Bo Juyi Juyi Bai, 2000 The Tang dynasty was the great age of Chinese poetry and Po Chi 772-846 was one of that era's most prolific major poets His appealing style marked by deliberate simplicity won him wide popularity among the Chinese public at large and made him a favorite with readers in Korea and Japan as well From Po Chi's well preserved corpus personally compiled and arranged by the poet himself in an edition of seventy five chapters the esteemed translator Burton Watson has chosen 128 poems and one short prose piece that exemplify the earthy grace and deceptive simplicity of this master poet For Po Chi writing poetry was a way to expose the ills of society and an autobiographical medium to record daily activities as well as a source of deep personal delight and satisfaction constituting along with wine and song one of the chief joys of existence Whether exposing the gluttony of arrogant palace attendants during a famine describing the delights of drunkenly chanting new poems under the autumn moon depicting the peaceful equanimity that comes with old age or marveling at cool Zen repose during a heat wave

these masterfully translated poems shine with a precisely crafted artlessness that conveys the subtle delights of Chinese poetry

The Fragrant Companions Li Yu, 2022-07-12 Two young gentry women meet by chance at a nunnery in Yangzhou where they fall in love at first sight. After they exchange poetry and recognize each other's literary talents their emotional bond deepens. They conduct a mock wedding ceremony at the nunnery and hatch a plan to spend the rest of their lives together. Their schemes are stymied by a series of obstacles but in the end the two women find an unlikely resolution. *A Man Nags a Marriage*. *The Fragrant Companions* is the most significant work of literature that portrays female same sex love in the entire premodern Chinese tradition. Written in 1651 by Li Yu one of the most inventive and irreverent literary figures of seventeenth century China this play is at once an unconventional romantic comedy a barbed satire and a sympathetic portrayal of love between women. It offers a sensitive portrait of the two women's passion for each other depicts their intellectual pursuits and resourcefulness and celebrates their partial triumph over social convention. At the same time Li caustically mocks the imperial examination system and deflates the idealized image of the male scholar. *The Fragrant Companions* is both an indispensable source for students and scholars of gender and sexuality in premodern China and a compelling work of literature for all readers interested in China's rich theatrical traditions.

Haiku Before Haiku Steven D. Carter, 2011-02-05 While the rise of the charmingly simple brilliantly evocative haiku is often associated with the seventeenth century Japanese poet Matsuo Basho the form had already flourished for three hundred years before Basho even began to write. These early poems known as hokku are identical to haiku in syllable count and structure but function differently as a genre. Whereas each haiku is its own constellation of image and meaning hokku opens a series of linked collaborative stanzas in a sequence called renga. Under the mastery of Basho hokku first gained its

modern independence His talents evolved the style into the haiku beloved by so many poets today Richard Wright Jack Kerouac and Billy Collins being notable devotees This anthology reproduces 300 Japanese hokku poems composed between the thirteenth and early eighteenth centuries from the work of the courtier Nijo Yoshimoto to the genre's first professional master Sogi and his subsequent disciples It also features twenty masterpieces by Basho himself Steven Carter a renowned scholar of Japanese poetry and prominent translator includes an introduction covering the history of haiku and the form's aesthetics and classifies these poems according to style and context distinguishing early renga from Haikai renga and renga from the Edo period for example His rich commentary and analysis illuminates each work and he adds their romanized versions and notes on composition and setting as well as brief descriptions of the poets and the times in which they wrote

Brandon, Samuel L.

Leiter, 2004-05-31 Masterpieces of Kabuki contains eighteen outstanding dramas taken from the landmark four volume series Kabuki Plays On Stage Together they cover the entire spectrum of kabuki drama from 1697 to 1905 the period during which kabuki's dramaturgy flourished prior to the onset of Western dramatic influence Major playwrights chronological periods of playwriting and a variety of play types history domestic and dance dramas and performance styles are represented All but one are in the current repertory and regularly staged The volume includes introductions to each play and a new general introduction highlighting kabuki's historical development and relating the plays to their performance context As the subtitle implies the plays are translated as if on stage Stage directions indicate major scenic effects stage action costuming makeup music and sound effects In some cases complex stage actions such as stage fights are given in detail The plays collected here are all marvelous examples of dramatic writing intended to be acted on the stage before audiences They reveal kabuki's eras of brilliance and bravado villainy and vengeance darkness and desire and restoration and reform All continue to stir audiences to admiration and excitement *Zongmi on Chan* Jeffrey Lyle Broughton, 2009-05-14 Japanese Zen often implies that textual learning gakumon in Buddhism and personal experience taiken in Zen are separate but the career and writings of the Chinese Tang dynasty Chan master Guifeng Zongmi 780-841 undermine this division For the first time in English Jeffrey Broughton presents an annotated translation of Zongmi's magnum opus the Chan Prolegomenon along with translations of his Chan Letter and Chan Notes The Chan Prolegomenon persuasively argues that Chan axiom realizations are identical to the teachings embedded in canonical word and that one who transmits Chan must use the sutras and treatises as

a standard Japanese Rinzai Zen has since the Edo period marginalized the sutra based Chan of the Chan Prolegomenon and its successor text the Mind Mirror Zongjinglu of Yongming Yanshou 904-976. This book contains the first in depth treatment in English of the neglected Mind Mirror positioning it as a restatement of Zongmi's work for a Song dynasty audience. The ideas and models of the Chan Prolegomenon often disseminated in East Asia through the conduit of the Mind Mirror were highly influential in the Chan traditions of Song and Ming China, Korea from the late Koryo onward and Kamakura Muromachi Japan. In addition, Tangut language translations of Zongmi's Chan Prolegomenon and Chan Letter constitute the very basis of the Chan tradition of the state of Xixia. As Broughton shows, the sutra based Chan of Zongmi and Yanshou was much more normative in the East Asian world than previously believed and readers who seek a deeper, more complete understanding of the Chan tradition will experience a surprising reorientation in this book. **Basic Writings**

Zhuangzi, 1996. Chuang Tzu 369-286 BC was a leading Taoist philosopher. Using parable and anecdote, allegory and paradox, he set forth in this book the early ideas of what was to become the Taoist school. This collection includes the seven inner chapters, three of the outer chapters and one of the miscellaneous chapters. **The Platform Sutra of the Sixth Patriarch**

Philip Yampolsky, 2012-03-20. The Platform Sutra records the teachings of Hui neng, the Sixth Patriarch, who is revered as one of the two great figures in the founding of Chan Zen Buddhism. This translation is the definitive English version of the eighth century Chan classic. Phillip B. Yampolsky has based his translation on the Tun Huang manuscript, the earliest extant version of the work. A critical edition of the Chinese text is given at the end of the volume. Dr. Yampolsky also furnishes a lengthy and detailed historical introduction which contains much information hitherto unavailable even to scholars and provides the context essential to an understanding of Hui neng's work. He gives an account of the history and legends of Chan Buddhism with particular attention to the traditions associated with Hui neng, quoting or summarizing the most important narratives. He then discusses the various texts of the Platform Sutra and analyzes its contents. The reprint edition adds a new introduction to the translation, situating it in the literature and relating it to the companion volume. The glossary has been updated from Wade-Giles to pinyin.
