Utahs Canyon Country Place Names Vol 2

John W. Van Cott

Utah's Canyon Country Place Names Vol 2:

Utah's Canyon Country Place Names Steve Allen, 2013-01-01 Utah's Canyon Country Place Names documents more than 4 000 place name derivations and place name changes over time. It also includes stories and early descriptions about those places often told by the first explorers or the early pioneers who settled there. Details are provided about hundreds of historic roads, trails, railroads, and highways, as well as major cowboy line camps, towns that have disappeared, and water sources used by the early settlers. Today we use those names often without a thought about the stories they tell and the history they document. Taken in aggregate, the information in these two volumes literally tells the story of the exploration and settlement of southern Utah. The book is designed not only for the serious historian but for all those interested in knowing about the land: canyoneers, hikers, river runners, rock climbers, photographers, writers, and the casual tourist. This book is unique and complete and is incredibly detailed. It is a standard reference for all those who love the canyon country of Utah. *Voices from Bears Ears* Rebecca Robinson, 2018-10-30 In late 2016, President Barack Obama designated 1.35 million acres of public lands in southeastern Utah as Bears Ears National Monument. On December 4, 2017, President Donald Trump shrank the monument by 85 percent. A land rich in human history and unsurpassed in natural beauty, Bears Ears is at the heart of a national debate over the future of public lands. Through the stories of twenty individuals and informed by interviews with more than seventy people, *Voices from Bears Ears* captures the passions of those who fought to protect Bears Ears and those who opposed the monument as a federal land grab that threatened to rob them of their economic future. It gives voice to those who have felt silenced, ignored, or disrespected. It shares stories of those who celebrate a growing movement by Indigenous peoples to protect ancestral lands and culture and those who speak devotedly about their Mormon heritage. What unites these individuals is a reverence for a homeland that defines their cultural and spiritual identity and therein lies hope for finding common ground. Journalist Rebecca Robinson provides context and perspective for understanding the ongoing debate and humanizes the abstract issues at the center of the debate. Interwoven with these stories are photographs of the interviewees and the land they consider sacred by photographer Stephen E. Strom. Through word and image, Robinson and Strom allow us to both hear and see the people whose lives are intertwined with this special place. Westwater Lost and Found Mike Milligan, 2024-04-15 *Westwater Lost and Found* Expanded Edition is the continuing story of Westwater, a relatively short, deep canyon near the Utah-Colorado state line that has become one of the most popular river running destinations in the Southwest and its lasting significance to the study of the Upper Colorado River. Thousands of recreational river runners have pushed this backwater place into the foreground of modern popular culture in the West. Westwater represents one common sequence in western history: the late opening of unexplored territories, the sporadic and ultimately often unsuccessful attempts to develop them, their renewed obscurity when development doesn't succeed, their attraction to a marginal society of dreamers and schemers, and the modern rediscovery of them due to new cultural motives, especially outdoor recreation.

which has brought many people into thousands of remote corners of the West This expanded edition brings to light historical events and explores how Westwater s location greatly contributed to early Grand Upper Colorado River boaters knowledge and how the lush Westwater Valley and Cisco became critical stops for water wood and grass along the North Branch of the Old Spanish Trail Other new additions include explorer Ellsworth Kolb s unpublished manuscript describing his 1916 1917 boating experiences on the Grand and Gunnison Rivers two stories relating to Outlaw Cave one of which expands upon the mystery of the outlaw brothers a letter from James E Miller to Frederick S Dellenbaugh in 1906 revealing new information about his boating excursion with Oro DeGarmo Babcock on the Grand River in 1897 and a portion of botanist Frederick Kreutzfeld s little known journal of 1853 that describes Captain John W Gunnison s railroad survey Loaded with extensive information and river running history Milligan s guide is sure to enhance readers knowledge of the Upper Colorado River and Grand Canyon regions Boaters river guides scholars of the American West and historians of the Colorado Green and Gunnison Rivers or the Old Spanish Trail will gain much from this new edition

The Bears Ears David Roberts,2021-02-23 A personal and historical exploration of the Bears Ears country and the fight to save a national monument The Bears Ears National Monument in southeastern Utah created by President Obama in 2016 and eviscerated by the Trump administration in 2017 contains more archaeological sites than any other region in the United States It s also a spectacularly beautiful landscape a mosaic of sandstone canyons and bold mesas and buttes This wilderness now threatened by oil and gas drilling unrestricted grazing and invasion by Jeep and ATV is at the center of the greatest environmental battle in America since the damming of the Colorado River to create Lake Powell in the 1950s In The Bears Ears acclaimed adventure writer David Roberts takes readers on a tour of his favorite place on earth as he unfolds the rich and contradictory human history of the 1 35 million acres of the Bears Ears domain Weaving personal memoir with archival research Roberts sings the praises of the outback he s explored for the last twenty five years *Fossil Record 6 Volume 2* Spencer G.

Lucas,Robert M. Sullivan, **Beyond the Hundredth Meridian** Wallace Stegner,1992-03-01 From the dean of Western writers The New York Times and the Pulitzer Prize winning author of Angle of Repose and Crossing to Safety a fascinating look at the old American West and the man who prophetically warned against the dangers of settling it In Beyond the Hundredth Meridian Wallace Stegner recounts the successes and frustrations of John Wesley Powell the distinguished ethnologist and geologist who explored the Colorado River the Grand Canyon and the homeland of Indian tribes of the American Southwest A prophet without honor who had a profound understanding of the American West Powell warned long ago of the dangers economic exploitation would pose to the West and spent a good deal of his life overcoming Washington politics in getting his message across Only now we may recognize just how accurate a prophet he was *Utah Place Names* John W. Van Cott,1990 Utah toponyms or place names Where are they What is their history Their importance Over thousand toponyms are listed alphabetically marking the passages of peoples and cultures from earliest times [American Book](#)
