Themes in Geographic Thought (Routledge Revivals) Milton Harvey, Brian Holly, 2014-03-18 Themes in Geographic Thought first published in 1981 explores in breadth and depth the interrelationships among the history of Geography geographic thought and methodology specifically focusing on the interactions between geographical research and various contemporary philosophical schools positivism pragmatism functionalism phenomenology existentialism idealism realism and Marxism An attempt is made to synthesise Geography's historically rich tradition with the current diversity in approaches to the discipline based on the belief that geographic thought at any point in time is a manifestation of the mutual influence between the prevailing philosophical viewpoints and the major methodological approaches in vogue Each chapter presents an overview of the concrete ideas of a particular school of philosophy and stresses its relevance and impact on various aspects of Geography Themes in Geographic Thought Milton E. Harvey, Brian P. Holly, 1989 **Themes in Geographic Thought** Milton E. Harvey, Brian P. Holly, 1981 Exploring Social Geography (Routledge Revivals) Peter A. Jackson, Susan J. Smith, 2014-06-17 Exploring Social Geography first published in 1984 offers a challenging yet comprehensive introduction to the wealth of empirical research and theoretical debate that has developed in response to the advent of a social approach to the subject The argument emphasises the essentially spatial structure of social interaction and includes a succinct discussion of geographical research on segregation and interaction which has combined numerical analyses and qualitative ethnographic field research A distinctive view of social geography is adopted inspired by the Chicago school of North American pragmatism but also incorporating the formal sociological theories of Simmel and Weber Exploring Social Geography will be of value to students of urban geography in particular However it will also indicate a wide ranging and distinctive perspective for all students of the social sciences with a special interest in debates concerning urban ethnic racial anthropological and theoretical issues Geographic Thought Tim Cresswell, 2013-01-22 This engaging and accessible introduction to geographic thought explores the major thinkers and key theoretical developments in the field of human geography Covers the complete range of the development of theoretical knowledge of the field from ancient geography to contemporary non representational theory Presents theories in an accessible manner through the author's engaging writing style Examines the influence of Darwin and Marx the emergence of anarchist geographies the impact of feminism and myriad other important bodies of thought Stresses the importance of geographic thought and its relevance to our understanding of what it is to be human and to the people places and cultures of the world in which we live **Modern Geographical Thought** Richard Peet, 1998-06-16 Richard Peet looks in detail at the main trends in human geographic thought over the last thirty years relating these to broader themes in philosophy and social theory Beginning with existential phenomenology and humanistic geography the book covers Marxism and radical geography structuralism structuration theory realism locality studies various streams of poststructuralism and postmodernism and feminism Each chapter examines a few theories in

depth concentrating on the major works and the nature of their contribution Many of the ideas covered are dense and complex but the reader is drawn gradually into the text through notions understandable to students After spending time with this book the reader should be able to tackle virtually any philosophical theme in contemporary geographic thought The book will be central to courses in geographical thought and the history of geographical thought and as part of virtually all courses in human geography which entail philosophy and theory

A Geography of the Lifeworld (Routledge Revivals) David Seamon, 2015-06-11 Within the modern Western lifestyle increasing conflict is becoming apparent between that patchwork of isolated points such as the home or the office which are linked by a mechanical system of transportation and communication devices and a growing sense of homelessness and isolation This work first published in 1979 adopts a phenomenological perspective illustrating that this malaise may have partial roots in the deepening rupture between people and place Whereas the problems of terrestrial space may have been overcome technologically and economically it has been less successful regarding people Experience indicates that people become bound to locality and the quality of their life is thus reduced if these bonds are disrupted or broken in any way The relationship between community and place is investigated as is the opportunity for improving the environment both from a human and an ecological perspective This book will be of interest to students of human geography

Forthcoming Books Rose Arny, 1997-04 **Geographic Thought** George L. Henderson, Marvin Waterstone, 2009 This unabridged reader offers a fresh approach to learning about Geographic Thought by showing through concrete examples and detailed editorial essays how the discipline has been forever altered by the rise of progressive social struggles of the last 30 years
