Transforming Graduate Biblical Education:

Transforming Graduate Biblical Education Elisabeth Schüssler Fiorenza, Kent Harold Richards, 2010 This unique collection of essays originating in seminars held at SBL's Annual and International Meetings explores the current ethos and discipline of graduate biblical education from different social locations and academic contexts It includes international voices of well established scholars who have urged change for some time alongside younger scholars with new perspectives The individual contributions emerge from a variegated set of experiences in graduate biblical studies and a critical analysis of those experiences The volume is divided into four areas of investigation The first section discusses the ethos of biblical studies and social location and the second explores different cultural national formations of the discipline The third section considers the experiences and visions of graduate biblical studies while the last section explores how to transform the discipline All the contributions offer ways to transform graduate biblical education so that it becomes a socializing power that in turn can transform the present academic ethos of biblical studies Back cover

Transforming Graduate Biblical Education Elisabeth Schüssler Fiorenza, Kent Harold Richards, 2010 *Democratizing Biblical Studies* Elisabeth Schüssler Fiorenza, 2009-01-01 Schüssler Fiorenza addresses such questions as What are the educational practices and procedures that are advocated by traditional educational models and how can they be changed What kinds of educational and communicative practices do biblical studies need to develop in order to fashion an emancipatory democratizing rhetorical space and a forum of many voices To envision articulate debate and practice a radical democratic ethos of biblical studies she identifies emerging didactic models that can foster such a radical democratic style of learning Pbk cover

Common Goods Catherine Keller, Elias Ortega-Aponte, 2015-12-01 In the face of globalized ecological and economic crises how do religion the postsecular and political theology reconfigure political theory and practice As the planet warms and the chasm widens between the 1 percent and the global 99 what thinking may yet energize new alliances between religious and irreligious constituencies This book brings together political theorists philosophers theologians and scholars of religion to open discursive and material spaces in which to shape a vibrant planetary commons Attentive to the universalizing tendencies of the common the contributors seek to reappropriate the term in response to the corporate logic that asserts itself as a universal solvent In the resulting conversation the common returns as an interlinked manifold under the ethos of its multitudes and the ecology of its multiplicity Beginning from what William Connolly calls the palpable fragility of things *Common Goods* assembles a transdisciplinary political theology of the Earth With a nuance missing from both atheist and orthodox religious approaches the contributors engage in a multivocal conversation about sovereignty capital ecology and civil society The result is an unprecedented thematic assemblage of cosmopolitics and religious diversity of utopian space and the time of insurrection of Christian socialism radical democracy and disability theory of quantum entanglement and planetarity of theology fleshly and political

Marchal,2019-05-24 A collection that resets the terms of interpreting the Pauline letters Interpretation of Paul s letters often proves troubling since people frequently cite them when debating controversial matters of gender and sexuality Rather than focusing on the more common defensive responses to those expected proof texts that supposedly address homosexuality the essays in this collection reflect the range rigor vitality and creativity of other interpretive options influenced by queer studies Thus key concepts and practices for understanding these letters in terms of history theology empire gender race and ethnicity among others are rethought through queer interventions within both ancient settings and more recent history and literature Features New options for how to interpret and use Paul s letters particularly in light of their use in debates about sexuality and gender Developing approaches in queer studies that help with understanding and using Pauline letters and interpretations differently Key reflections on the two clobber passages Rom 1 26 27 and 1 Cor 6 9 that demonstrate the relevance of a far wider range of texts throughout the Pauline corpus **Challenging Contextuality**,2024-07-31

Challenging Contextuality Bibles and Biblical Scholarship in Context provides a new and innovative contribution to the study of biblical texts by bringing together current approaches to biblical interpretation The volume sets the agenda for the future of the field and provides a synthesis of approaches to date In doing so it aligns itself with the broadly shared hermeneutical conviction that contextuality is a catalyst for interpretation This applies in equal measure to approaches and methods that are often framed as traditional or mainstream e g the methodological canon of the historical critical approach as the offspring of the European Enlightenment and those that are often dubbed contextual e g forms of feminist or indigenous

interpretation The volume grounds contextual biblical interpretation within the broader landscape of biblical studies and the chapters are all interested in the contexts in which bibles are read Rather than a series of examples of contextual biblical interpretation this book is concerned with what it means to do contextual biblical interpretation how contextual biblical interpretation challenges biblical scholarship and what chances there are for this mode of inquiry What contexts are engaged and elucidated when it comes to bible use What contexts are made visible and invisible How can different contexts be theorized and understood The volume argues that it is not context that matters rather contemporary contexts should be a challenge and a chance for biblical scholarship its present and its future

Race and Biblical Studies Tat-siong Benny Liew, Shelly Matthews, 2022-10-20 Classrooms as communities are temporary but the racial effects can be long term The biblical studies classroom can be a site of personal and social transformation To make it a space for positive change the contributors to this volume question and reevaluate traditional teaching practices and assessment tools that foreground white Western scholarship in order to offer practical guidance for an antiracist pedagogy The introduction and fifteen essays provide tools for engaging issues of social context and scriptural authority nationalism and religious identities critical race theory and how race gender and class can be addressed empathetically Contributors Sonja Anderson Randall C Bailey Eric D Barreto Denise Kimber Buell Greg Carey Haley Gabrielle Wilda C Gafney Juli n Andr s Gonz lez Holgu n Sharon Jacob Tat siong Benny Liew Francisco Lozada Jr Shelly Matthews Roger S Nam Wongi Park Jean Pierre Ruiz Abraham Smith and Kay Higuera Smith share their experience creating classrooms that are spaces that enable the production of new knowledge without reproducing a white subject of the geopolitical West

Empowering Memory and Movement Elisabeth Schussler Fioenza, 2014-05-01 With *Empowering Memory and Movement* Elisabeth Schussler Fioenza completes a three volume look across her influential work and career In *Transforming Vision* 2011 she drew from decades of pioneering scholarship to offer the contours of a critical feminist hermeneutic The chapters in *Changing Horizons* 2013 sketched out a theory of liberation Now the consequences for a liberating praxis are elaborated in interviews and essays that chart Schussler Fioenza's own personal and professional history as these are intertwined with the history of the worldwide movement for emancipation and full equality *Empowering Memory and Movement* looks back but also looks around at challenges and potentialities on the global scene and looks ahead to an emancipatory future with a critical and wise engagement with scripture and the interpretive tradition always at the center
