The Urban Imperative Towards Competitive Cities:

The Urban Imperative Edward Ludwig Glaeser, Abha Joshi-Ghani, 2015 Copyright The International Bank for Reconstruction and Development The World Bank Urban Environments in Africa Garth Myers, 2016-02-24 Africa's urban population is growing rapidly raising numerous environmental concerns Urban areas are often linked to poverty as well as power and wealth and hazardous and unhealthy environments as the pace of change stretches local resources Yet there are a wide range of perspectives and possibilities for political analysis of these rapidly changing environments Written by a widely respected author this important book will mark a major new step forward in the study of Africa's urban environments Using innovative research including fieldwork data map analysis place name study interviewing and fiction the book explores environmentalism from a variety of perspectives acknowledging the clash between Western planning mind sets pursuing the goal of sustainable development and the lived realities of residents of often poor informal settlements The book will be valuable to advanced undergraduate and graduate level courses in geography urban studies development studies environmental studies and African studies **Mixed-Use Megaprojects and the Competitive City** Mike S.

Harris, 2025-04-29 This book examines the motives and outcomes of competitively positioned mixed use megaprojects on government owned land These projects have emerged worldwide in recent decades driven by urban international competition the mobility and expansion of knowledge economies the shift of global investment from physical to human capital and the prevalence of market driven or entrepreneurial politics Six case studies across three countries are analysed through five themes Positioning Governing Shaping Connecting and Public Benefit While pursuing similar objectives of attracting mobile capital each project operates within a specific political financial and social context These projects reflect the prevailing development practices and underlying power structures of cities and states Throughout the implementation process they can also reveal the power struggles and competing agendas within a city In this manner they serve as a valuable lens for understanding the political economic and cultural dynamics of a city and how urban morphology manifests these processes

The Routledge Companion to Planning in the Global South Gautam Bhan, Smita Srinivas, Vanessa Watson, 2017-09-11 The Routledge Companion to Planning in the Global South offers an edited collection on planning in parts of the world which more often than not are unrecognised or unmarked in mainstream planning texts In doing so its intention is not to fill a gap that leaves this mainstream unquestioned but to re theorise planning from a deep understanding of place as well as a commitment to recognise the diverse modes of practice that come within it The chapters thus take the form not of generalised universal analyses and prescriptions but instead are critical and located reflections in thinking about how to plan act and intervene in highly complex city regional and national contexts Chapter authors in this Companion are not all planners or are planners of very different kinds and this diversity ensures a rich variety of insights primarily based on cases to emphasise the complexity of the world in which planning is expected to happen The book is divided into a framing

Introduction followed by five sections planning and the state economy and economic actors new drivers of urban change landscapes of citizenship and planning pedagogy This volume will be of interest to all those wanting to explore the complexities of planning practice and the need for new theories of knowledge from which to draw insight to face the challenges of the 21st century

Densifying the City? Margot Rubin, Alison Todes, Philip Harrison, Alexandra Appelbaum, 2020-11-27 Providing an in depth exploration of the complexities of densification policy and processes this book brings the important experiences of densification in Johannesburg into conversation with a range of cities in Africa the BRICS countries and the Global North It moves beyond the divisive debate over whether densification is good or bad adding nuance and complexity to the calls from multilateral organisations for densification as a key urban strategy

Handbook on the Geographies of Regions and Territories Anssi Paasi, John Harrison, Martin Jones, 2018-07-27 This new international Handbook provides the reader with the most up to date and original viewpoints on critical debates relating to the rapidly transforming geographies of regions and territories as well as related key concepts such as place scale networks and regionalism Bringing together renowned specialists who have extensively theorized these spatial concepts and contributed to rich empirical research in disciplines such as geography sociology political science and IR studies this interdisciplinary collection offers fresh cutting edge and contextual insights on the significance of regions and territories in today s dynamic world

Good Economics for Hard Times Abhijit V. Banerjee, Esther Duflo, 2019-11-12 The winners of the Nobel Prize show how economics when done right can help us solve the thorniest social and political problems of our day Figuring out how to deal with today s critical economic problems is perhaps the great challenge of our time Much greater than space travel or perhaps even the next revolutionary medical breakthrough what is at stake is the whole idea of the good life as we have known it Immigration and inequality globalization and technological disruption slowing growth and accelerating climate change these are sources of great anxiety across the world from New Delhi and Dakar to Paris and Washington DC The resources to address these challenges are there what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us If we succeed history will remember our era with gratitude if we fail the potential losses are incalculable In this revolutionary book renowned MIT economists Abhijit V Banerjee and Esther Duflo take on this challenge building on cutting edge research in economics explained with lucidity and grace Original provocative and urgent *Good Economics for Hard Times* makes a persuasive case for an intelligent interventionism and a society built on compassion and respect It is an extraordinary achievement one that shines a light to help us appreciate and understand our precariously balanced world
