as well as of psychological egoism The Old Man asserts that the human being is merely a machine and nothing more driven by the singular purpose to satisfy his own desires and achieve peace of mind The Young Man objects and asks him to go into particulars and furnish his reasons for his position The work appears to be a genuine and earnest debate of his opinions about human nature rather than satirical Twain held views similar to that of the Old Man prior to writing What is Man However he seems to have varied in his opinions of human freedom It was published anonymously in 1906 and received such little attention Twain claimed to have regretted its publication After his death in 1910 the New York Tribune published a feature on it Criticism at that time focused on its dark and antireligious nature Isaac Asimov apparently had in mind this story when he wrote That Thou Art Mindful of Him since Asimov s title is from the same Bible verse and two of Asimov s robots debate the same subject The Writings of Mark Twain: How to tell a story, and other essays Mark Twain, Samuel Langhorne Clemens,
