The Worlds We Make The Fallen World Trilogy Reader:

The Fallen World Megan Crewe, 2022-03-29 It starts with an itch you just can't shake. Then comes a fever and a tickle in your throat. A few days later you'll be blabbing your secrets and chatting with strangers like they're old friends. Three more and the paranoid hallucinations kick in. And then you're dead. When a strange new virus sweeps through sixteen-year-old Kaelyn's island community, everything she took for granted slips away. As the dead pile up, the schools close, the phone lines fail, and the power goes out, desperate to save her home, Kaelyn joins forces with a former rival and opens her heart to a boy she once feared. The journey they set off on will test her resilience and shake her faith in humankind. How much of herself will she have to sacrifice to see her mission through? This box set contains the complete *Fallen World* trilogy: *The Way We Fall*, *The Lives We Lost*, and *The Worlds We Make*, as well as *Those Who Lived*, the *Fallen World* story collection.

Those Who Lived Megan Crewe, 2022-03-29 This collection of stories gives a new voice to three characters from Megan Crewe's thrilling post-apocalyptic *Fallen World* trilogy and a glimpse of life beyond *The Worlds We Make*. Carry the Earth: When Kaelyn's news about the vaccine stirs up unrest at the artists colony, Tessa struggles to protect the sanctuary she's carefully constructed. Trial by Fire: Drew tackles a new assignment that not only puts him at odds with his most vicious colleague and his life on the line but may also determine the entire future of the Wardens. Water Song: After he convinces a boy to leave his sick mother, Leo commits to helping the now-hostile kid settle into life with the surviving islanders while confronting his own self-doubts. This is the fourth volume in the *Fallen World* series and should be read after books one through three.

A Mortal Song Megan Crewe, 2017-06-24 Sora's life was full of magic until she discovered it was all a lie. Heir to Mt. Fuji's spirit kingdom, Sora yearns to finally take on the sacred kami duties. But just as she confronts her parents to make a plea, a ghostly army invades the mountain. Barely escaping with her life, Sora follows her mother's last instructions to a heart-wrenching discovery: she is a human changeling raised as a decoy while her parents' true daughter remained safe but unaware in modern-day Tokyo. Her powers were only borrowed, never her own. Now with the world's natural cycles falling into chaos and the ghosts plotting an even more deadly assault, it falls on her to train the unprepared kami princess. As Sora struggles with her emerging human weaknesses and the draw of an unanticipated ally with secrets of his own, she vows to keep fighting for her loved ones and the world they once protected. But for one mortal girl to make a difference in this desperate war between the spirits, she may have to give up the only home she's ever known. With its breathtaking action, heart-wrenching conflict, and unexpected romance, this vivid standalone contemporary fantasy will delight fans of Julie Kagawa and Laini Taylor. Dive into the captivating world of the kami today.

Ludics and Laughter as Feminist Aesthetic Jennifer Gustar,Caleb Sivyer,Sarah Gamble,2021-01-20 Angela Carter s provocations to laughter and her enchantment with ludic narrative strategies are two key aspects of her aesthetic practice neither of which has been the focus of sustained study Ludics and Laughter as Feminist Aesthetic Angela Carter at Play responds to this lacuna in Carter criticism This international collection of eleven essays from acclaimed Carter scholars and emerging voices in the field of Carter studies seeks to reclaim play as a serious undertaking for feminist writing and scholarship and to foreground laughter as a potent affect While Carter s work turned to comedy in the later years from the first publication in 1966 until her last in 1992 her fiction poetry and journalism engaged in sharp social and cultural critique she habitually engaged this critique through ludic structures and wickedly funny narratives that challenged conventional norms and ways of thinking Contributors explore the diverse ways in which Carter compelled a complex and often uneasy laughter by means of a controversial aesthetic that merges a persistently ludic sensibility with a biting intransigent wit This volume draws on theories of play surrealism feminism as well as studies of feminist humour and

Carter's own journals and diaries to reveal the ways in which her work moves readers towards the unexpected. This volume will be of relevance both to scholars of Carter's work and of feminist humour more generally as well as it will be of interest to students and general readers of Carter's fiction, journalism and poetry. **Makers of Worlds, Readers of Signs** Kfir Cohen Lustig, 2019-09-03 A sweeping new theory of world literature through a study of Palestinian and Israeli literature from the 1940s to the present. *Makers of Worlds, Readers of Signs* charts the aesthetic and political formation of neoliberalism and globalisation in Israeli and Palestinian literature from the 1940s to the present. By tracking literature's move from making worlds to reading signs, Cohen Lustig proposes a new way to read and theorise our global contemporary. Cohen Lustig argues that the period of Israeli statism and its counterpart of Palestinian statelessness produced works that sought to make and create whole worlds and social time from the creation of the new state of Israel to preserving collective visions of Palestinian statehood. During the period of neoliberalism after 1985 in Israel and the 1993 Oslo Accords in Palestine, literature turned to the reading of signs where politics and history are now rearticulated through the private lives of individual subjects. Here characters do not make social time but live within it and inquire after its missing origin. Cohen Lustig argues for new ways to track the subjectivities and aesthetics produced by larger shifts in production. In so doing, he proposes a new model to understand the historical development of Israeli and Palestinian literature as well as world literature in our contemporary moment. With a preface from Fredric Jameson. [Stewardship and the Future of the Planet](#) Rachel Carnell, Chris Mounsey, 2022-07-22 This volume examines historical views of stewardship that have sometimes allowed humans to ravage the earth as well as contemporary and futuristic visions of stewardship that will be necessary to achieve pragmatic progress to save life on earth as we know it. The idea of stewardship, human responsibility to tend the Earth, has been central to human cultures throughout history as evident in the Judeo-Christian Genesis story of the Garden of Eden and in a diverse range of parallel tales from other traditions around the world. Despite such foundational hortatory stories about preserving the earth on which we live, humanity in the Anthropocene is nevertheless currently destroying the planet with breathtaking speed. Much research on stewardship today in the disciplines of geography, urban studies, oceans research and green business practice offers insights that should help address the ecological challenges facing the planet. Simultaneous scholarship in the humanities and other fields reminds us that the damage done to the planet has often been carried out in the name of tending the land. In order to make progress in environmental stewardship, scholars must speak to each other across the disciplinary boundaries as they do in this volume. **The Study In Red Trilogy** Brian L.
