What Makes A Man Twelve Promises That Will Change Your Life:

What Makes a Man? Bill McCartney, Gary Smalley, 1992 University of Colorado Buffaloes head coach Bill McCartney asked a group of well respected Christian men what it means to walk in Christlike masculinity Their answers include a common element the idea that the struggle for integrity and commitment is a large part of the journey toward becoming a man in today s world Promise Keepers and the New Masculinity Rhys H. Williams, 2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity Promise Keepers will be provocative reading for students scholars and educated readers alike Contemporary Perspectives On Masculinity Ken Clatterbaugh, 2018-10-08 What is social reality for men in modern society What maintains or explains this social reality What condition might we imagine that would be better for men How might we achieve this better condition These are the questions Kenneth Clatterbaugh brings to seven different visions of men in modern society considered in this newly updated edition In clear and insightful language Clatterbaugh surveys not just conservative liberal and radical views of masculinity but also the alternatives offered by the men s rights movement spiritual growth advocates and black and gay rights activists Each of these is explored both as a theoretical perspective and as a social movement and each offers distinctive responses to the questions posed The first edition of this book was the first to survey the range of responses to feminism that men have made as well as the first to put political theory at the center of men s awareness of their own masculinity This new edition adds chapters on recent highly publicized movements such as the Promise Keepers Million Man March and the evolution of gay men s rights Clatterbaugh treats all views with fairness and timeliness as he develops and defends a vision of men and masculinity consistent with feminist ideals and a just society With God on their Side Timothy Chandler, Tara Magdalinski, 2005-07-12 Sport and religion are cultural institutions with a global reach Each is characterised by ritualised performance and by the ecstatic devotion of its followers whether in the sports arena or the cathedral of worship This fascinating collection is the first to examine in detail the relationship between these two cultural institutions from an international religiously pluralistic perspective It illuminates the role of sport and religion in the social formation of collective groups and explores how sport

might operate in the service of a religious community The book offers a series of cutting edge contemporary historical case studies wide ranging in their social and religious contexts It presents important new work on the following fascinating topics sport and Catholicism in Northern Ireland Shinto and sumo in Japan women sport and the American Jewish identity religion race and rugby in South Africa sport and Islam in France and North Africa sport and Christian fundamentalism in the US Muhammad Ali and the Nation of Islam With God on their Side is vital reading for all students of the history sociology and culture of sport It also presents important new research material that will be of interest to religious studies students historians and anthropologists

Dean Allen, 2002 L Dean Allen analyzes both groups constructions of masculinity and social ethics in relation to the family the church and a prominent social issue Evangelical Christian leaders designed both organizations in response to their alarm at men s absence from evangelical churches and they sought to increase men s participation in churches and to improve society as a whole by their efforts Each group faced important social changes during its era such as new economic realities women s activities and perceived moral crises Despite their similarities as groups for evangelical Christian men only MRFM and PK developed contrasting constructions of masculinity and divergent social ethical calls for action **BOOK JACKET**

Prophetic Politics David S. Gutterman, 2018-07-05 In an era of military conflict and economic hardship religious and political leaders adamantly speak in the language of crisis Whether one attributes this public religious fervor to a response to the attacks of September 11 2001 millennial hopes and fears a sense of moral decay generally based on either growing economic inequality or the breakdown of the American family or a sign of the normal progression of the stages of history the discourse of religious revival is increasingly prominent And as is amply evident in the United States and throughout the world devout declarations of religious belief in the public sphere can bring intractable passions to politics from Chapter 1 What are the relationships among religion politics and narratives What makes prophetic political narratives congenial or hostile to democratic political life David S Gutterman explores the prophetic politics of four twentieth and twenty first century American Christian social movements the Reverend Billy Sunday and his vision of muscular Christianity Dr Martin Luther King Jr and the Civil Rights movement the conservative Christian male organization Promise Keepers and the progressive antipoverty organization Call to Renewal Gutterman develops a theory based on the work of Hannah Arendt and others and employs this framework to analyze expressions of the prophetic impulse in the political narrative of the United States In the process he examines timely issues about the tense and intricate relationship between religion and politics Even prior to George W Bush s faith based initiative debates about abortion family values welfare reform and environmental degradation were informed by religious language and ideas In an interdisciplinary and accessible manner Gutterman translates the narratives employed by American Christian social movements to define both the crises in the land and the path to resolving these crises The book also explores the engagement of these prophetic social movements in contentious political issues concerned with sex gender sexuality race

and class as well as broader questions of American identity

Of Gods and Games William J. Baker, 2016-11 That Americans take to sports with a spiritual fervor is no secret Athletics has even been called a civil religion for how it permeates our daily lives as we chase our own dreams of glory or watch others compete Few would deny our national devotion to sports however many would gloss over it as all of a piece To do that as William J Baker shows us is to miss the fascinating variety of experiences at the intersection of sports and religion and the ramifications of such on a national citizenry defined as Baker writes by the team they cheer on Saturday and the church they attend on Sunday With nods to modern and ancient history Baker looks at the ever changing relationship between faith and sports through vignettes about devout athletes coaches and journalists *Of Gods and Games* offers an accessible entr e into some of the larger issues embedded in American culture s sports religion connection Baker first considers two Christian athletes who have engaged sports and religion on fundamentally different terms Shelly Pennefather one of the dominant women s basketball players of the late 1980s who left the sport for life as a cloistered nun and Heisman Trophy winner Tim Tebow who has used his college and pro football careers as a platform for evangelizing In discussing basketball coach Dean Smith University of North Carolina and football coaches Steve Spurrier University of South Carolina and Bill McCartney University of Colorado Baker looks at how each strove to honor faith amid
