The Zen Of Css Design Visual Enlightenment For The Web:

The Zen of CSS Design Dave Shea, Molly E. Holzschlag, 2005 *Online Credibility and Digital Ethos: Evaluating Computer-Mediated Communication* Folk, Moe, Apostel, Shawn, 2012-12-31 Digital technology plays a vital role in today's need for instant information access. The simplicity of acquiring and publishing online information presents new challenges in establishing and evaluating online credibility. *Online Credibility and Digital Ethos: Evaluating Computer Mediated Communication* highlights important approaches to evaluating the credibility of digital sources and techniques used for various digital fields. This book brings together research in computer mediated communication along with the affects digital culture and online credibility **Web Design in a Nutshell** Jennifer Niederst Robbins, 2006-02-21 Completely revised for standards compliance including CSS 2.1 and XHTML 1.0 Cover *Software Engineering for Modern Web Applications: Methodologies and Technologies* Brandon, Daniel M., 2008-06-30 This book presents current effective software engineering methods for the design and development of modern Web based applications. Provided by publisher **E-Governance and Civic Engagement: Factors and Determinants of E-Democracy** Manoharan, Aroon, Holzer, Marc, 2011-10-31 This book examines how e government facilitates online public reporting, two way communication and debate, online citizen participation in decision making and citizen satisfaction with e governance. Provided by publisher **Designing a Digital Portfolio** Cynthia L. Baron, 2009-09-25 Portfolios have always been artists' most valuable tools for communicating their talents to the outside world, whether to potential employers or galleries or clients. But the days of sketches and slides have given way to arrangements of digital assets that are both simpler and more complex than their traditional analog counterparts. Instructor and design professional Cynthia Baron covers all the facets that artists need to know from choosing the best work for a particular audience to using various file formats to organizing, designing and presenting the portfolio. Beautiful full color illustrations demonstrate her instructions and case studies throughout portray examples of attractive and effective portfolio design. This book gives artists at any level a creative edge ensuring that their portfolios get noticed and help them stand out from the crowd **Producing for Web 2.0** Jason Whittaker, 2009-06-03 Praise for the previous edition: Gives an excellent insight into the main issues of creating a website and offers a good foundation of knowledge in net. *Producing for Web 2.0* is a clear and practical guide to the planning, set up and management of a website in web 2.0. It gives readers an overview of the current technologies available for online communications and shows how to use them for maximum effect when planning a website. *Producing for Web 2.0* sets out the practical toolkit needed for web design and content management. It is supported by a regularly updated and comprehensive Companion Website at www.producingforweb2.com where readers can see examples of programming and demonstrations of concepts discussed in the book as well as trying things out themselves. *Producing for Web 2.0* includes illustrated examples of good design and content advice on content maintenance and how to use sites effectively, tips on using multimedia including video, audio, flash and

images a chapter on ethics and internet regulations for journalists and writers tutorials for the main applications used in website design step by step guides to difficult areas with screenshots guides to good practice for all those involved in publishing news online The Buddha in the Machine R. John Williams,2014-06-24 The writers and artists described in this book are joined by a desire to embrace Eastern aesthetics as a means of redeeming Western technoculture The assumption they all share is that at the core of modern Western culture there lies an originary and all encompassing philosophical error and that Asian art offers a way out of that awful matrix That desire this book attempts to demonstrate has informed Anglo and even Asian American debates about technology and art since the late nineteenth century and continues to skew our responses to our own technocultural environment Designing Web Navigation James Kalbach,2007 Provides information on basic Web design and development techniques to create effective navigation systems *Step Inside Design* ,2002
