

Geography - Fieldwork in the school grounds. Where in the world are we?

Date and Subject	Learning Objective	Success Criteria	NC / Key Learning Reference	Key vocabulary / Questions	Learning Activities		Assessment 1 Learning
					Teacher Input	Main	
20/04/21 12:45 - 2:00	Geography	To be able to identify features of the environment. Walk carefully around our local area. Look for some of the features spoken about in class.	To name and locate some places in their locality.	Local area, shops, houses, fields, roads, detached, flats, schools, church	Explain that today we will be going on a walk in the local area. We are going to try to find these geographical features....	What does our local area look like? Take the children on a walk around the immediate vicinity of the school. Observe and record geographical features such as the types of houses, shops, roads etc.	Can the children name features our local area? Can the children describe
27/04/21 12:45 - 2:00	Geography	To be able to use a map. Look at the map of the area. Label our school and the shops. Draw the quickest route to school for someone that is lost.	Use maps and other images to talk about everyday life e.g. where they live, journeys to school etc.	Map Locate Location View Find Fastest Travel Environment	Look on google earth at our area. Pick out the features we found yesterday. Shops, fields, roads, school	What does my local area look like on a map? Use maps to decide what might be the fastest way to get somewhere. Ask children to consider how they would guide someone who was lost? This could be a paired discussion using a map.	Can the children use a map on a map? How do we use the maps to direct someone our school

Year 1 Topic Planning

Rachel Sparks Linfield

Year 1 Topic Planning:

Primary School Geography (1994) Bill Marsden, Jo Hughes, 2019-07-24 Published in 1994 this book is the result of the collaborative work undertaken at the Liverpool based Geography INSET Primary Project GIPP over three years. It presents a series of chapters for primary teachers seeking to implement the Statutory Orders for Geography in the National Curriculum. Steering a middle course between the sophistications of a theoretical methodological text and the over simplifications of a tips for teachers approach, the authors highlight the positive opportunities offered by the National Curriculum. At the same time they are critical of many aspects of the Statutory Orders without losing sight of their objective to help teachers to improve the quality of primary geography teaching. The book is especially useful for INSET work for teachers who have already grappled with National Curriculum Geography and who will be adjusting to the post Dearing rearrangements.

The Role of Subject Knowledge in the Early Years of Schooling Carol Aubrey, 1994 Teaching, Tutoring and Training in the Lifelong Learning Sector Susan Wallace, 2007-07-04 The third edition of this popular text previously entitled *Teaching and Supporting Learning in Further Education* provides comprehensive support for the teacher and student teacher in FE and elsewhere in the lifelong learning sector, detailing all they need to know in order to meet the Professional Standards in Teaching, Tutoring and Training. Practical and relevant, it provides guidance and materials to help teachers meet the standards of practice at all three stages of their professional development: introduction, intermediate and certification.

Planning an Appropriate Curriculum in the Early Years Rosemary Rodger, 2016-04-11 Now its fourth edition, *Planning an Appropriate Curriculum in the Early Years* offers a comprehensive guide for early years practitioners and students on how to plan and implement a suitable curriculum for the children in an Early Years setting. It examines the key roles and responsibilities of practitioners working in Early Years settings and those with responsibility for leading and managing provision for EYFS in primary schools. Completely revised and updated in line with the Statutory Framework for the Early Years Foundation Stage, latest research evidence and OFSTED requirements, this book covers the following aspects of the Early Years including: what we mean by planning an appropriate curriculum in the early years; transition from nursery to school and into Year 1; defining quality learning and play in the early years; assessment procedures and examples; integration of two year olds into school; the role played by parents and carers in children's learning and development; the ways in which vulnerable children are provided for; examples of planning material developed by practitioners. With case studies of good practice and questions for reflective practice and group work, this timely fourth edition will be welcomed by students and practitioners looking to provide high quality and effective learning experiences for the under fives. *Planning for Learning through What Are Things Made From?* Rachel Sparks Linfield, 2017-03-27 Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of what things are made from. The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy. This book takes you

through six weeks of activities on the theme of what are things made from Each activity is linked to a specific Early Learning Goal and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting This book also includes a photocopiable page to give to parents with ideas for them to get involved with their children s topic as well as ideas for bringing the six weeks of learning together Weekly topics include a look at materials around us including paper wood fabric wool and shiny materials Count wooden bricks make postcard collages and design shiny jewellery Bring it all together with a jumble sale Rio Puerco Resource(s) Management Plan (RMP) ,1985

Planning for Learning through Where I Live Clare Beswick,2012-08-23 Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of where I live The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy This book takes you through six weeks of activities on the theme of the local area and where children live Each activity is linked to a specific Early Learning Goal and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting This book also includes a photocopiable page to give to parents with ideas for them to get involved with their children s topic as well as ideas for bringing the six weeks of learning together The weekly themes in this book include on the high street people where I live parks and gardens safe and strong getting around and big buildings

Planning for Learning through Houses and Homes Rachel Sparks Linfield,2012-11-06 Plan for six weeks of learning covering all six areas of learning and development of the EYFS through the topic of houses and homes The Planning for Learning series is a series of topic books written around the Early Years Foundation Stage designed to make planning easy This book takes you through six weeks of activities on the theme of houses and homes Each activity is linked to a specific Early Learning Goal and the book contains a skills overview so that practitioners can keep track of which areas of learning and development they are promoting This book also includes a photocopiable page to give to parents with ideas for them to get involved with their children s topic as well as ideas for bringing the six weeks of learning together The weekly themes in this book include my home decorating furniture and appliances taking care of the home the garden home for sale and the housewarming If children in your care are interested in role playing home making then this book has plenty of ideas to extend and support that interest **Personalising Learning in the Primary Classroom** Dr Elaine Wilmot,2006-10-09

Personalising learning is the hot topic on the government s education agenda It is seen to be the way forward to get the very best out of every child and it forms the focus of this timely new book by Crown House Publishing Personalising Learning in the Primary Classroom will Challenge the schools thinking about how they teach Encourage schools to put the learner at the heart of the educational agenda Support primary schools in their work to meet this challenge Consider all aspects of learning and teaching in the primary school and Provide useful questions for the reader to consider their own working practices in the context of personalising learning Personalising learning is seen as a powerful solution to reforming our current education

system in order to meet individual learning needs and thereby raise standards Where current thinking has personalising learning in the secondary sector the author argues that for personalising learning to be successful children must start making real choices about their learning from the earliest age and must be guided and coached through their primary years rather than being taught in the traditional way She argues that the curriculum should be made to fit the child rather than the child being pushed through the sausage factory education systems as it currently stands The book is packed with practical ideas that have been tried and tested in a real school and have proved popular with staff parents and pupils and Ofsted It considers all aspects of learning and teaching in the primary school and provides useful questions for the reader to consider their own working practices in the context of personalising learning

Outline of Plans for Vocational Education and Civilian Rehabilitation in the State of Iowa Iowa.
