You Can Have What You Say

Fyodor Dostoyevsky

You Can Have What You Say:

The Bible Says You Can Have What You Say Joe White, 2017-11 This brief book cuts through the fog and gives you the answers you need to have what you say The book is based on the Bible and Science No Eastern mysticism no mumble jumble Just simple clear cut information to help you live the life God intended for you to live You won't put it down until you have finished

Speak Your Future Andrew Cheaney, 2024-03-03 The first statement I want to make is What You Say is What You Get The scripture reference is Mark 11 23 24 That's exactly what it says Do you see this mountain If you want to move it all you have to do is speak to it and if you believe what you say then you can have it You can have whatever you say These are true words these are scriptural words What you say is what you get It's not like a comedian saying What you see is what you get This is a study on controlling your words Why should you control your words Your words control your life whether you believe it or not We have witnessed this to be true What you say determines your future We believe that God knows the future but how does He know it Because He has spoken of the future He spoke the world into existence and everything else He said This world will pass away but my word will never pass away When considering predestination remember this God is not willing that any should perish Do you wonder if God knows if you will be saved or not I don't know But God said that you should have redemption and you have it if you want it God spoke of the future That's how he knows the future He has also given you the power to shape your own future I know this might sound strange but you actually speak your own future That's why I'm training myself to control my words and my future Your words are powerful Once spoken they become life In this book we'll show you how what you say is what you get Also remember this You cannot go beyond what you allow yourself to think or say Think back and ask yourself What has been happening to me Consider what you've been saying or thinking all your life You'll realize that you have been speaking your life into existence I haven't provided any evidence yet but in this book we'll show you how it's true We'll provide enough scripture to convince you So now pause and open your mind and spirit to Jesus Christ our Lord Ask the Father to teach you His ways **Harper's Weekly** John Bonner, George William Curtis, Henry Mills Alden, Samuel Stillman Conant, Montgomery Schuyler, John Foord, Richard Harding Davis, Carl Schurz, Henry Loomis Nelson, John Kendrick Bangs, George Brinton McClellan Harvey, Norman Hapgood, 1901

Take It Easy, Vol 1 Talks on Zen Buddhism Osho, 2023-03-07 Religion is the vast sky of existence Reason is a tiny human phenomenon The reason has to be lost has to be dropped Only by going beyond the mind does one start understanding what is That's the radical change No philosophy can bring that radical change only religion Religion is non philosophic anti philosophic and Zen is the purest form of religion Zen is the very essence of religion Hence it is irrational it is absurd If you

try to understand it logically you will be bewildered It can only be understood illogically It has to be approached in deep sympathy and love YOU CANNOT approach Zen through empirical scientific objective concepts They all have to be dropped It is a heart phenomenon You have to feel it rather than think it You have to BE it to know it Being is knowing And there is no other knowing **Complete Works of Captain F.
