nature can be unpredictable Situations can quickly turn deadly when extreme weather is involved What do you do when You're in a van full of people and a tornado suddenly appears to be headed right for you A hurricane gains strength along the Florida coast but you're unable to convince people to leave their homes A flash flood suddenly strikes putting you and your friends and family in mortal danger Experience the life or death dilemmas that face storm chasers YOU CHOOSE what you'll do next The choices you make will either lead you to safety or to doom *The Man Who Caught the Storm* Brantley

Hargrove, 2019-04-02 The saga of the greatest tornado chaser who ever lived a tale of obsession and daring and an extraordinary account of humanity's high stakes race to understand nature's fiercest phenomenon from Brantley Hargrove one of today's great science writers The Washington Post At the turn of the twenty first century the tornado was one of the last true mysteries of the modern world It was a monster that ravaged the American heartland a thousand times each year yet science's every effort to divine its inner workings had ended in failure Researchers all but gave up until the arrival of an outsider In a field of PhDs Tim Samaras didn't attend a day of college in his life He chased storms with brilliant tools of his own invention and pushed closer to the tornado than anyone else ever dared When he achieved what meteorologists had deemed impossible it was as if he had snatched the fire of the gods Yet even as he transformed the field Samaras kept on pushing As his ambitions grew so did the risks And when he finally met his match in a faceoff against the largest tornado ever recorded it upended everything he thought he knew Brantley Hargrove delivers a cinematically thrilling and scientifically wonky Outside tale chronicling the life of Tim Samaras in all its triumph and tragedy Hargrove takes readers inside the thrill of the chase the captivating science of tornadoes and the remarkable character of a man who walked the line between life and death in pursuit of knowledge The Man Who Caught the Storm is an adrenaline rush of a tornado chase Readers from all across the spectrum will enjoy this Library Journal starred review unforgettable exploration of obsession
