The Wrong Guys Murder False Confessions And The Norfolk Four:

The Wrong Guys Tom Wells, Richard A. Leo, 2008 A gripping true story of justice gone awry in which four innocent men separately confess to the 1997 murder and rape of a woman Although the real perpetrator has now been convicted three of the four men remain in prison attesting to the powerful role of confession in the criminal justice system Wells and Leo interweave a narrative following this unfolding case exploring topics of coercive interrogation police perjury and prosecutorial politics in the death penalty This book presents an urgent call for justice and reformation

Blind Injustice Mark Godsey, 2019-02-05 In this unprecedented view from the trenches prosecutor turned champion for the innocent Mark Godsey takes us inside the frailties of the human mind as they unfold in real world wrongful convictions Drawing upon stories from his own career Godsey shares how innate psychological flaws in judges police lawyers and juries coupled with a tough on crime environment can cause investigations to go awry leading to the convictions of innocent people In Blind Injustice Godsey explores distinct psychological human weaknesses inherent in the criminal justice system confirmation bias memory malleability cognitive dissonance bureaucratic denial dehumanization and others and illustrates each with stories from his time as a hard nosed prosecutor and then as an attorney for the Ohio Innocence Project He also lays bare the criminal justice system's internal political pressures How does the fact that judges sheriffs and prosecutors are elected officials influence how they view cases How can defense attorneys support clients when many are overworked and underpaid And how do juries overcome bias leading them to believe that police and expert witnesses know more than they do about what evidence means This book sheds a harsh light on the unintentional yet routine injustices committed by those charged with upholding justice Yet in the end Godsey recommends structural procedural and attitudinal changes aimed at restoring justice to the criminal justice system

Framed John Grisham, Jim McCloskey, 2024-10-15 1 NEW YORK TIMES BESTSELLER The master of the legal thriller Associated Press teams up with the godfather of the innocence movement Texas Monthly to share ten harrowing true stories of wrongful convictions Each of these stories is told with astonishing power David Grann author of Killers of the Flower Moon Gripping compelling What makes Framed important reading isn't the shock value advertised in the title It's the exposure of the infuriating recurrent factors involved in so many unrighteous convictions The Washington Post John Grisham is known worldwide for his bestselling novels but it's his real life passion for justice that led to his work with Jim McCloskey of Centurion Ministries the first organization dedicated to exonerating innocent people who have been wrongly convicted Together they offer an inside look at the many injustices in our criminal justice system A fundamental principle of our legal system is a presumption of innocence but once someone has been found guilty there is very little room to prove doubt These ten true stories shed light on Americans who were innocent but found guilty and forced to sacrifice friends families and decades of their lives to prison while the guilty parties remained free In each of the stories John Grisham and Jim McCloskey recount the dramatic hard fought battles for exoneration They take a close look at what leads to wrongful convictions in the

first place and the racism misconduct flawed testimony and corruption in the court system that can make them so hard to reverse Impeccably researched and told with page turning suspense as only John Grisham can deliver Framed is the story of winning freedom when the battle already seems lost and the deck is stacked against you Look for John Grisham s forthcoming legal thriller The Widow This time the verdict isn t the end of the story *Handbook of Forensic Sociology and Psychology* Stephen J. Morewitz,Mark L. Goldstein,2013-08-20 The role of behavioral and social sciences in the courtroom setting has expanded exponentially in the past few decades It is now widely recognized that scientists in these areas provide critical contextual information for legal decision making and that there is a reliable knowledge base for doing so While there are many handbooks of forensic psychology this is the first such volume to incorporate sociological findings broadening the conceptual basis for examining cases in both the civil and criminal realms including immigration issues personal injury child custody and sexual harassment This volume will examine the responsibilities of expert witnesses and consultants and how they may utilize principles theories and methods from both sociology and psychology It will show these disciplines together can improve the identification and apprehension of criminals as well as enhance the administration of justice by clarifying profiles of criminal behavior particularly in cases of serial killers death threat makers stalkers and kidnappers The volume is quite comprehensive covering a range of medical school environmental and business settings Throughout it links basic ideas to real applications and their impact on the justice system *The Cambridge Handbook of Policing in the United States* Tamara Rice Lave,Eric J. Mark Pendergrast, 2017 Everyone knows the story of Jerry Sandusky the serial pedophile the Monster But what if that story is wrong What if the former Penn State football coach and founder of the Second Mile is an innocent man convicted in the midst of a moral panic fed by the sensationalistic media police trawling and memory warping psychotherapy The Most Hated Man in America reads like a true crime psychological thriller and is required reading for everyone from criminologists to sports fans If potential readers are convinced that Jerry Sandusky is guilty they need to read The Most Hated Man in America This meticulously researched provocative and wonderfully written book by Mark Pendergrast an enormously important contributor to the repressed memory debate will certainly make them see another side Maybe they will think twice Elizabeth Loftus Distinguished Professor of Psychology Social Behavior University of California Irvine author The Myth of Repressed Memory and other books The Most Hated Man in America tells a truly remarkable story In all the media coverage the Sandusky case has received it's amazing that no one else has noticed or written about so many of these things including all the memories that were retrieved through therapy and litigation One would think that the sheer insanity of so much of this will have to eventually come out Richard A Leo Hamill Family Professor of Law and Psychology University of San Francisco author Police Interrogation and American Justice and The Wrong Guys Murder False Confessions and the Norfolk Four Virtually everybody knows with certainty that Jerry Sandusky is a serial child molester He was after all found guilty by a jury of his peers But what if what we think we know about Sandusky is at least in some ways incorrect Regardless of their ultimate conclusions readers will find The Most Hated Man in America to be thoughtful and provocative addressing questions that deserve to be asked in a just society Fred S Berlin M D Ph D Director The Johns Hopkins Sexual Behavior Consultation Unit The Johns Hopkins University School of Medicine

Confessions of Murder Alan R. Warren, 2020 **Confessions of Murder** Alan Warren, R. J. Parker Publishing, 2018-02-24 It started with a frantic call for help from Sebastian Burns and Atif Rafay when the two boys arrived home at just after 2 a m on July 13 1994 and found Rafay's family brutally beaten to death in their Bellevue Washington home Who would kill this well liked family in such a horrific way Police had no physical evidence and no witnesses the case was a dead end It was time to bring in Mr Big Mr Big is a covert investigation where undercover detectives create a fictitious criminal gang and seduce their suspects into joining them in their criminal activities and police would soon gain their suspects confidence and elicit a confession from them Burns and Rafay would eventually confess on tape to undercover detectives and be convicted of the three murders of Rafay's family In the last 25 years the RCMP Royal Canadian Mounted Police have run more than 350 Mr Big operations on suspects of crimes where there was no evidence found and have had a 95% success rate in prosecution It was in July 2014 when the Supreme Court of Canada ruled unanimously that confessions arising from the Mr Big operations would be considered presumptively inadmissible on another case against Nelson Hart The Mr Big Sting in the Hart case was said to have overwhelming inducements veiled threats of violence and intimidation and considered an abuse of process by the police So now what will happen to the hundreds of other

cases that have been tried by this unreliable procedure in which the Mr Big coerced confession was the only evidence used to convict the suspect This book will cover the cases that have now been brought back into court on appeals based on the Mr Big operation and will explain the outcomes
