be parents At the same time parts of their lives were closeted from other people as well as from each other Early in the marriage John became a medical doctor and later Denise became a psychologist After having two delightful sons they both absolutely loved and adored and still do the torment of her shuttered life increased even more dramatically because of intense fear that her feelings of shame and secrecy would be passed on to the boys Throughout the memoir you will embrace the enormous struggles Denise endured how she eventually decided to end the marriage how Denise and John disclosed to their sons and how all four of them grew even closer through the process This memoir reveals its resolution and miraculous metamorphosis Life tragedies can be surpassed
