The Building of the Great Pyramid Nicholas

Hagger,2024-05-31 When he was ten Nicholas Hagger s dentist Howard Carter s brother told him about the opening of Tutankhamun s tomb and he was later given a shawabti funerary figurine of Tutankhamun that came from the tomb As a teenager he was fascinated by the Great Pyramid and in 1963 he wrote The Riddle of the Great Pyramid as a parable for our time Written as a report by an official living at Giza during the construction in progress in c 2600BC it explains the massive organisation and endeavour that has gone into the building so far when those involved in the work do not know its purpose or why it is being built The notion of the Great Pyramid as a symbol of bafflement and a microcosm of Western society has haunted Hagger throughout his working life After visiting it in 2005 he wrote a sequel by the same official The Meaning and Purpose of the Great Pyramid which carries the story forward and after another visit in 2020 he wrote The Great Pyramid as a House of Eternity which completed a Pyramid trilogy These three reports which have followed research into the building of the Great Pyramid for 57 years are now brought out together with illustrations that throw light on the events described and reveal the Pharaoh s face on the Sphinx Collectively they offer a factual account of the construction soon after 2600BC and the aspirations of humans seeking a life beyond death before the birth of the established religions and as parables in the tradition of Swift they profoundly question the modern world of work and organisation of Western society They present a quest for eternity that is also a self aggrandising folly at the beginning of recorded history and illustrate the dialectic between a quest for Reality and condemnation of follies and vices that Hagger identified as the fundamental theme of world literature in A New Philosophy of Literature

Slave Species of the Gods Michael

Tellinger,2012-09-10 Our origins as a slave species and the Anunnaki legacy in our DNA Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species first proposed by Zecharia Sitchin in The 12th Planet Shows how the Anunnaki

created us using pieces of their own DNA controlling our physical and mental capabilities by inactivating their more advanced DNA Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6 000 years ago However as Michael Tellinger reveals the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200 000 years ago Sent to Earth in search of life saving gold these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold thus beginning our global traditions of gold obsession slavery and god as dominating master Revealing new archaeological and genetic evidence in support of Zecharia Sitchin s revolutionary work with pre biblical clay tablets Tellinger shows how the Anunnaki created us using pieces of their own DNA controlling our physical and mental capabilities by inactivating their more advanced DNA which explains why less than 3 percent of our DNA is active He identifies a recently discovered complex of sophisticated ruins in South Africa complete with thousands of mines as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy Matching key mythologies of the world s religions to the Sumerian clay tablet stories on which they are based he details the actual events behind these tales of direct physical interactions with god concluding with the epic flood a perennial theme of ancient myth that wiped out the Anunnaki mining operations Tellinger shows that as humanity awakens to the truth about our origins we can overcome our programmed animalistic and slave like nature tap in to our dormant Anunnaki DNA and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe *Vimana* David Hatcher Childress,2013-12-18 According to early Sanskrit texts the ancients had several types of airships called vimanas Like aircraft of today vimanas were used to fly through the air from city to city to conduct aerial surveys of uncharted lands and as delivery vehicles for awesome weapons David Hatcher Childress popular Lost Cities author and star of the History Channel s long running show Ancient Aliens takes us on an astounding investigation into tales of ancient flying machines In his new book packed with photos and diagrams he consults ancient texts and modern stories and presents astonishing evidence that aircraft similar to the ones we use today were used thousands of years ago in India Sumeria China and other countries This means that these ancient civilizations had advanced metal technology electricity and the engineering knowledge of flight many thousands of years before our own era of flight technology Childress discusses ancient UFO sightings the fascinating lore of ancient flight and the technology allegedly used in the flying machines of the ancients
