 in Western philosophy and political theory It includes an extensive introduction an extensive afterword Imitation by John
 White a chapter by chapter outline of principal speakers and summary of the content Stephanus numbers boldface type to

 the soul Plato uses numerous dialogues between Socrates and various characters in Athens to discuss the nature of
 government including the nature of justice the happiness of the just and the unjust man the nature of rule in the ideal city
 state and other matters essential to understanding classical philosophy such as the theory of forms the immortality of the
 soul poetry and the role of the philosopher in society FPL books are distinguished by their commitment to faithful clear and
 consistent translations of texts and the rich world part and parcel of those texts **Apologies** Plato,Xenophon,2012-04-11
 Plato and Xenophon Apologies compares two key dialogues on the death of Socrates Socrates was accused of impiety and
 corrupting the youth of ancient Athens and was tried convicted imprisoned and executed Both Plato and Xenophon make
 clear that the charges were not brought forward in the spirit of true piety and that Socrates was a man of real virtue and
 beneficence To this day his trial and execution remain a mark upon the democracy that put him to death These dialogues
 underscore the limitations of democratic relativism and emphasize the nature of philosophy or the free mind Plato s Apology
 of Socrates is both poetry and an act of reformation justifying the life of philosophy challenging the authority of the pagan
 gods and heroes and introducing Socrates as a heroic and even divine figure In contrast Xenophon s Socrates is not
 dialectical and otherworldly but makes a different appeal for philosophy From Xenophon emerges the heroic tradition of
 Plutarch with its reflections on the virtues and vices of great historical men Focus Philosophical Library translations are close
 to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some
 sense of the terms and the concepts as they were understood by Plato and Xenophon s immediate audience International

not been addressed adequately in the past Elie Wiesel a close personal friend to Fackenheim for over 30 years has provided the Foreword for the volume **Notes on Translating Spinoza's Theologico-political Treatise** Martin D. Yaffe,2007

Polis ,2008 **Lincoln and the Politics of Christian Love** Grant N. Havers,2009-11-13 Havers argues that it is simplistic to conflate Lincoln s invocation of with charity for all with his abiding support for the ideal of human equality The ethic of charity in his view also brought a uniquely Christian realism to the universalism of democracy He also describes how since World War I intellectuals and political leaders have denied that there exists a necessary relation between democracy and Christian love proposing that democracy is sufficiently ethical without reliance on a specific religious tradition Today s neoconservatives and liberals instead posit a universal yearning for democracy that requires no foundation in the ethic of charity Havers shows that this democratic universalism espoused by those who believe a chosen people should uphold the natural rights of humanity is alien to the sober thought of both the founders and Lincoln **Plato** Plato,2007 This is an English translation of Plato s dialogue of Socrates seeking the true definition of rhetoric with an attempt to show the flaws of the sophistic orators Includes speeches from Thucydides History of the Peloponnesian Wars that reflect Plato s themes Focus Philosophical Library translations are close to and are non interpretative of the original text with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato s immediate audience Discourse on Method René Descartes,2007 This edition of Descartes seminal discourse is designed to provide the student with a close translation to facilitate access to ideas as they were originally presented helping to make the translator s work transparent Includes an original essay by Richard Kennington notes and a glossary of key terms **The British National Bibliography** Arthur James Wells,2003 Two Sovereignties Joseph Lecler,1952 Politcal treatise and theologico-political treatise Benedictus de Spinoza, **A Theologico-Political Treatise, V2** Benedictus de Spinoza,2008-06-01 **A Theologico-Political Treatise** Benedictus de Spinoza,2002-11-01
