Ranger the Handbook is an indispensable resource for service personnel or civilians who wish to learn the skills of the world's most highly trained soldiers. The Ranger Handbook covers LEADERSHIP OPERATIONS FIRE SUPPORT COMMUNICATIONS DEMOLITIONS MOVEMENT PATROLS BATTLE DRILLS MILITARY MOUNTAINEERING MACHINE GUN EMPLOYMENT URBAN OPERATIONS WATERBORNE OPERATIONS MOUNTED PATROL OPERATIONS AVIATION FIRST AID. The Ranger Creed: Recognizing that I volunteered as a Ranger fully knowing the hazards of my chosen profession, I will always endeavor to uphold the prestige, honor, and high esprit de corps of the Rangers. Acknowledging the fact that a Ranger is a more elite soldier who arrives at the cutting edge of battle by land, sea, or air, I accept the fact that as a Ranger, my country expects me to move further, faster, and fight harder than any other soldier. Never shall I fail my comrades. I will always keep myself mentally alert, physically strong, and morally straight, and I will shoulder more than my share of the task, whatever it may be. One hundred percent, and then some. Gallantly, I will show the world that I am a specially selected and well-trained soldier. My courtesy to superior officers, neatness of dress, and care of equipment shall set the example for others to follow. Energetically, I will meet the enemies of my country; I shall defeat them on the field of battle for I am better trained and will fight with all my might. Surrender is not a Ranger word. I will never leave a fallen comrade to fall into the hands of the enemy, and under no circumstances will I ever embarrass my country. Readily, I will display the intestinal fortitude required to fight on to the Ranger objective and complete the mission, though I be the lone survivor. U. S. Army Ranger Handbook (SH 21-76) - Leadership, Operations, Fire Support, Demolitions, Movement, Patrols, Drills, Mountaineering, Machine Gun, Convoy, Urban Operations, Survival, Aviation Department of Defense, U. S. Army, U. S. Government, 2017-04-16 The history of the American Ranger is a long and colorful saga of courage daring and outstanding leadership It is a story of men whose skills in the art of fighting have seldom been surpassed Only the highlights of their numerous exploits are told here Rangers mainly performed defensive missions until during King Phillip's War in 1675 Benjamin Church's Company of Independent Rangers from Plymouth Colony conducted successful raids on hostile Indians In 1756 Major Robert Rogers of New Hampshire recruited nine companies of American colonists to fight for the British during the French and Indian War Ranger techniques and methods of operation inherently characterized the American frontiersmen Major Rogers was the first to capitalize on them and incorporate them into the fighting doctrine of a permanently organized fighting force The method of fighting used by the first Rangers was further developed during the Revolutionary War by Colonel Daniel Morgan who organized a unit known as Morgan's Riflemen According to General Burgoyne Morgan's men were the most famous corps of the Continental Army all of them crack shots Francis Marion the Swamp Fox organized another famous Revolutionary War Ranger element known as Marion's Partisans Marion's Partisans numbering anywhere from a handful to several hundred operated both with and independent of other elements of General Washington's Army

Operating out of the Carolina swamps they disrupted British communications and prevented the organization of loyalists to support the British cause substantially contributing to the American victory The American Civil War was again the occasion for the creation of special units such as Rangers John S Mosby a master of the prompt and skillful use of cavalry was one of the most outstanding Confederate Rangers He believed that by resorting to aggressive action he could compel his enemies to guard a hundred points He would then attack one of the weakest points and be assured numerical superiority
