Intimate Alien David J. Halperin, 2020-03-24 A voyage of exploration to the outer reaches of our inner lives UFOs are a myth says David J Halperin but myths are real The power and fascination of the UFO has nothing to do with space travel or life on other planets It s about us our longings and terrors and especially the greatest terror of all the end of our existence This is a book about UFOs that goes beyond believing in them or debunking them and to a fresh understanding of what they tell us about ourselves as individuals as a culture and as a species In the 1960s Halperin was a teenage UFOlogist convinced that flying saucers were real and that it was his life s mission to solve their mystery He would become a professor of religious studies with traditions of heavenly journeys his specialty With *Intimate Alien* he looks back to explore what UFOs once meant to him as a boy growing up in a home haunted by death and what they still mean for millions believers and deniers alike From the prehistoric Balkans to the deserts of New Mexico from

the biblical visions of Ezekiel to modern abduction encounters Intimate Alien traces the hidden story of the UFO It s a human story from beginning to end no less mysterious and fantastic for its earthliness A collective cultural dream UFOs transport us to the outer limits of that most alien yet intimate frontier our own inner space We Are Not Alone Marc Hartzman,2023-10-17 We Are Not Alone manages to be highly entertaining and easy to read yet fair balanced and thorough Christopher Mellon former Deputy Assistant Secretary of Defense for Intelligence Do you want to believe Explore our fascination with UFOs and extraterrestrial intelligence through exclusive interviews archival photos and strange but true stories from history After decades of cover ups and denials in a June 2021 report the US government finally admitted what many people already knew yes UFOs are real and no we don t know what or who they are Weird historian Marc Hartzman separates fact from fiction and provides a comprehensive tour through the skies including UFO sightings from the famous to the obscure Alien abductions including the Betty and Barney Hill abduction and the Pascagoula abduction Ancient aliens from Biblical astronauts to the alien architects behind the pyramids Scientific evidence including the Wow radio signal and the interstellar Oumuamua object Cover ups and conspiracies including the Roswell Incident and Area 51 Governmental and military findings from Project Blue Book to reports of UFOs at nuclear weapons sites Deeply researched and highly entertaining We Are Not Alone will inform and entertain anyone who s ever doubted that we are really alone in the universe

What, If Anything, Is Out There? Gene P. Abel,2021-06-01 COL USA Ret and bestselling author Gene P Abel lays out the truth about UFOs and offers readers a fascinating exploration of the existence of an intelligent extraterrestrial race in this exploration of sightings and their potential impact on the future and security of the human race There are few events that would be of more importance or more startling than if in the near future we found ourselves confronted by another intelligent race with abilities and technology far superior to anything that currently exists on Earth In What If Anything Is Out There Gene P Abel COL USA Ret details historic events that may well have been sightings by our ancestors and begins to explore what these encounters could mean for our security in the future Drawing upon his years of military experience Abel offers a unique insider s perspective as he guides readers through a thoughtful history into the Roswell incident of 1947 and beyond In the wake of the Department of Defense acknowledgement that the US Navy has encountered UFOs and in a moment where sightings are on the rise What If Anything Is Out There is a timely and much needed look at the role of intelligent life in the universe
