There Goes My Everything Jason Sokol,2008-12-10 During the civil rights movement epic battles for justice were fought in the streets at lunch counters and in the classrooms of the American South Just as many battles were waged however in the hearts and minds of ordinary white southerners whose world became unrecognizable to them Jason Sokol s vivid and unprecedented account of white southerners attitudes and actions related in their own words reveals in a new light the contradictory mixture of stubborn resistance and pragmatic acceptance as well as the startling and unexpected personal transformations with which they greeted the enforcement of legal equality

Just Trying to Have School Natalie G. Adams, James H. Adams,2018-10-09 After the 1954 Brown v Board of Education ruling no state fought longer or harder to preserve segregated schools than Mississippi This massive resistance came to a crashing halt in October 1969 when the Supreme Court ruled in Alexander v Holmes Board of Education that the obligation of every school district is to terminate dual school systems at once and to operate now and hereafter only unitary schools Thirty of the thirty three Mississippi districts named in the case were ordered to open as desegregated schools after Christmas break With little guidance from state officials and no formal training or experience in effective school desegregation processes ordinary people were thrown into extraordinary circumstances However their stories have been largely ignored in desegregation literature Based on meticulous archival research and oral history interviews with over one hundred parents teachers students principals superintendents community leaders and school board members Natalie G Adams and James H Adams explore the arduous and complex task of implementing school desegregation How were bus routes determined Who lost their position as principal Who was assigned to what classes Without losing sight of the important macro forces in precipitating social change the authors shift attention to how the daily work of just trying to have school helped shape the contours of school desegregation in communities still living with the decisions made fifty years ago

The Hardest Deal of All Charles C. Bolton,2009-09-18 Race has shaped public education in the Magnolia State from Reconstruction through the Carter Administration For The Hardest Deal of All The Battle Over School Integration in

Mississippi 1870 1980 Charles C Bolton mines newspaper accounts interviews journals archival records legal and financial documents and other sources to uncover the complex story of one of Mississippi's most significant and vexing issues This history closely examines specific events the aftermath of the Brown v Board of Education decision the 1966 protests and counterdemonstrations in Grenada and the efforts of particular organizations and carefully considers the broader picture Despite a separate but equal doctrine established in the late nineteenth century the state's racially divided school systems quickly developed vast differences in terms of financing academic resources teacher salaries and quality of education As one of the nation's poorest states Mississippi could not afford to finance one school system adequately much less two For much of the twentieth century white people fought hard to preserve the dual school system in which the maintenance of one race schools became the most important measure of educational quality Black people fought equally hard to end segregated schooling realizing that their schools would remain underfunded and understaffed as long as they were not integrated

segregation Black people had to overcome fear to present a significant challenge to White domination Armed self defense was a major tool of survival in allowing some Black southern communities to maintain their integrity and existence in the face of White supremacist terror By 1965 armed resistance particularly self defense was a significant factor in the challenge of the descendants of enslaved Africans to overturning fear and intimidation and developing different political and social relationships between Black and White Mississippians This riveting historical narrative relies upon oral history archival material and scholarly literature to reconstruct the use of armed resistance by Black activists and supporters in Mississippi to challenge racist terrorism segregation and fight for human rights and political empowerment from the early 1950s through the late 1970s Publisher s website
