City of Light Dave Warner, 2015-01-01 Snowy Lane preoccupied with a ham sandwich and the odds of making the football team on Saturday takes the terrible phone call that signals the beginning of a series of events which are to reverberate in his life and shake the city to its foundations Gruesome has taken another victim and the whole population is riveted by the emergence of the dark side of the City of Light **Private Security Companies during the Iraq War** Scott Fitzsimmons, 2015-07-16 This book explores the use of deadly force by private security companies during the Iraq War The work focuses on and compares the activities of the US companies Blackwater and Dyncorp Despite sharing several important characteristics such as working for the same client the US State Department during the same time period the employees of Blackwater fired their weapons far more often and killed and seriously injured far more people in Iraq than their

counterparts in DynCorp In order to explain this disparity the book undertakes the most comprehensive analysis ever attempted on the use of violence by the employees of these firms Based on extensive empirical research it offers a credible explanation for this difference Blackwater maintained a relatively bellicose military culture that placed strong emphasis on norms encouraging its personnel to exercise personal initiative proactive use of force and an exclusive approach to security which together motivated its personnel to use violence quite freely against anyone they suspected of posing a threat Specifically Blackwater's military culture motivated its personnel to fire upon suspected threats more quickly at greater distances and with a greater quantity of bullets and to more readily abandon the people they shot at when compared to DynCorp's personnel who maintained a military culture that encouraged far less violent behaviour Utilizing the Private Security Company Violent Incident Dataset PSCVID created by the author in 2012 the book draws upon data on hundreds of violent incidents involving private security personnel in Iraq to identify trends in the behaviour exhibited by the employees of different firms Based on this rich and original empirical data the book provides the definitive study of contemporary private security personnel in the Iraq War This book will be of much interest to students of the Iraq War Private Security Companies Military Studies War and Conflict Studies and IR in general

Navigating Friendships in Interaction Cade Bushnell, Stephen J. Moody, 2023-12-14 Bushnell and Moody present a rich investigation into the navigation of friendships adopting discursive and ethnographic perspectives to examine Japanese Chinese Korean and English interactional data Since the definition of friendship is hard to pin down most sociocultural anthropologists have tended to focus on issues of kinship and descent while leaving friendship as a residual or interstitial issue However this book puts friendship as the central focus and offers unique perspectives from the participants themselves The interactional work implicated in the accomplishment of making and being friends and the trials and tribulations of friendship are both explored through the many detailed analyses showing how the participants navigate the calm and rough waters of friendship in and through their everyday interactions Researchers undergraduates and postgraduate students in the fields of conversation analysis pragmatics and other social sciences will benefit from the real life examples in the book as well as the analysis

The Principle of Profit Models Guiping Lin, Wei Wei, Wuxiang Zhu, 2015-01-16 This book mainly focuses on defining profit models on how many main kinds of profit models there are how profit models can change a company and how to tailor a profit model to the needs of a certain company In this context profit models are classified as fixed income remaining profit and profit sharing admission toll parking fuel and sharing fees profit sources customer pricing auction combined pricing etc The logic behind all these profit models will be analyzed in detail and numerous micro cases will be introduced All of the micro cases discussed are the best profit model practices used by outstanding enterprises mainly from China and the USA including HomeAway Priceline Tencent Sina Google the Voice of China CSPN and so on These models will be complemented by a wealth of figures and additional tools to help readers better

understand the principle of profit models As such the book not only explains why entrepreneurs preferred to apply a specific kind of profit model and not others but also answers how they derived that model *EBOOK: Principles and Practice of Marketing* JOBBER, DAVID/E,2016-03-16 EBOOK Principles and Practice of Marketing
