Promiscuity in Western Literature Peter Stoneley,2020-02-13 Poet and novelist Charles Bukowski described promiscuity as feast and feast and feast The promiscuous person is having fun getting away with it and showing no signs of stopping More often though promiscuity has been seen as demonic as the sign of an uncivilised race or as a symptom of mental disorder Promiscuity in Western Literature capitalises on the fact that literature gives us deep and varied resources for reflecting on this controversial aspect of human behaviour Drawing on authors from Homer to Margaret Atwood it explores recurrent ideas and scenarios Why does the literature of promiscuity evoke ideas of the animal Why does it so often turn upon the image of the excessive woman How and why does promiscuity feature in comic writing How does the emergence of the modern city change representations of promiscuity And in the present day what impact have ecological concerns had on the way writers depict promiscuity **Sexagon** Mehammed Amadeus Mack,2017-01-02 Honorable Mention Association for Middle East Women's Studies Honorable Mention 2018 Arab American Book Awards Non Fiction In contemporary France particularly in the banlieues of Paris the figure of the young virile hypermasculine Muslim looms large So large in fact it often supersedes liberal secular society's understanding of gender and sexuality altogether Engaging the nexus of race gender nation and sexuality Sexagon studies the broad politicization of Franco Arab identity in the context of French culture and its assumptions about appropriate modes of sexual and gender expression both gay and straight Surveying representations of young Muslim men and women in literature film popular journalism television and erotica as well as in psychoanalysis ethnography and gay and lesbian activist rhetoric Mehammed Amadeus Mack reveals the myriad ways in which communities of immigrant origin are continually and consistently scapegoated as already and always outside the boundary of French citizenship regardless of where the individuals within these communities were born At the same time through deft readings of among other things fashion photography and online hook up sites Mack shows how Franco Arab youth culture is commodified and fetishized to the point of sexual fantasy Official French culture as Mack suggests has judged the integration of Muslim immigrants from North and West Africa as well as their French descendants according to their presumed attitudes about gender and sexuality More precisely Mack argues the frustrations consistently expressed by the French establishment in the face of the alleged Muslim refusal to assimilate is not only symptomatic of anxieties regarding changes to a familiar France but also indicative of an unacknowledged preoccupation with what Mack identifies as the virility cultures of Franco Arabs rendering Muslim youth as both sexualized objects and unruly subjects The perceived volatility of this banlieue virility serves to animate French characterizations of the difficult black Arab and Muslim boy and

girl across a variety of sensational newscasts and entertainment media which are crucially inflamed by the clandestine nature of the banlieues themselves and non European expressions of virility Mirroring the secret and underground qualities of illegal immigration Mack shows Franco Arab youth increasingly choose to withdraw from official scrutiny of the French Republic and to thwart its desires for universalism and transparency For their impenetrability these sealed off domains of banlieue virility are deemed all the more threatening to the surveillance of mainstream French society and the state apparatus

My Father and I David Caron, 2011-02-23 It is a living museum of a long gone Jewish life and supposedly a testimony to the success of the French model of social integration It is a communal home where gay men and women are said to stand in defiance of the French model of social integration It is a place of freedom and tolerance where people of color and lesbians nevertheless feel unwanted and where young Zionists from the suburbs gather every Sunday and sometimes harass Arabs It is a hot topic in the press and on television It is open to the world and open for business It is a place to be seen and a place of invisibility It is like a home to me a place where I feel both safe and out of place and where my father felt comfortable and alienated at the same time It is a place of nostalgia innovation shame pride and anxiety where the local and the global intersect for better and for worse And for better and for worse it is a French neighborhood from My Father and I Mixing personal memoir urban studies cultural history and literary criticism as well as a generous selection of photographs My Father and I focuses on the Marais the oldest surviving neighborhood of Paris It also beautifully reveals the intricacies of the relationship between a Jewish father and a gay son each claiming the same neighborhood as his own Beginning with the history of the Marais and its significance in the construction of a French national identity David Caron proposes a rethinking of community and looks at how Jews Chinese immigrants and gays have made the Marais theirs These communities embody in their engagement of urban space a daily challenge to the French concept of universal citizenship that denies them all political legitimacy Caron moves from the strictly French context to more theoretical issues such as social and political archaism immigration and diaspora survival and haunting the public private divide and group friendship as metaphor for unruly and dynamic forms of community and founding disasters such as AIDS and the Holocaust Caron also tells the story of his father a Hungarian Jew and Holocaust survivor who immigrated to

