Chemistry Physics of the Molecular Processes in Energetic Materials held at Hotel Torre Normanna Altavilla Milicia Sicily
Italy September 3 to 15 1989 The institute was attended by seventy participants including twenty lecturers drawn from
thirteen countries The purpose of the institute was to review the major ad vances made in recent years in the theoretical and
experi mental aspects of explosives and propellants In accordance with the format of the NATO ASI it was arranged to have a
relatively small number of speakers to present in depth re view type lectures emphasizing the basic research aspects of the
subject over a two week period Most of the speakers gave two lectures each in excess of one hour with addition al time for
discussions The scope of the meeting was limit ed to molecular and spectroscopic studies since the hydro dynamic aspects of
detonation and various performance crite ria of energetic materials are often covered adequately in other international
meetings An attempt was made to have a coherent presentation of various theoretical computational and spectroscopic
approaches to help a better understanding of energetic materials from a molecular point of view The progress already made
in these areas is such that structure property e g **Air Force and Navy Rocket Launcher Procurement** United States.
