Transformed into the Same Image Paul Copan,Michael M. C. Reardon,2024-10-15 Though the doctrine of theosis has been gaining interest among scholars for some time most have focused on Roman Catholic or Orthodox traditions In this constructive account of deification biblical scholars and theologians focus on the work of major Protestant thinkers and Protestant expressions of the doctrine **Are Christians Mormon?** David L. Paulsen,Hal R. Boyd,2017-05-08 In the past

scholars and others have asked whether Mormons are Christian This work reverses the question by asking are Christians Mormon By identifying Mormon doctrines formerly considered heretical and documenting how these doctrines have gained increasing acceptance within mainstream Christian theologies the work presents some surprising insights In chapters focusing on subjects such as deification the divine feminine and the reopening of the scriptural canon among others the book sets out Joseph Smith s teachings on these ideas summarizes the criticisms of those positions and examines trends in contemporary Christian theology that significantly converge in Joseph s direction Exploring the convergence of contemporary Christian theology with Mormon doctrines this book will appeal to a broad range of students and readers exploring Christian theology and the Latter day Saint tradition [A Trinitarian Theology of Nature](#) Lisanne Winslow,2020-03-20 In its attempt to ascertain the mechanisms of nature contemporary science seems to be generating unanswerable questions One way forward might be by appealing to a theistic metaphysics of the fundamental workings in natural science Moving beyond Barth s objection to natural theology this work arrives at some of Emil Brunner s exegetical insights indicating that nature is

divine communication This communication and revelation is understood through natural types or onto types building upon the insights of Jonathan Edwards Edwards proposed messages in nature as a language of God intending to convey spiritual biblical and theological messages to the creature as part of God s end in creating Edwards s insights are brought forth to determine the usefulness of his typological method all the way down to cellular and molecular mechanisms Edwards also proposed that God s acting in nature reflects the Trinitarian God of the Christian faith Therefore a Trinitarian theology of Nature composing a Theo logy of Nature a Christology of Nature and a Pneumatology of Nature explores how each divine person of the Godhead acts in perichoretic unity in the world we encounter God s Trinitarian powerful and magnificent glory is not merely displayed by what has been made but is also intimately shared in a gospel of nature Sacrifice in Pagan and Christian Antiquity Robert J. Daly,2019-08-22 Robert J Daly S J examines the concept of sacrifice in the ancient Mediterranean world and discusses how the rise of bloodless Christian sacrifice and the use of sacrificial language in reference to highly spiritualized Christian lives would have seemed unsettling and radically challenging to the pagan mind Acknowledging the difficulties posed by an overwhelmingly Christian scholarly narrative around the topic of sacrifice Daly specifically sets out to tell the non Christian side of this story He first outlines the pagan trajectory and then the Jewish Christian trajectory before concluding with a representative series of comparisons and contrasts Covering the concept of sacrifice in relation to prayer ethics and morality the rhetoric and economics of sacrificial ceremonies and heroes and saints Daly finishes with an estimation of how this study might inform further study of sacrifice **The Esoteric in Religious and Spiritual Traditions** Patrick Laude,2025-06-28 This book offers a comparative examination of the esoteric dimension across diverse religions including Buddhism Christianity Hinduism and Islam It seeks to answer the question of whether the concept of the esoteric can be applied across traditions and explores intersections convergences and differences in its use and presence therein The book provides new avenues for research by moving beyond the study of Western esotericism and examining how the category of the esoteric can be applied in the contexts of Abrahamic faiths and Asian traditions The book is organized into six centers of reflection including the esoteric dialectics of hiding and revealing the claim of esoteric traditions to restore wholeness and provide a comprehensive understanding of reality the character of immediacy and directness the intrinsic esoteric distinction between two truths and the non dualistic leanings of esoteric schools in terms of the unity of reality and the subjective immanence of an all embracing Divine Selfhood Overall the book provides a comprehensive phenomenology of the esoteric in religions It will be of interest to researchers and students of theology and religious studies **American Theological Inquiry, Volume Two, Issue One** Gannon Murphy,2009-01-15 American Theological Inquiry ATI was formed in 2007 by Drs S Gannon Murphy PhD St David s College Univ Wales Theology Presbyterian Reformed and Stephen Patrick PhD Univ Illinois Philosophy Eastern Orthodox to open up space for diverse Christian academicians who affirm the Ecumenical Creeds to share research throughout the broader Christian scholarly

Recovering the Evangelical Sacrament Anthony R. Cross,2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4:5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post-Christian post Christendom mission setting