shows in this fascinating and engaging study intimacy is a tricky business The prevalence of social media for example is a sign of our desire for human connection yet is a symptom of how little we truly achieve it Often confused with love intimacy is in many ways more important Marar's investigation and celebration of this elusive but profound human experience shows how intimacy is central to a life well lived But how do we spot the real thing Marar helpfully identifies a key set of ingredients reciprocity conspiracy heightened emotion kindness that when brought together enable the strongest experiences of intimacy Without these four characteristics in the mix we are experiencing something less or something else Drawing on a wide range of sources from key thinkers as well as telling examples from familiar films and novels Marar illustrates the subtlety and intricacies of intimacy and shows how closely it is bound up with notions of trust control risk and our own insecurities Intimacy argues Marar is a necessary component of a fulfilled life Yet we should not take for granted that we know what it is and how to get it A better understanding of this powerful experience and the many barriers to achieving it may just help us to brave the search for it For anyone bold enough to do so which should be all of us Intimacy is required reading The Eurabia Myth Mehammed Amadeus Mack, 2025-11-18 The roots and reach of Great Replacement theory in France and beyond The Eurabia Myth delves into the origins and evolution of far right anxieties about the future of a Europe that welcomes postcolonial migration racial and ethnic diversity and tolerance of Islam Nationalists deploy the specter of Eurabia an Arabized and Islamized Europe as a doomsday scenario of demographic replacement that only they can avert Mehammed Amadeus Mack traces this dark vision to a sociopolitical conspiracy theory that began in France spread throughout Europe and has become especially virulent in the United States Great Replacement Theory Examining how the Eurabia narrative gained traction Mack analyzes dystopian fiction that envisions how this Replacement will take place the contemporary politicization of medieval history and ecofascist rhetoric depicting immigrants as an invasive species He also interviews prominent French activists of color about how they subvert being portrayed as Replacers and destroyers of European civilization and he explores the American echoes of the Great Replacement Theory Innovatively deploying gender and sexuality theory to the concept of Eurabia Mack demonstrates that the demographic and racial anxieties underlying Great Replacement Theory are intertwined with a more fundamental crisis of masculinity evident in the far right's accusations that feminists and the LGBT community are responsible for the decline in white birth rates As it uncovers the deeper roots of this pervasive theory The Eurabia Myth shows its insidious relevance to a rising tide of nativist fear hatred and violence Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions

World Literature for the Wretched of the Earth J. Daniel Elam, 2020-12-01 Lays out a novel and provocative argument Essential reading for those concerned with the future of comparative literature and the world Natalie Melas Cornell University World Literature for the Wretched of the Earth recovers a genealogy of anticolonial thought that advocated collective inexpertise unknowing and unrecognizability Early twentieth century anticolonial thinkers endeavored

to imagine a world emancipated from colonial rule but it was a world they knew they would likely not live to see Written in exile in abjection or in the face of death anticolonial thought could not afford to base its politics on the hope of eventual success mastery or national sovereignty J Daniel Elam shows how anticolonial thinkers theorized inconsequential practices of egalitarianism in the service of an impossibility a world without colonialism Framed by a suggestive reading of the surprising affinities between Frantz Fanon's political writings and Erich Auerbach's philological project *World Literature for the Wretched of the Earth* foregrounds anticolonial theories of reading and critique in the writing of Lala Har Dayal B R Ambedkar M K Gandhi and Bhagat Singh These anticolonial activists theorized reading not as a way to cultivate mastery and expertise but as a way rather to disavow mastery altogether To become or remain an inexpert reader divesting oneself of authorial claims was to fundamentally challenge the logic of the British Empire and European fascism which prized self mastery authority and national sovereignty Bringing together the histories of comparative literature and anticolonial thought Elam demonstrates how these early twentieth century theories of reading force us to reconsider the commitments of humanistic critique and egalitarian politics in the still colonial present

Death, Desire and Loss in Western Culture

Jonathan Dollimore, 2013-07-04 *Death Desire and Loss in Western Culture* is a rich testament to our ubiquitous preoccupation with the tangled web of death and desire In these pages we find nuanced analysis that blends Plato with Shelley H Iderlin with Foucault Dollimore a gifted thinker is not content to summarize these texts from afar instead he weaves a thread through each to tell the magnificent story of the making of the modern individual

Christopher Street Charles

Ortleb, 1980 [Queer Commodities](#) G. Davidson, 2012-02-27 *Queer Commodities* is the first book length analysis of same sexuality and consumer capitalism in contemporary US fiction Moving beyond the critical tendencies to identify gay and lesbian subcultures as either hopelessly immersed in consumer capitalism or heroically resistant to it Guy Davidson argues that while these subcultures are necessarily commodified they also provide means of subversively negotiating aspects of life under capitalism
