The Solitary Vice Mikita Brottman, 2008-02-28 Mikita Brottman wonders just why is reading so great It's a solitary practice one that takes away from time that could be spent developing important social networking skills Reading's not required for health happiness or a loving family And if reading is so important why are catchy slogans like *Reading Changes Lives* and *Champions Read* needed to hammer the point home Fearlessly tackling the notion that nonreaders are doomed to lives of despair and mental decay Brottman makes the case that the value of reading lies not in its ability to ward off Alzheimer's or that it's a pleasant hobby Rather she argues that like that other well known solitary vice masturbation reading is ultimately not an act of pleasure but a tool for self exploration one that allows people to see the world through the eyes of others and lets them travel deep into the darkness of the human condition
