Reprobation: from Augustine to the Synod of Dort Peter Sammons, 2020-01-20 Over the centuries the Protestant church has been severed into two major positions in regard to predestination and reprobation On one side the Arminians largely reject these doctrines while the reformed readily embrace them as biblical truth Although much has been written either rejecting or defending the doctrine of reprobation little attention has been given to the historical development of the reformed position on the nature of reprobation and God s use of secondary causality in the hardening of the wicked By means of historical analysis Peter Sammons traces the development of the doctrine of reprobation from Augustine to the Synod of Dort In this book Sammons gives special attention to views on reprobation and its various parts preterition and predamnation along with how historically theologians have attempted to articulate its execution Perhaps one of the greatest paradoxes in all of Scripture theology and philosophy is here addressed How does an omnibenevolent and omnipotent God

predetermine and interact with sin in the world Answering the question proves vital not merely to reconcile theological and philosophical concerns but to answer the all important question of life Who is God This volume is intended to provide a balanced analysis of the historical and intellectual development within reformed theology as to how God is simultaneously holy and sovereign by examining how reprobation and its parts have historically been defined Reformed understanding on this doctrine was not done in a vacuum nor was it concluded in the 180 meetings of the Synod of Dort rather it has a history within the church of thoughtful development *Special Revelation and Scripture* David S. Dockery, Malcolm B.

Yarnell, 2024-05-01 In their book *Special Revelation and Scripture* David Dockery and Malcolm Yarnell explore the fundamental elements of divine revelation such as inspiration reliability and authority and how these elements influence and shape the Christian's understanding of theological doctrines ethical teachings and matters concerning worldview The Son Cometh Volume I Brian D. Baldemor, 2024-12-15 What if history prophecy and Scripture were threads in one divinely orchestrated story The Son Cometh Jesus Christ King of the Jews is an exegetical systematic and historical exploration of the forty year span from the rise of Herod the Great ca 44 BCE to the fall of Jerusalem in 70 CE Brian D Baldemor offers readers a rigorous chronicle of the religious and political forces that shaped the ministry of Jesus and the formation of the early Church This first volume unfolds the theological significance of key events Herod's ascent Roman occupation Jewish resistance and Christ's death and resurrection while tracing the emergence of the New Testament canon With meticulous analysis the book harmonizes the Gospel accounts Acts Revelation and apostolic epistles providing readers with a historically grounded timeline and a compelling context for the writings of the early Church Drawing on a wide range of primary sources including Josephus Philo and Eusebius Baldemor bridges Jewish tradition Roman history and Christian theology to illuminate how the Law and the Prophets foreshadowed the coming of the Messiah Whether you're a scholar pastor or reader passionate about biblical history The Son Cometh offers a bold faith affirming vision of Jesus Christ as the prophesied King and fulfillment of God's redemptive plan Step into the fullness of time order now and rediscover the gospel's historical foundation No Quick Fix Andrew David Naselli, 2017-08-30 Every Christian struggles with sin and wants to be victorious in the fight There is no quick fix Every Christian struggles with sin and wants to be victorious in the fight Higher life theology also known as Keswick theology offers a quick fix for this struggle It teaches that there are two categories of Christians those who are merely saved and those who have really surrendered to Christ or those who have Jesus as their Savior alone and those who have him as their Master as well If Christians can simply let go and let God they can be free of struggling with sin and brought to that higher level of spiritual life What could be wrong with that A lot it turns out In No Quick Fix a shorter and more accessible version of his book Let Go and Let God Andy Naselli critiques higher life theology from a biblical perspective He shows that it leads not to freedom but to frustration because it promises something it has no power to deliver Along the way he tells the story of where higher life theology came from describes its characteristics and compares it to what

the Bible really says about how we overcome sin and become more like Christ Publisher **Reformed Systematic Theology, Volume 2** Joel Beeke, Paul M. Smalley, 2020-11-16 The aim of systematic theology is to engage not only the head but also the heart and hands Only recently has the church compartmentalized these aspects of life separating the academic discipline of theology from the spiritual disciplines of faith and obedience This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights characterized by a simple accessible comprehensive Reformed and experiential approach In this volume Joel R Beeke and Paul M Smalley shift from the doctrine of God theology proper to the doctrine of humanity anthropology and the doctrine of Christ Christology This extensive reformed theology explores the Bible's teaching about who we are and why we were created as well as who Jesus is and why his divinity is essential to the Christian faith Evangelical Bible Doctrine Dr. Keith Sherlin, 2015-12-10 Over twenty one faithful evangelical Bible teachers have joined together in this work to both honor the legacy of Dr Mal Couch as well as to promote a solid sacred and safe theological manual for the body of Christ Colleagues and friends of Dr Couch such as Dr Wayne House Dr Norman Geisler Dr Arnold Fruchtenbaum Dr Timothy Demy and more along with many of Mal's students and disciples set forth in this work a biblical and practical theology The first half of the book covers all twelve of the major biblical doctrines of Christianity The last half covers some of the hottest theological topics and practical issues that present day believers ought to be aware of in order to properly defend the faith In chapter 25 you will meet many of the disciples in Christ that Mal taught over the years as they express their gratitude for this godly giant of the faith So if you are curious about what a holistic evangelical faith looks like and even curious as to how dispensationalism fits within orthodox evangelicalism this book will provide for you a solid resource for many years to come Beyond Calvin John V. Fesko, 2012-06-13 The investigation of union with Christ and justification has been dominated by the figure of John Calvin Calvin's influence however has been exaggerated in our own day Theologians within the Early Modern Reformed tradition contributed to the development of these doctrines and did not view Calvin as the normative theologian of the tradition John V Fesko therefore goes beyond Calvin and explores union with Christ and justification in the Reformation Early Orthodox and High Orthodox periods of the Reformed tradition and covers lesser known but equally important figures such as Juan de Valdes Peter Martyr Vermigli Girolamo Zanchi William Perkins John Owen Francis Turretin and Herman Witsius The study also covers theologians that either lie outside or transgress the Reformed tradition such as Martin Luther Philip Melancthon Faustus Socinus Jacob Arminius and Richard Baxter By treating this diverse body of figures the study reveals areas of agreement and diversity on these two doctrines The author demonstrates that among the diverse formulations all surveyed Reformed theologians accord justification priority over sanctification within the broader rubric of union with Christ Fesko shows that Reformed theologians affirm both union with Christ and the golden chain of salvation ideas that moderns find incompatible In sum rather than reading an individual theologian isolated from his context this study provides a contextual

reading of union with Christ and justification in the Early Modern Reformed context **Issues in Biblical Inspiration**
