Napoleon's Swiss Troops David Greentree,2012-03-20 Ever since the 15th century Switzerland had been exporting professional soldiers to serve as mercenaries for foreign monarchies Napoleon therefore was not the first to make full use of the martial qualities of the Swiss and obtained Swiss agreement to expand the recruitment of regiments for service in the

French Army Napoleon would use Swiss troops on the battlefields of Italy and Spain and in 1812 re organize the four original regiments into a single division for the invasion of Russia with each regiment having three full strength battalions In November of 1812 meeting up with Napoleon s main force retreating from Moscow at the Berezina River the Swiss on the west bank guarded the approaches to the pontoon bridges from the Russian attack to the south Just 1 200 Swiss out of the approximately 8 000 that entered Russia were left to face along with 8 000 other remnants of other units the 30 000 strong Russian army The Swiss held their ground and when their ammunition ran out they charged the Russians with bayonets This book reveals the proud combat history of the Swiss troops of Napoleon s army as well as the colourful uniforms they wore

Prussian Light Infantry 1792-1815 Peter Hofschröder,2012-03-20 The Prussian light infantry branch was founded in the reign of Frederick the Great 1740 1786 and continued to develop from then onwards It was the light troops of the Austrian army the Croatian border soldiers which so impressed Frederick in the Seven Years War that he considered it necessary to create an effective counter force Initially there was a degree of reluctance amongst certain sections of the army towards this formation of light infantry However the Fusilier Battalions came to be regarded as elite formations being well trained disciplined and carefully selected men led by young fit and intelligent officers This book described in detail the uniforms organisation training and weapons of this spectacular force Napoleon's Scouts of the Imperial Guard Ronald

Pawly,2012-02-20 Driven out of Germany after his defeat at Leipzig in 1813 Napoleon seemed to face disaster Some 345 000 Allied troops were converging on France from the east and Napoleon had only about 80 000 men Most of his veterans had been killed in Russia and Germany and he was short of cavalry to counter the swarms of Cossacks For his last and possibly most brilliant campaign Napoleon raised three regiments of mounted Scouts for his Imperial Guard Through the story of these units the reader can follow Napoleon s dazzling manoeuvres in the campaign of 1814 and their widely varied uniforms are reconstructed in meticulously researched colour plates **Ukrainian Armies 1914-55** Peter Abbott,Eugene

Pinak,2012-02-20 There can be no region in Europe whose history has been more tortured than Ukraine During the 20th century Austria Poland Russia Germany Hungary Czechoslovakia and Romania vied for power over parts of this vast and fragmented area and its divided peoples rose time and again in vain attempts to win their independence For the first time in the West this book gives a succinct summary of all the different armed forces raised among the Ukrainians and of their uniforms and insignia These are illustrated in colour and in a selection of extremely rare photographs dating from the Great War to the aftermath of World War II when Ukrainian guerrillas continued to defy the Soviet authorities until the mid 1950s

Medieval Polish Armies 966-1500 David Nicolle,Witold Sarnecki,2012-02-20 The fascinating history of a war torn state that emerged with a strong Medieval army that became one of the dominating powers of Eastern Europe Poland became a unified Christian state in AD 966 and by the 12th century a knightly class had emerged a force that was integral to the defence of Poland against increasingly frequent foreign invasions Intent on crushing rival Christian states the Templars

Hospitallers and Teutonic Knights all mounted attacks but were beaten back by the Poles as were invading Mongols and Turks This book reveals the organisation equipment and battle histories of the medieval Polish armies as they developed and modernised to emerge as one of the dominant powers of Eastern Europe *Warrior Peoples of East Africa 1840-1900* Chris Peers,2012-05-20 Less well known than the Zulu of South Africa the warriors of East Africa had just as fearsome a reputation The prowess of the lion hunting Masai deterred all foreign penetration for most of the 19th century The Ngoni driven north by the Zulu revolutionized warfare in the region the HeHe put up fierce resistance to German colonisers The Ruga Ruga produced two formidable warlords and adorned themselves with bloody trophies The Nandi showed reckless bravery even against machine guns and the Turkana dominated one of the most pitiless wildernesses in all of Africa This fascinating study illustrated with rare early drawings and meticulous colour plates covers these six most prominent tribes **The US Army in World War II (3)** Mark Henry,2012-06-20 The GIs who struggled ashore through the surf of Omaha and Utah Beaches on 6 June 1944 were members of the best equipped army ever assembled up to that date It was in the NW Europe campaign of June 1944 May 1945 that the US Army was finally able to show its full potential for fluent mechanised warfare Here Mark Henry describes both combat and service uniforms worn in the ETO from the assault troops on the D Day beaches to bemedalled veterans celebrating VE Day Accompanied by illustrations throughout this book also includes artillery tanks anti tank weapons the engineers the replacement system and the insignia of the divisions committed to this front *The US Army in World War II* Mark Henry,2001-08-25 This book combines Men at Arms 342 The US Army in World War II I The Pacific Men at Arms 347 The US Army in World War II 2 The Mediterranean and Men at Arms 350 The US Army in World War II 3 North West Europe When World War II broke out in September 1939 the US Army starved of resources since 1919 numbered just 174 000 men By VJ Day 2 September 1945 a total of 8 3 million had served in an army which had risen to a stable strength of 91 divisions This title explores the campaigns fought by the US Army in the Pacific the Mediterranean and North West Europe It covers the variety of uniforms worn the equipment and weapons used and the organisation of the different units Particularly interesting units such as mountain Japanese American and African American troops are also studied *The Belgian Army in World War I* Ronald Pawly,Pierre Lierneux,2009-06-23 While small in numbers the Belgian Army played a vital role in World War I 1939 1945 that is often overlooked Germany s invasion of neutral Belgium which led Britain to declare war in August 1914 should have been swift and fierce yet the unexpected heroic defense against great odds of Belgian fortresses frustrated the German Schlieffen Plan for a thrust to Paris and a lightning victory The plucky Belgian resistance proved successful in buying time for French and British troops to mobilize and report to the front where the Belgians would then go on to fight stubbornly defending the northern end of the Allied trench line for the rest of the war Discover the story of this determined Army from their organization and commanders to their uniforms and equipment The only main combatant army of World War I not previously covered by Osprey this volume will be an important addition to any

M26/M46 Pershing Tank 1943-53 Steven J. Zaloga,2000-11-25 From the moment that the M4 Sherman had been matched against German Panther and Tiger tanks the American tank crews had known that their vehicles were outclassed by the opposition What was needed was a more powerful tank more heavily armed and armored that could take on the powerful German panzers on a more equal footing Although it took time to develop by the latter months of the war numbers of M26 Pershing tanks were reaching the frontline US armored units Well armored and with a powerful 90mm gun the Pershing was a match for any tank in the German order of battle *The British National Bibliography* Arthur James Wells,2005 **World War II, the European and Mediterranean Theaters** Myron J.
