construction Scripture tradition culture While engaging key features seen in Grenz's work some of the essays here interact with Grenz's own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent Revisioning Renewing Rediscovering the Triune Center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology

The Church and the Crisis of Community Theresa F. Latini, 2011 Contemporary society is in crisis its structures broken and fragmented and its people overstimulated overstressed and thirsty for true communion with the sacred and with one another Yet although more than eighty five percent of congregations in the United States conduct small group ministry too many of these groups begin with no clear sense of purpose structure or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity In *The Church and the Crisis of Community* Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry Examining the latest sociological research and the real life practices of small groups in six congregations she shows how well developed groups those with mission statements leadership training and solid organizational structure can be a truly effective tool in the church's work of transforming broken and shallow forms of community into life giving life sustaining relationships with God and others

A Community Called Atonement Scot McKnight, 2010-03-01 Over the centuries the church developed a number of metaphors such as penal substitution or the ransom theory to speak about Christ's death on the cross and the theological concept of the atonement Yet too often says Scot McKnight Christians have held to the supremacy of one metaphor over against the others to their detriment He argues instead that to plumb the rich theological depths of the atonement we must consider all the metaphors of atonement and ask whether they each serve a larger purpose *A Community Called Atonement* is a constructive theology that not only values the church's atonement metaphors but also asserts that the atonement fundamentally shapes the life of the Christian and of the church That is Christ identifies with humans to call us into a community that reflects God's love the church but that community then has the responsibility to offer God's love to others through missional practices of justice and fellowship living out its life together as the story of God's reconciliation Scot McKnight thus offers an accessible thought provoking theology of atonement that engages the concerns of those in the emerging church conversation and will be of

interest to all those in the church and academy who are listening in **The Witness of God** John G. Flett, 2010-04-30 The Witness of God is a constructive revision of Trinitarian missio Dei theology In it John G Flett argues that the neglect of mission as a theological locus has harmful consequences both for understanding the nature of God s connection with world and the corresponding nature of the Christian community Truly the Community Marva J. Dawn, 1997 Author educator theologian Marva Dawn looks to the twelfth chapter of the book of Romans for a blueprint for establishing the contours of community in the Christian church a biblical ideal rarely achieved in our individualistic society **The Reconciliation of Humanity in Christ** Peter Y. Hong, 2024-12-10 The Reconciliation of Humanity in Christ is essential reading for Christians who wish to lead and serve the globalized world This book is about theological engagement with globalization Although people are now living in a world in which a universal and inclusive society has emerged the church has remained powerless in uniting peoples nations and civilizations as one in Christ In order for the church to regain its credibility and confidence it must address three theological issues social justice religious pluralism and ethics and the missional method The rationale for this book is that the power of true religion becomes evident in the world when all Christians are engaging with globalization to reconcile humanity with God and with each other in preparation for the consummation of God s kingdom In response to the problems of globalization Christians can become agents of renewal for globalization by administering God s grace and peace for humanity This book will educate and equip the readers to engage with the issues of globalization in the public arena Readers will gain a biblical understanding of the church s role in fulfilling God s plan and purpose for humanity through globalization **Jesus and Community** Gerhard Lohfink, 1984-01-01 The author calls the present day church to once again be the contrast society which attracts non believers by living what it preaches and by being different without being narrowly sectarian
